The following Resolution of the Government of India, in the Home Department, and Despatch to the Secretary of State for India, are published for general information :—

HOME DEPARTMENT,

PUBLIC.

No. 152 of 1867.

To the Right Honorable Sir STAFFORD H. NORTHCOTE, Bart., Secretary of State for India.

Dated Simla, the 16th August, 1867.

SIR,—We have given our attentive consideration to the subject of your Despatch, No. 40, dated the 30th April, last, regarding the establishment of a system for the supervision of the Public health throughout India, and the means by which such a system may most effectually be carried out. We have experienced considerable difficulty in devising these arrangements; for it appears to us that, if anything like an effective sanitary administration is to be really introduced, a special organization will be required to produce the ends in view, and that its organization must be thoroughly harmonized with that of the general Civil administration of the country, and be immediately under the control of the Chief Civil Authorities. A double system, whereby these arrangements would be partly under the authorities and partly under the Inspector General of Hospitals in each Province, who is identified in a great measure with the Military Administration, would create difficulty and delay, if not obstruction, and would paralyse all real improvement.

2. For these reasons the Governor-General proposed, in his Minute of the 9th January, 1866, that, as a rule, the Inspectors General of Jails should be the Sanitary Officers of Provinces under the Lieutenant-Governors and Chief Commissioners, and that Bengal should be divided into two circles, each with an Inspector General invested with the double duty. This proposition was adopted by the Government of India, and was submitted to Her Majesty's Government with our Despatches noted on the margin.

Financial, to Secretary of State, No. 13, dated 22nd January 1866.

Military (Separate), to Secretary of State, No. 121, dated 2nd June, 1866.

3. Your reply is contained in the Despatch under acknowledgment, in the 7th paragraph of which you communicate your opinion "that the Inspectors General of Hospitals, having under them in direct official subordination the Deputy Inspectors, would be better fitted than the Inspectors of Jails for the position of principal Officers of Health." You request our consideration of this proposition, and leave the matter to our decision.

4. We have already observed that we consider an especial organization necessary to the introduction of an effective sanitary administration; and in our last communications on this subject, we have received from several of the Local Governments and Adminstrations opinions adverse to the employment of the Inspectors General of Jails to superintend sanitary measures, on the ground that the time of these Officers is already fully occupied by their proper duties. On the other hand, we feel quite convinced that the delegation of this duty to the Deputy Inspectors General under the Inspector General of the Province will fail in producing the desired result. No real progress will, we fear, in that case, be made. The primary duties of these Officers, as has been above indicated, are of a Military character. They are the supervisors and controllers of the Medical Officers attached to the Native Army, and therefore practically, though not nominally, work under Military jurisdiction. They are also, as a rule, selected to a considerable extent on the principle of seniority coupled with good service, and therefore in many instances are not in the prime of life, and do not usually possess that activity and energy which will be essential to the effective introduction of the principles of sanitary science generally in India.

5. Bearing these considerations in mind, but desirous to make the new arrangements as little expensive as practicable, our first idea was to reduce the existing Medical circles, and set apart a certain number of the Deputy Inspectors General for the Military duties in these enlarged circles, to keep the remainder at our disposal for special sanitary work, supplementing them by Medical Officers selected for the duty. But a difficulty has occurred in working out this arrangement, *viz.*, that it is desirable to have a Medical Officer of the rank of Deputy Inspector General, or at least of Surgeon Major, with each separate Division of the Army as the Medical adviser of its Commander.

6. This being the case, we have come to the conclusion that, on the whole, it will be expedient to have separate Medical Officers in charge of the sanitary arrangements in Provinces selected solely for their ability and general fitness for these duties, and placed entirely under the control of the Chief Civil Authorities, subject only to the general control which the Governor-General in Council exercises over those authorities. These Medical Officers would, of course, be selected from the general list of Surgeons-Major and Surgeons of the Medical Service of Bengal, and be eligible for any appointments which pertain to that service.

7. And we may observe that it has come to our knowledge that the general opinion of those who are considered in England best skilled in sanitary matters is that separate Sanitary Officers are essentially necessary for the effectual accomplishment of the desired object.

8. If the plan we have suggested be adopted, we shall require seven Medical Officers for the proposed duties, namely, four Sanitary Inspectors General for Bengal, the North-Western Provinces, the Punjab and the Central Provinces, at Rs. 1,500 each per mensem ; three Sanitary Inspectors General for Oude, Assam, and British Burmah, at Rs. 1,200 each per mensem.

9. This plan would entail eventually, but only after some years, a monthly expenditure of Rs. 9,600, though the immediate extra cost would only be the difference of allowances between the substantive staff pay of the seven Medical Officers and their consolidated staff allowances, plus the pay of an equal number of Assistant Surgeons.

10. If deemed absolutely neccessary, a certain portion of the cost of these arrangements might be borne by the Municipal Funds in Provinces. But bearing in mind the limited character of these funds, and the large expenditure which will be entailed on them in carrying out sanitary arrangements which will certainly be found necessary, we think that the whole charge of the Medical Officers should be borne by the State, leaving the cost of establishments to be defrayed from local taxation.

11. We propose, however, on the occurrence of a vacancy, to abolish the appointment of 2nd Inspector General of Hospitals in Bengal, the salary of which is Rupees 2,500 per mensem, and this will eventually meet in part the cost of the suggested arrangement. The detailed arrangements connected with the proposed abolition will, however, be more conveniently considered in the Military Department.

12. We trust that the plan we have sketched above will receive your approval, and we would request that, in that case, your assent may be communicated to us by Telegraph.

No. 59.

To remove certain misapprehensions of the rules for leave of absence and pension to Uncovenanted Servants, the Governor General in Council is pleased to publish the following orders :—

2. Financial Notification No. 3031, dated 29th October 1866, promulgated new pension rules for Native Judges. The option of the old pension rules, which is secured by that Notification, to Native Judges who were in the service on 29th October 1866, is not affected by their transfer to Small Cause Courts as Judges.

3. New rules for leave of absence and pensions for Uncovenanted Servants, generally, were promulgated on 8th June, 1863. An Uncovenanted Servant appointed before that date, and whom the Government may consider to be entitled to favorable consideration, is allowed by Financial Notification No. 1349, dated 29th March, 1865, to count service towards pension under the old rules, whenever, in respect of such reckoning, they may be more beneficial than the new, provided he shall not, at any time, have availed himself of the benefits conferred by the new leave rules. This proviso does not give any Uncovenanted Servant appointed before 8th June, 1863, the option of the old leave rules. Whatever leave he requires must be given under the new rules, but if he desires to retain the benefit conceded in Financial Notification, dated 29th March, 1865, he must abstain from availing himself of so much of the advantages of the leave that he may take under the new rules as may be in excess of what he could have had under the old rules.

4. Periods of absence on any leave, except privilege leave and (conditionally) preparatory leave, do not count towards pension. This prohibition is a part of the new pension rules, rather than of the new leave rules, and accordingly all who are debarred from the option of the old pension rules, are also debarred from counting as service periods of absence which, in the new pension rules, are not regarded as service.

JUDICIAL DEPARTMENT.

BOOK CIRCULAR,—No. I.-151 OF 1868.

FROM

T. W. SMYTH, ESQUIRE,
Officiating Registrar of the Chief Court of the Punjab,

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS
IN THE PUNJAB.

Dated Lahore, 10th January, 1867.

Chief Court of the Punjab.

PRESENT:

C. Boulnois, Esquire, D. Simson, Esquire, } *Judges.*

In his Book Circular, No. 18 of 1864, the Financial Commissioner, with th concurrence of the Judicial Commissioner, issued a se of rules for the observance of all officers in grantin copies of orders or other documents for the purpose o appeal. The provisions of that Circular have not been properly attended to, and their neglect causes great inconvenience to suitors and also to Appellate Courts, th attention of the subordinate Courts is again called to the subject.

2. For convenience the rules referred to, with some modifications and addition are herewith republished ; and the Chief Court enjoins on all subordinate Courts, Civ and Criminal, a strict compliance with their provisions in every particular. In futur should it appear in the course of hearing any appeal that they have been neglecte the Officer in charge of the copyist department for the time being will be held accoun able.

3. The Court takes occasion to remind Judicial Officers that under No. II of the Appeal Rules, a copy of the judgment, and not a copy of the decree only, is r quired for the purposes of appeal ; and, as provided by Section 187 Act VIII. 1859, the judgment should contain the order of the Court as to costs,—their amou and the parties by whom they are to be paid being specified (*vide* Book Circul XXXII. of 1866).

4. As regards orders passed by European officers, attention is called to th fact that No. VI. of the Appeal Rules requires a copy of the orders in English, an not a copy of the vernacular translation, to be supplied to the applicant, when suc copy is required for the purpose of appeal. When no order in English has been r corded, a note of the fact should be endorsed on the copy of the vernacular order the Officer who supplies it.

5. The Court has reason to apprehend that it is not an uncommon practi with some Officers to pronounce their decisions at the close of the trial and write th judgment some days afterwards, dating it from the day on which the decision w pronounced. Other Officers are again in the habit of preparing the vernacular jud ment before the English one is written, or of not writing an English judgment un an application has been made for copies for the purpose of appeal. All these an similar practices are altogether illegal and reprehensible. The judgment of an Offic whose vernacular language is English must be written in English before the decisi is pronounced, and dated and signed by the Judge in open Court at the time of pr nouncing it, as required by Sections 184 and 185, Act VIII. of 1859. The same ru applies to judgments recorded in Criminal cases (Section 429 Act XXV. of 1861.)

6. The Court will notice with severe displeasure any instance in which it m appear that any Officer, after this warning, has disregarded the provisions of the law

By order of the Chief Court.

T. W. SMYTH,
Offg. Registrar.

RULES *for furnishing copies of Decrees, Judgments, or other Documents for the purposes of record or appeal.*

I. At the Sudder Station an Officer should be specially appointed to receive all applications for copies daily at a fixed hour.

II. Each application as received, after endorsement on it of the date of receipt, should be entered in a Vernacular Register, a form of which is appended.

III. All applications for copies should invariably be accompanied by the requisite stamps. When not so accompanied, they should be returned to the applicant, with instructions as to the value of the stamp requisite ; and the date of return, with a note of the instructions given, entered on the application. A small deposit in cash to cover the copyist's fees should at the same time be required of the applicant.

IV. The copyist will return the copy to the Officer entrusted with the duty of receiving and admitting the application for copies. On receipt of the copy the applicant will be called and the copy delivered to him with any balance of the fees deposited, noting first, both on the copy and on the Register. the following points :—

a.—Date of presentation of application for copy.
b.—Date of return for completion of stamp, if so returned.
c.—Date of furnishing the requisite stamp.
d.—Amount paid as copyist's fees.
e.—Name of copyist.
f.—Date of delivery of copy to applicant.

The register should be signed at the time of delivering the copy by the Officer in charge.

V. Should the applicant not be present when first called to receive the copy, his name should be called on three successive days, and if he fails to present himself within that period, his application should be filed, and the copy will not be given to him until a fresh application is made on a one-anna stamp.

VI. The cause of delay in preparing a copy beyond the second day from the date of application should invariably be noted on the copy, and will be considered a sufficient reason for extending the date of appeal.

VII. It is to be understood that these instructions apply to vernacular as well as to English copies, and to copies taken out for the purpose of record as well as for appeal. The particulars required to be noted by Rules IV. and VI. should be endorsed in vernacular on the vernacular copy, and in English on the English copy, by the persons making the copies.

VIII. The following scale of rates of copying is to be strictly adhered to in future :—

ENGLISH COPIES.

	Rs.	As.	P.

HOME DEPARTMENT.

LEGISLATIVE.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 3rd January, 1868, and was referred to a Select Committee with instructions to make their report thereon in four weeks :—

No. 1 OF 1868.

A Bill to amend the law relating to appeals in the Punjab and its dependencies.

Preamble. Whereas it is expedient to amend the law relating to appeals in the Punjab and its dependencies; It is hereby enacted as follows :—

Short title. 1. This Act may be called "The Punjab Appeals' Act, 1868."

Extent of Act. 2. This Act shall extend only to the Punjab and its dependencies. It shall come into operation from the thirty-first day of March, 1868, in regard to all appeals preferred after that day, and shall continue in force to the thirty-first day of March 1873.

Power of Chief Court to remove appeals. 3. The Chief Court of the Punjab may, whenever it sees fit, remove and try any appeal falling within the jurisdiction of any Court subject to its superintendence.

Parts of Act No. VIII of 1859 and of Act No. XXIII of 1861 to take effect in Punjab. 4. Sections three hundred and thirty-three to three hundred and thirty-eight (both inclusive), three hundred and forty to three hundred and fifty-seven (both inclusive), three hundred and fifty-nine to three hundred and sixty-six (both inclusive), and three hundred and seventy-two to three hundred and seventy-four (both inclusive) of Act No. VIII of 1859, and sections twenty-five to thirty-seven (both inclusive) of Act No. XXIII of 1861, shall take effect in the Punjab and its dependencies, subject to the additions and provisoes hereinafter contained.

"Chief Court" to be read for "Sudder Court." 5. The Sections of Act No. VIII of 1859 and Act No. XXIII of 1861 mentioned in the last preceding Section, shall be read as if for "Sudder Court," the words "Chief Court" were substituted.

Appeals from Courts of original jurisdiction to superior Courts. 6. Except when otherwise expressly provided in this or any other Act for the time being in force, an appeal shall lie from the decrees of the Courts of original jurisdiction to the Courts authorized to hear appeals from the decisions of those Courts.

Second appeals. If the lower appellate Court shall have reversed or modified the decree of the Court of original jurisdiction upon any point other than a preliminary point, a second appeal shall lie to the Chief Court or the Court of the Commissioner, as the case may be.

7. Section three hundred and thirty-three of Act No. VIII of 1859 shall be read as if, after "District Court," the following words were inserted (that is to say) "within sixty days if the appeal be to a Divisional Court."

Addition to section three hundred and thirty-three of Act No. VIII of 1859.

8. Section three hundred and forty-five of Act No. VIII of 1859 shall be read as if the following proviso were added thereto (that is to say) "Provided that the appellate Court may, if it sees fit, after fixing a time for hearing the appellant or his pleader, confirm the decision of the lower Court."

Proviso to section three hundred and forty-five of Act No. VIII of 1859.

9. Section three hundred and seventy-two of Act No. VIII of 1859 shall be read as if, after the words "in regular appeal," the following words were added (that is to say) or "second regular appeal, as the case may be."

Addition to section three hundred and seventy-two of Act No. VIII of 1859.

STATEMENT OF OBJECTS AND REASONS.

The Code of Civil Procedure has, with the exception of the chapters on appeal and special appeal, already been extended to the Punjab. It is now proposed that these chapters also should be extended to that Province, with some slight modifications required by its peculiar circumstances. In order to prevent, however, this difference of procedure between the Punjab and the rest of the empire being perpetuated, if it should not be required by the future circumstances of that Province, it has been provided that this Act shall only continue in force five years. The opportunity has been taken of supplying what appears to be a slight defect in the Punjab Chief Court Act, in that the Chief Court, under that Act, has no power to withdraw appeals from subordinate Courts in order to try the appeals itself.

NOTIFICATION.

BOOK CIRCULAR,—No. II.-385 OF 1868.

FROM

T. W. SMYTH, ESQUIRE,

Officiating Registrar of the Chief Court of the Punjab,

To

ALL CIVIL COURTS IN THE PUNJAB.

Dated Lahore, 21st January, 1868.

Chief Court of the Punjab.
Present:
C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

THE Chief Court is pleased to circulate for the information and guidance
the subordinate Civil Courts, the annexed copy of a lett
No. 323, dated 20th instant, addressed to the Judge
the Court of Small Causes at Jullundur, on the su
ject of providing clothing for judgment debtors committed to prison in executio
decrees.

By order of the Chief Court.

T. W. SMYTH,

Offg. Registrar.

Copy of a letter, No. 323, *dated 20th January,* 1868, *from the Officiating Registrar of the Chief Co
of the Punjab, to the Judge of the Small Cause Court at Jullundur.*

I AM directed to acknowledge the receipt of your letter, No. 16, dated 4th December la
enquiring whether a judgment-creditor is bound to supply clothing to a judgment-debtor in p
son in addition to the diet money prescribed by section 376, Act VIII. of 1859.

2. In reply, I am directed to state that the only expenses which can legally be demand
from a judgment-creditor for the subsistence of his debtor in jail is a monthly allowance n
exceeding four annas a day (section 276, Act VIII. of 1859) ; and in cases of illness or for ot
special cause, the monthly allowance may be fixed at a sum not exceeding six annas a day.

3. The Court is not aware of any provision of the law, whereby a judgment-credi
could be called upon to defray the charge of the debtor's clothing, in addition to the subsiste
allowance at the above rate, nor can Government be asked to bear the expense of providing clothi
for Civil prisoners whilst in jail.

4. Ordinarily judgment-debtors do not require to be supplied with clothing at the expe
of the detaining creditor, but in cases where it is found that a defendant, arrested or committ
to prison in execution of a decree, is insufficiently clothed, the Court should call upon the plainti
to show that the defendant is possessed of additional clothing which he intentionally conceals,
else to provide clothing for the defendant's use while in prison. If the plaintiff should fail to
either, the Court may direct the defendant to be set at liberty.

5. In the event of the judgment-creditor's providing clothing the cost may be recove
in the manner prescribed in Section 379 of the Code of Civil Procedure for the recovery of subs
tence allowance.

Section three hundred and forty-five of Act No. VIII of 1859 shall be read as if the following proviso were added thereto (that is to say) "Provided that the appellate Court may, if it sees fit, after fixing a time for hearing the appellant or his pleader, confirm the decision of the lower Court."

9. Section three hundred and seventy-two of Act No. VIII of 1859 shall be read as if, after the words "in regular appeal," the following words were added (that is to say) or "second regular appeal, as the case may be."

STATEMENT OF OBJECTS AND REASONS.

The Code of Civil Procedure has, with the exception of the chapters on appeal and special appeal, already been extended to the Punjab. It is now proposed that these chapters also should be extended to that Province, with some slight modifications required by its peculiar circumstances. In order to prevent, however, this difference of procedure between the Punjab and the rest of the empire being perpetuated, if it should not be required by the future circumstances of that Province, it has been provided that this Act shall only continue in force five years. The opportunity has been taken of supplying what appears to be a slight defect in the Punjab Chief Court Act, in that the Chief Court, under that Act, has no power to withdraw appeals from subordinate Courts in order to try the appeals itself.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 17th January, 1868 :—

Right of tenant to alienate tenure.

29. The land-owner may make improvements on the land in the occupation of any tenant; and any tenant may with the previous permission of the land-owner make improvements on such land: Provided that the land-owner shall be deemed to have given such permission in every case where, being cognizant of the improvements while they were being made, he did not expressly prohibit them.

If the land-owner refuse to make or neglect to commence and within a reasonable time to complete the improvements required of him, or to give the tenant permission to make them, the tenant may, on satisfying the Court that such improvements or any of them are or is desirable, obtain an order authorizing him to effect them or it himself.

Tenant's right to compensation for improvements.

Such compensation shall, in case the tenant be ejected or the land-owner sue to eject him, be made by payment in money; and in case the land-owner sue to enhance the rent within twenty years after the date of effecting any such improvement, the Court in making a decree in his favour shall not take into consideration the increase of the value of the land which may reasonably be attributed to such improvement; Provided that, in estimating the amount of the conpensation, regard shall be had to any benefit derived by the tenant from his having been allowed to hold at a rate of rent more favourable than the rate at which he otherwise would have held.

"Improvements" defined.

33. The word "improvements," as used in sections twenty-nine, thirty, thirty-one and thirty-two, means works by which the annual letting value of the land has been, and, at the time of demanding compensation, continues to be, increased, and shall comprise—

1st.—The construction of wells and of works for the storage of water, for applying water for irrigation, for drainage, and for protection against floods; the reclaiming and clearing of waste lands and jungles; and other works of a like nature;

2nd.—The renewal or re-construction of any of the foregoing works, or such alterations therein or additions thereto as are not required for maintaining the same, and which increase durably their value.

PART VII.

Procedure.

Revenue Courts, what.

34. For the purposes of this Act, the Revenue Courts shall be the several Courts mentioned in section four of the Punjáb Courts' Act, 1865, holding sittings on the revenue side, other than Courts of Small Causes; but instead of the Chief Court of the Punjáb, the final Court of appeal shall be the Court of the Financial Commissioner of the Punjáb. The Court of the Settlement Officer shall also for the purposes of this Act be deemed to be a Revenue Court. All the provisions of the said Act and of Act No. XXVII of 1867, (*to empower Deputy Commissioners in the Central Provinces, the Punjab, Oudh and the Jhánsi Division to distribute the business in Subordinate Courts)* shall, so far as they are applicable, apply to the Revenue Courts.

Revenue Courts to hear claims under certain sections.

35. Claims under sections eight, nine, thirteen, fourteen, fifteen, twenty-six, twenty-seven and twenty-eight shall, unless otherwise provided for, be heard in the Revenue Courts. The rules relating to civil procedure for the time being in force in the Punjab shall, so far as they are applicable, apply to all suits brought before the Revenue Courts under this Act.

Statement of Objects and Reasons.

No Act at present exists to provide for the fixing or enhancing of the rent of land in the Panjab, or for dealing with the claims of tenants to rights of occupancy and with other matters relating to the tenancy of land. Acts for these purposes are in existence, which apply to Bengal and the North Western Provinces, and a Bill on the same subject for the Province of Oudh has recently been introduced in the Council. An enactment for the regulation of these matters is no less required for the Punjab. Whatever appeared applicable to the requirements of the Punjab in the North-West Provinces' Acts (Nos. X of 1859 and XIV of 1863) and the Oudh Bill, has been adopted in the present draft, but other provisions, differing in some very material respects from the provisions made for these Provinces, have been introduced where they appear to be required by the different circumstances of the Punjab. Perhaps the most important point in which this Bill differs from Act No. X of 1859 is that, whereas by that Act tenants who have cultivated for twelve years are deemed to have rights of occupancy in the land so cultivated, under this Bill mere length of possession confers no right of occupancy on the tenant, but only creates a rebuttable presumption of such a right, if he has been entered in the settlement record as having a right of occupancy, or if he has occupied his land for a period of twelve years before the annexation of the Punjab; and mere length of possession under other circumstances creates no presumption of a right of occupancy in favour of the tenant.

I propose that this Bill be published for six or seven weeks before I move to pass it. There are

so many experienced officers in the Punjab, able to judge of the merits of the Bill, that I trust I shall, in this interval, receive from them valuable suggestions in regard to all the points on which it may require amendment.

The following documents regarding a representation by the Government of Bombay, of the narrowness of the rules of 14th August, 1857, which authorise a gratuity of six months' pay, as a maximum, for persons (not entitled to pension under rule) who may be injured in the execution of their public duty, and be thereby disabled from earning a livelihood and for the families of persons killed in the execution of public duty :—

RESOLUTION.—The Governor-General in Council observes that the gratuity rules of 14th August, 1857, were established because the awards of special pensions had proved unexpectedly numerous, and threatened, with the rapidly increasing growth of the Uncovenanted Service, to be burdensome.

2. Six months' pay was also stated in those rules to be the maximum of gratuity to be admitted in lieu of special pension.

3. In illustration of the insufficient provision allowed by these Rules, the Government of Bombay cited two instances of a Police Officer who was stabbed by an Italian while on duty, and who died from the effect of his wound, and of a Sheriff's peon in the Bombay County Jail, who died in the execution virtually of a Policeman's duty, viz., from injuries inflicted on him by a European prisoner, whose escape, with that of two other prisoners, he had tried to prevent. The gratuity, less than six months' pay, allowable in these two cases, under the Gratuity Rules of 1857, was deemed insufficient by the Government of Bombay.

4. On the recommendation of that Gov ment, additional gratuities were specially all for the families of the deceased.

5. On reconsideration, however, these c come within the scope of the despatch of Secretary of State for India, No. 33, dated April, 1859, which was duly communicated the Local Governments and Administrati and which authorize the grant of a pension the families of Policemen killed in the exec of their duty. The indulgence is not con to Policemen in the Civil Constabulary :—it extended by the Secretary of State to the fa of even a village watchman who lost his li the execution of his duty.

6. The Government of Bombay will acc ingly be requested to propose pensions for widows and children of the two deceased above-mentioned, the gratuity already all being recovered from the arrears of pension.

7. The third case cited by the Governm of Bombay in illustration of the insufficiency the Gratuity Rules of 1857, was that of a t class Private in the Canara Police, who contr ed an ulcer while serving in the Canara dis and was unfitted thereby for further servic the Police. Having served less than five y he was not entitled to gratuity under the r but the Government of Bombay recomm that a gratuity of three months' pay shoul allowed. This was sanctioned.

8. Obviously no general rule can be de for a case of this kind. Unfitness for service a disease contracted during employment in a trict to which that disease is peculiar, cann recognised as conferring a claim to pensi gratuity on public establishments generally if on special considerations, Policemen shou exceptionally treated in this respect, the in gence to them should be accorded under the for the Police Superannuation Fund, not u the Gratuity Rules of 14th August, 1857.

9. The Governor-General in Council acc ingly concurs with the Governments of Ma and Bengal, that it is not necessary to en those Gratuity Rules.

10. In cases which appear to be insuffici provided for by the Gratuity Rules, the m mum admissible under those rules may b lowed by the Local Government, a recom dation for any additional indulgence being same time submitted to the Government of I

ORDERED, that a copy of this Resoluti sent to the Governments of Bombay, Ma Bengal, North-Western Provinces, and Punjab.

The following revised edition of the Rules for the conduct of Government suits is published, with the sanction of Government, for general information, in supersession of Notification No. 4457 of the 13th October, 1866.

2. The only material alterations are in Rules 9, 14 and 19. The forms are the same as before.

3. The following instructions also are issued with regard to the mode in which officers of Government are to communicate with the Government Advocate in matters not provided for by the rules affecting Magisterial officers prescribed by Government.

4. It has been directed by Government that references on legal points are to be submitted to the Government Advocate by or through the following Officers only:—

The Financial Commissioner.	Under-Secy., Irrigation Department.
The Secy. to Govt., Civil Department.	Inspector General of Police.
Ditto Ditto, Public Works Dept.	Director of Public Instruction.
Ditto Ditto, Military Department.	Inspector General of Prisons.
Under-Secy., Railway Department.	And all heads of Departments.

5. In special cases other Officers are authorized to communicate direct with the Government Advocate, but this must only be done on one of the following grounds:—

1*st.*—Where the matter is urgent and communication through the usual channels would lead to delay and inconvenience.

2*nd.*—Where the matter is connected with any suit in which the Government Advocate is already engaged, and has commenced proceedings or received instructions.

5. As a rule all legal questions of any difficulty or importance which Commissioners and Deputy Commissioners may have to refer should as at present be submitted to this office, and the opinion of the Government Advocate will be obtained in direct communication with him.

J. A. E. MILLER,
Secretary to Financial Commissioner.

RULES FOR THE CONDUCT OF SUITS IN THE PUNJAB, TO WHICH GOVERNMENT IS A PARTY.

I. The Financial Commissioner has general charge of all cases to which the Government is a party or which are brought, or defended by public Officers at the public expense in all Civil Courts in the Punjab. He is entitled to call for explanations, reports, &c., from all Officers of Government in connection with Government suits. He exercises generally the powers exercised in other Provinces by the Board of Revenue and the Legal Remembrancer.

II. When a suit is brought ...

will issue the requisite instructions. Thus, a claim for land would be forwarded by the Deputy Commissioner to the Commissioner; a claim for forest timber would be forwarded by the Assistant or Deputy Conservator of Forests and Conservator, to Financial Commissioner; a claim connected with Canals would be forwarded by Canal officer, and Chief Engineer Irrigation Branch; Local fund cases would be forwarded by Deputy Commissioner and Commissioner to Financial Commissioner; Treasury cases by Deputy Commissioner and Commissioner to Financial Commissioner; Police cases by District Superintendent, Deputy Inspector General and Inspector General; and similarly with the various departments of Government.

IV. In each case the departmental authorities will be responsible for a full and correct representation of the facts of the case. All controlling authorities through whose hands the papers pass will be expected to give them due attention, and not forward them to Financial Commissioner without a full and clear expression of their opinion, and the arguments on which that opinion is based.

SUITS BY GOVERNMENT.

V. When it shall appear to the Deputy Commissioner, or other Local authority concerned, that a suit should be brought by Government, or by a public Officer at Government expense against any person, he will prepare a report as prescribed above, and submit it through his departmental superiors for the orders of the Financial Commissioner. No suit can be brought without such sanction. The report must be accompanied by a draft plaint, or a statement of the points that should be entered in the plaint, together with the originals or copies of any documents on which the claim may be based, or which may serve to elucidate the case. The report should also suggest the person who might suitably be appointed to conduct the suit on behalf of Government, and where persons other than Government servants are employed, the amount of remuneration should also be suggested.

VI. The Financial Commissioner will convey instructions through the department concerned. In such cases as he may think proper the Financial Commissioner will direct that intermediate reports of the progress of the suit be submitted to him, together with copies of any documents he may call for. In unimportant cases this will not be necessary, and a report of the final result submitted through the usual channels will be sufficient.

VII. In all cases where the Officer conducting the suit on behalf of Government is in doubt on any point, he should, if the matter is urgent, refer direct to Financial Commissioner or to the Government Advocate for instructions, moving the Court for a postponement of the case for that purpose.

SUITS AGAINST GOVERNMENT.

VIII. When in any Civil Court a suit is lodged against Government, or against a public Officer on account of official acts, and the customary notice is served on the Deputy Commissioner or other Executive officer concerned, he should transmit through the proper official channel a copy of the plaint, and if in vernacular, a translation of the same on half margin, with a clear and full report as prescribed in Rule II of the circumstances of the case. If the suit be one which he considers should be defended at the public expense, he should submit also a draft answer to the plaint and originals or copies of any documents relied on as evidence, or that may seem to elucidate the case. The draft answer or written statement here prescribed should be of the character contemplated in Sections 120 to 123 of the Civil Procedure Code (Act VIII of 1859.) He should also, as in cases prescribed for in Rule V., suggest the name of the pleader or other officer who might in his opinion be suitably appointed to conduct the case. On receipt of the report, and its accompaniments, the Financial Commissioner will issue the necessary instructions. In cases where the suit is against a public Officer for acts for which he is in law personally answerable, it will rest with the Local Government to determine according to the circumstances of each case whether the suit shall be defended at the public expense. Accordingly, the officers through whom the report is transmitted should be careful to state their opinions on this point.

IX. Rules VI and VII are equally applicable to this Section. Sections 67 to 72 of Act VIII of 1859, must be read in connection with this Section with the understanding that service of summons will be made on the Deputy Commissioner of the District in which the cause of action arises, who will transmit it to the Government Advocate. The Deputy Commissioner will also prepare and forward to the Government Advocate at the same time a copy of the plaint, accompanied, if in vernacular, by a translation. This will enable the Financial Commissioner and the Government Advocate to take action at once if necessary before the official report is sent up by the department concerned.

APPEALS BY GOVERNMENT.

X. When a case shall have been decided in any Civil Court against Government or a public Officer as aforesaid, and the Officer who conducted it shall be of opinion that an appeal should be preferred, he will prepare a report on the subject, showing the grounds on which an appeal is considered necessary, together with copy in English of the judgment passed, and a draft memorandum of appeal in English on half margin. When the Officer who conducted the suit did so on behalf of some other Officer or department, he will prepare these papers in communication with that Officer or department. These will be forwarded through the usual channels to Financial Commissioner, who will decide whether an appeal is to be preferred or not. The departmental authorities are responsible that these papers are submitted to Financial Commissioner in ample time to allow of an appeal being lodged within the prescribed limit. The same Officer who conducted the original suit will, as a rule, conduct the appeal.

XI. Rules VI and VII are equally applicable to this Section.

APPEALS BY OPPOSITE PARTY.

XII. When an appeal is preferred against an order in favor of Government, and the usual notice has been issued by the Appellate Court to the Officer who conducted the original suit on behalf of Government,

or to the Officer immediately concerned, he will submit a report in the same way, and through the same channels as in the original suit, with a copy of the judgment, and a copy of the petition of appeal, and a draft of the reply he proposes to submit to the Appellate Court. The Financial Commissioner on receipt of the papers will issue instructions.

XIII. Rules VI and VII are equally applicable to this Section.

ACCOUNTS.

XIV. When sanction has been given to institute a suit on behalf of Government, the Deputy Commissioner will provide the necessary funds for stamps and other expenses in the same way as he provides for his ordinary contingencies, provided the amount does not exceed 500 rupees for the whole costs of an original suit. Where the expense is likely, on the whole, to be above 500 rupees, this should be stated in the first report of the case that is sent up, and sanction to the expenditure will be conveyed by Financial Commissioner at the same time that sanction is given to institute the suit.

XV. Further items that may arise will be dealt with in the same way. All expenditure in excess of Rs. 500 in one suit will be referred to Financial Commissioner for sanction.

XVI. All such items, whether sanctioned separately or included in contingent Bills, will be denoted as on account of "Law Charges."

XVII. All recoveries made by realization of costs will be credited to the same head "Law Charges;" other recoveries to their appropriate heads.

XVIII. In urgent cases where money may have been advanced from other sources the earliest opportunity should be taken for adjusting them in the manner here indicated.

XIX. When it is necessary to employ pleaders and other agents not connected with Government, special arrangements must be made in each case under sanction of Financial Commissioner (see also Rule V). When a decree is given against Government, and there is no appeal from the order, or no intention of appealing application should be made by the Officer who conducted the case on behalf of Government to the Financial Commissioner who is authorized to sanction the disbursement, whether there be budget provision or not. In connection with this Section, see also Section 201 of Act VIII of 1859.

Funds will be supplied and accounts will be kept by the Deputy Commissioner of the district in which the suit is instituted whatever department be concerned. Where departments other than the Revenue Department are concerned, the Deputy Commissioner will debit the charges and credit the receipts to that department intimating the same in due course to the officer concerned.

RETURNS.

XX. The statistics of Government litigation will be compiled in an annual statement in Financial Commissioner's office. The materials for this will be furnished by Deputy Commissioners in annual statements to be rendered at the same time as the Annual Revenue Reports. Information connected with the suits of other Departments will be incorporated in Deputy Commissioner's statements, and the Officer concerned will furnish them to Deputy Commissioners accordingly.

XXI. The returns rendered by Deputy Commissioners will be the following, forms of which are appended :—

1. Statement of Civil suits to which Government was a party, shewing names of litigants, cause of action, and result of suit, original and appeal.

2. Detailed Statement of outstanding decrees passed in favor of Government during the year, shewing realizations and outstandings.

3. Detailed account shewing expenditure and receipts in Government suits. Each suit will be shewn separately in this statement—and not merely the totals, both as regards receipts and disbursements.

XXII. Where cases have occurred in connection with the Court of Wards, separate Statements in the same form as the above should be rendered for them.

MISCELLANEOUS.

XXIII. When a suit, whether original or appeal, is heard in the Chief Court of the Punjab, it will be under the immediate charge of the Financial Commissioner, and the Officer appointed to conduct it, who will usually be the Government Advocate, will be in direct communication with Financial Commissioner.

XXIV. No public Officer is permitted to grant any copies of correspondence between the various Officers of Government on the subject of suits without the previous sanction of the Financial Commissioner.

XXV. All appeals to the Privy Council in England, in cases in which the Court of Wards is concerned, require the sanction of the Financial Commissioner. All other appeals in which the Government is concerned, require the sanction of the Local Government, obtained through the Financial Commissioner.

XXVI. In the case of suits instituted, by or against Government, in the Settlement Department or on the Revenue side of the Court, the functions assigned in these Rules to the Financial Commissioner will devolve on the Secretary to Government Civil Department, to whom accordingly, all references and communications directed in the above rule to be made to the Financial Commissioner, should be addressed.

XXVII. These rules are applicable to cases connected with the Court of Wards. The procedure will be the same as in other cases.

XXVIII. Where the Deputy Commissioner is called upon to prepare a report in a case in which he is likely to adjudicate he is authorized to make over the preparation of the case to a competent Assistant. This proviso however need not apply to the receipt of summons, and the forwarding of the same to the Government Advocate, which may in all cases be done by the Deputy Commissioner in his revenue capacity.

Pensions and Gratuities.

The undermentioned papers, relating to an enquiry by the Government of the Punjab regarding the rate of pension admissible to soldiers of the old Seikh Durbar at present employed in the Civil Constabulary of the Province, and drawing a pay of Rs. 20 a month and under.

Home Department's endorsement, dated 4th September, 1867.—No. 4167.

Financial Department's endorsement, dated 26th September, 1867.—No. 2872.

Military Department's endorsement, dated 26th October, 1867.—No. 641.

RESOLUTION.—The Punjab Government recommends that soldiers of the Seikh Durbar, who, on the breaking up of the Punjab Police Battalions in 1861-62, were transferred to the Civil Constabulary of the Province, and are in the receipt of a pay of Rs. 20 a month or under, as—

First Class Sergeants,

Second Class Sergeants, or Constables,

may be admitted to invalid pensions according to line rates, the 1st and 2nd Class Sergeants ranking with Havildars and Naicks respectively, and Constables with Sepoys. The Controller General of Military Expenditure, however, while supporting the proposal to rank 1st and 2nd Class Sergeants with Havildars and Naicks respectively, and Constables with Sepoys, deprecates the grant of the line rates of pension. The views expressed by that Officer are concurred in by the Military Department.

2. The Governor-General in Council observes that, technically, the Controller General of Military Expenditure is right in objecting to the application of line rates of pension to Durbar Soldiers serving in the Constabulary, but the view of the Punjab Government is equitable. The decision of 1861 conferred equal personal claims to pension alike on those Durbar Soldiers who had joined the Punjab Police as on those who joined the Punjab Irregular Force; and in like manner as the service of the former in the Punjab Police was held not to vitiate their title to the pension of Irregular Troops, for which their compeers in the Punjab Irregular Force were eligible, so now it does not debar them from the advantage of the higher rate of pension for which the Durbar Soldiers in the Punjab Irregular Force have become eligible.

3. There was a greater deviation from rule in permitting service in the Police to count towards the pension of Irregular Troops than there is in now allowing that service to count, in the case of the Durbar Soldiers, towards the scale of pension which has since become that of the Punjab Irregular Force. Accordingly, the Governor-General in Council is pleased to approve of the proposition of the Government of the Punjab.

GENERAL DEPARTMENT.

The 30th January, 1868.

No. 331.—The following Resolution of the Government of India, Financial Department, is published for general information :—

From E. H. Lushington, Esquire, Secretary to the Government of India, Financial Department, to the Secretary to the Government of the Punjab, No. 5922, dated the 1st December, 1863.

I am directed to acknowledge the receipt of your letter, No. 2302 of the 28th October, 1863, regarding the refusal of the Officiating Civil Pay Master to pass half the usual deputation allowance to Mr. R. G. Elsmie, Assistant Commissioner, at Murree, for the period during which he was in charge of the current duties of the Commissionership of the Rawul Pindee Division.

2. In reply, I am desired to observe that when an Officer is ordered to officiate in an appointment, he is expected to undertake and discharge to the best of his ability, all the duties that would be performed by a permanent incumbent; but when he is put in charge of current duties only, he is expected to do nothing beyond the most ordinary routine business. In the first case he is properly remunerated with acting allowances; in the other, the State is really not called upon to grant him any extra allowance on the score of any additional labor of any importance.

3. The only exception to this rule is the case of a Principal Sudder Ameen in charge of the current duties of a Judge's Office, who is allowed under the order of 31st March, 1854, referred to in your letter, to draw half the usual deputation allowance, on the ground that Officers in that rank and position are peculiarly entitled is some additional pecuniary consideration when temporarily entrusted with the important current duties of the office of Civil and Sessions Judge.

4. Under this view, Mr. Elsmie's claim to half deputation allowance is inadmissible, but I am directed to convey sanction to it, as a special case, on the ground that the allowance was expected, and has hitherto been granted in similar cases in the North Western Provinces.

5. I am to add that when a Civil Pay Master finds that the practice of his Presidency with respect to deputation or other allowances is at variance with the rules prescribed by the Government of India, he should follow the practice pending order from this Government, which he should solicit as early as practicable.

Extract from the Proceedings of the Government of India, in the Financial Department,— No. 57, under date the 2nd January, 1868.

Leave and allowances.

READ the undermentioned correspondence regarding a proposal of the Government of Bengal, that Officers under that Government should be exempted from the operation of the rule laid down in an order of this Department, No. 5922 of the 1st December, 1863, prohibiting the grant of any extra allowance to an Officer placed in charge of the current duties of an office :—

Letter from the Officiating Secretary to the Government of Bengal, No. 310T, dated the 10th August, 1867, and enclosure.

Ditto to ditto, No. 2553, dated the 13th September, 1867.

Ditto from the Junior Secretary to the Government of Bengal, No. 3744, dated the 2nd October, 1867.

RESOLUTION.—As an exception to the rule of the 1st December, 1863, mentioned above, the Governor-General in Council is pleased to decide when an officer is placed in charge of the current duties of a Judicial office, and the charge in the opinion of the Local Government, entails a substantial increase of responsibility besides some additional work, he shall be permitted to draw one-half of the deputation allowance which he would have received had he been appointed to officiate in the office concerned.

The 1st February, 1868.

Appointment.

No. 354.—Assistant Surgeon J. Ince, M.D., of the 2nd Punjab Cavalry, is appointed Civil Surgeon, at Murree, with effect from the 1st March next, or the subsequent date on which he may be permitted to join.

From—The Secretary of State for India,

To—The Government of India.

I herewith forward for the information of your Excellency in Council, and for dissemination in the several Divisions of Territory under your Government, three copies of a Minute, dated the 27th September last, by the Commissioners of Her Majesty's Treasury, by which, under the special rules contained in the 8th and 9th Articles of the same, the postage of the correspondence of Officers of the Army in India is to be reduced, from the 1st of January next, to six pence the half ounce.

TREASURY WARRANT.

WHEREAS by an Act of Parliament, passed in the fourth year of the reign of Her present Majesty, intituled "An Act for the regulation of the duties of postage" power is given to the Postmaster-General to remit any of the rates of British postage for the time being payable by law on the transmission of post letters, newspapers, or other printed papers, to such extent as the Lords of the Treasury shall, from time to time direct; and power is also given to the Commissioners of Her Majesty's Treasury from time to time, by Warrant under their hands, to alter and fix any of the rates of the British or inland postage, payable by law on the transmission by the post of foreign or colonial letters or newspapers or any other printed papers, and to subject the same to rates of postage according to the weight thereof, and a scale of weight to be contained in such Warrant, and from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and from time to time, by Warrant as aforesaid, to appoint at what time the rates which may be payable are to be paid.

And whereas by another Act of Parliament, passed in the eleventh year of the reign of Her present Majesty, intituled "An Act for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the post office," further powers are given to the Commissioners of Her Majesty's Treasury; and power is also given to the Postmaster-General (amongst other things), to collect and receive the foreign and colonial postage, chargeable on any letters sent by the post, and also with the consent of the Commissioners of Her Majesty's Treasury, to require the postage, British, colonial, or foreign, of any letters sent by the post, to be prepaid, either in money or in stamps as he might think fit, on the same being put into the Post Office, and also

with such consent to abolish or restrict the prepayment in money of postage on letters sent by the post, either altogether or on certain letters, and to require the prepayment thereof to be in stamps and also to refuse to receive or send by the post any letters tendered contrary to any regulations thereby made; and power is also given to the Postmaster-General, and any Officer of the Post Office, to detain any letters which should be posted or sent by the post contrary to the regulations therein mentioned, and to open such letters, and either to return them to the senders thereof or to forward them to the places of their destination, charged in either case with such rates of postage as the Postmaster-General, with the consent of the Commissioners of Her Majesty's Treasury, should from time to time direct.

And whereas it is expedient that regulations should be made, for the transmission by the post, at certain reduced rates of postage of the letters hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the power or authority in us for such purpose, vested in and by the said recited Acts or either of them, and of all other powers enabling us in this behalf, do, by this Warrant (under the hands of two of us, the said Commissioners, by the authority of the statute in that case made and provided,) order and direct as follows; that is to say:

Whitehall, Treasury Chambers, the twenty-seventh day of September, one thousand eight hundred and sixty-seven.

The following extracts from the *Gazette of India*, dated 25th January, 1868, are republished for general information:—

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 24th January, 1868, and was referred to a Select Committee with instructions to make their report thereon in a fortnight:—

No. 5 of 1868.

A Bill to authorize the Local Government of the Punjab to invest any person with the powers of an Assistant Commissioner and for other purposes.

Local Government may invest persons with certain powers.

1. The Local Government of the Punjab may, by notification in the local official *Gazette*, invest any person with the powers of an Assistant Commissioner with full powers, or of an Assistant Commissioner with special powers, or of an Assistant Commissioner with ordinary powers, or of a Tahsíldár, as described in Act No. XIX of 1865, within such local limits as it may think proper, and may from time to time withdraw any of such powers.

The Local Government may also, by such notification as aforesaid, direct that all or any of the powers conferred under this Act shall be exercised only with referrence to such class of suits as may be specified in the notification; and such powers shall thereupon be excercised accordingly.

Local Government may direct such powers to be exercised by three or more persons sitting together.

2. The Local Government may also direct in manner aforesaid that all or any of the powers conferred under this Act shall be exercised by three or more persons sitting together as a Court.

The decision of the majority of the persons so sitting together shall be deemed to be the decision of the Court.

All decrees heretofore passed by any person invested with any of the powers of an Assistant Commissioner or Tahsildar by the Local Government shall be deemed to be as valid as if this Act had then been passed.

STATEMENT OF OBJECTS AND REASONS.

Several Chiefs in the Punjab were invested by the Local Government a few years ago with powers to try civil suits within the limits of their own estates, and have since continued to exercise those powers. Also certain tribunals were established in the Kangra district of the Punjab for the decision of a particular class of suits, namely, suit relating to marriages and betrothals. In consequence, however, of no mention having been made of these tribunals, or of the Courts of the Chiefs, in the Punjab Courts Act (No. XIX of 1865,) doubts have been enteitained of their legality. This Bill is brought forward, therefore, with the object of removing these doubts, and of enabling the Local Government to invest any person with powers to try civil suits, in the same way as it can by the Criminal Procedure Code invest any person with the powers of a Magistrate.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—I have considered in Council your Financial Letter of the 1st October last, No. 217, recommending that, in lieu of gratuities at present allowed, moderate compassionate allowances, not exceeding Rs. 4 per mensem, should be conferred upon all servants of Government in the inferior and ineligible grades, who may be thrown out of

employment on reductions of Establishments after completing thirty years' service.

2. I concur with your Government that servants discharged from no fault of their own, after completing so long a period of service as thirty years, have a claim to liberal treatment, and I therefore sanction the grant to them of compassionate allowances as proposed by you.

BOOK CIRCULAR,—No. III.-457 OF 1868.

FROM

T. W. SMYTH, ESQUIRE,

Officiating Registrar of the Chief Court

of the Punjab,

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS,

IN THE PUNJAB.

Dated Lahore, 30th January, 1868.

Chief Court of the Punjab.

Present :

C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

With reference to Punjab Government Notification, No. 1411, dated 30th October, 1866, directing that sales of land or of any interest in land paying revenue to Government, in satisfaction of the decrees of the Civil Courts, shall be made by Deputy Commissioners on the requisition of such Courts, the following instructions, founded on Circular Order, No. 10, dated 18th November, 1867, of the High Court of Judicature, North-Western Provinces, are issued for information and guidance.

2. The proceedings for the attachment of such land prior to sale are regulated by Chapter IV of Act VIII of 1859 and the proviso to Section 205. This proviso declares that no hereditary or joint acquired property in land can be sold without the previous sanction of the Chief Court.

3. The application for execution should be drawn up in the manner prescribed by Section 212, and should be accompanied with an authenticated extract from the Register in the District Office, specifying the revenue assessed upon the land, the names, and (where registered) the shares of the registered proprietors, as required by Section 213.

4. On receiving the application containing the above particulars, the Court should enter a note of the application and the date on which it was made in the Register of the suit, as provided in Section 15 of Act XXIII of 1861; and, unless it see cause to the contrary, should order execution of the decree according to the nature of the application.

5. Section 235 of Act VIII of 1859 directs that the attachment shall be made by a written order prohibiting the defendant from alienating the property and all persons from receiving the same by purchase, gift, or otherwise. This order should be issued through the Deputy Commissioner, as Collector, and, as provided by Section 239, it should be read aloud at some place on or adjacent to the land, and a copy fixed up in some conspicuous part of the Court-house, and also in the Office of the Deputy Commissioner of the District in which the land may be situated.

6. Along with the order of attachment a proclamation is usually issued calling upon persons who have objections to the sale of the land to prefer their claims within 30 days. This practice, although not specially provided for in Act VIII of 1859, should be continued, as it enables the Deputy Commissioner to ascertain whether the decree could not be satisfied within a reasonable period by a temporary alienation of the land, and also gives the Court enforcing the decree time to decide any objections advanced to the sale by persons having the right of pre-emption or by other parties.

7. On the expiration of the period fixed by the proclamation, if no arrangement that will satisfy the parties or obviate the sale has been effected, the Court enforcing the decree will submit, through the Deputy Commissioner and Commissioner, in the annexed form, an application to the Chief Court for sanction to sell

the land. The Deputy Commissioner should report in the proper column what measures he has taken to give effect to the provisions of Section 244, Act VIII of 1859; and the Commissioner, in forwarding the statement to the Chief Court, should record his own opinion.

8. On receipt of the necessary sanction by the Court executing the decree, a second proclamation, specifying the particulars required by Section 249 of Act VIII of 1859, should be issued, and a requisition to sell the land should be transmitted to the Deputy Commissioner, accompanied with a copy of the proclamation of the intended sale and the necessary sanction.

9. As provided by Section 249, the sale should not take place until after the expiration of at least thirty days calculated from the date on which the notification was affixed to the Court-house of the Officer ordering the sale. Subject to this proviso, sales shall be held by Deputy Commissioners, or one of their Assistants specially authorized, on the 20th day of each month in the year, not being a Sunday or other close holiday,—in which case they shall be held on the next Office day after such Sunday or holiday.

10. The Deputy Commissioner, or his Assistant charged with the conduct of the sale, should not postpone the sale, save under injunction from the Court, received prior to the lot being knocked down, or on unconditional payment of the whole amount proposed to be realized by the sale, or on delivery by the decree-holder of a receipt in full of his demand against the person whose property is about to be sold, or on occurrence of the contingency contemplated by Section 14 of Act XXIII of 1861. Should payment of the amount to be realized by sale be made or the receipt of the decree-holder be delivered before the lot is knocked down, the Deputy Commissioner, or other Officer as aforesaid, shall immediately report the circumstance for the information and orders of the Court which directed the sale, and postpone the sale pending further instructions.

11. The Deputy Commissioner will report to the Civil Court enforcing the decree the result of the order of the sale, retaining in deposit the amount realized pending further instructions.

12. As soon as a sale has become absolute, agreeably to Section 256, Act VIII of 1859, it shall be the duty of the Civil Court from which the order for sale emanated to give intimation thereof to the Deputy Commissioner, and direct him to pay the amount realized by the sale, after making the deduction hereinafter required, to the person or persons entitled to receive it on application made to that effect. The Deputy Commissioner, after fulfilment of the Court's instructions, shall transmit the receipt of the person or persons to whom the money may have been paid to the Court for its satisfaction. Purchasers at such sales shall be put in possession of the purchased property under the orders of the Court in accordance with the provisions of Sections 263 and 264, Act VIII of 1859.

13. Whenever a sale takes place under these Rules, a deduction at the following rate shall be made from the proceeds of sale:—

One rupee out of every Rupees 100, where the proceeds shall not exceed Rupees 200.

Eight annas out of every Rupees 100 of the proceeds in excess of Rupees 200, where the whole proceeds of the sale do not exceed Rupees 1,000.

One rupee out of every Rupees 500, of the proceeds be in excess of Rupees 1,000.

The amount so deducted shall be retained by the Deputy Commissioner.

14. All expenses incurred by Deputy Commissioners in the conduct of sales under these rules shall be paid out of such deductions.

15. As sales of ancestral or joint acquired property in land will in future be conducted by the Deputy Commissioner, or one of his Assistants, no commission on the proceeds of the sale should be paid to the Nazir, the only authorized deduction being that mentioned in the preceding paragraph.

By order of the Chief Court.

Offg. Registrar.

The Students are divided into two classes. The 1st or English Class are educated as Sub-Assistant Surgeons; the 2nd or Hindustani class as Native Doctors.

1st Or English Class.

Period of Studentship, five years.

Natives of Bengal Proper, Madras, and Bombay, for whom Colleges are provided in their respective presidencies, are not admissible.

Candidates must be between the ages of sixteen and twenty: and, previous to admission, are required to pass an examination in arithmetic, as far as decimal fractions; and in the English language, which they are expected to understand thoroughly, their knowledge of it being ascertained from reading, writing from dictation, and by questions upon the signification of what they read and write. Scholarships, varying in value from seven to ten rupees per mensem, are given to four or fiva of those that acquit themselves best at this examination, if sufficient ability be shewn; but the holders of these will be required to sign agreements to repay the amount received by them if they leave the school before passing the final examination. These matriculation scholarships are held during the first winter session, a period of seven months, from October to April. In April the students contend, at the prize examination, for the junior scholarships, which vary in value from seven to seventeen rupees; four or five of them are given to the most proficient students, if sufficient ability be shewn; they are held for a year, commencing on May 1st, and are redistributed in April of the following year, according to the attainments of the students, ascertained at the examination of that year. The same process is repeated at the end of the third winter session, when the junior scholarships are redistributed for the last time, to be held till the end of the fourth winter session. At the end of the fourth winter session, senior scholarships from ten to twenty rupees are contended for, tenable during the 2nd half of the 4th and the 5th year of studentship.

The above rules apply to each set of students, their 1st, 2nd, 3rd and 4th winter session being reckoned from the date of their matriculation.

Scholarships may be at any time forfeited or diminished in value, in consequence of idleness or misconduct. On passing the final examination in the fifth year successfully, each student will receive an appointment as a Sub-Assistant Surgeon with Rs. 100 a month salary, afterwards increasing to Rs. 150 and eventually Rs. 200 per mensem.

2nd Or Hindustani Class.

Period of study, three years.

Candidates must be natives of the Punjab or North Western Provinces, and must be between the ages of sixteen and twenty.

Previous to admission, they are to pass an examination in arithmetic, as far as the rule of proportion; and in the Hindustani language, their knowledge of which is ascertained from reading and writing from dictation, in the Persian character. Preference is shewn to any that understand Pushto or English, and credit is also given for knowledge of Punjabee.

The successful candidates for this class are enlisted as sepoys and placed under military discipline; and receive pay, while students, of rupees 6 per mensem. Any that qualify themselves for the tests required for the English Class, are allowed to pass into that class, to be educated as Sub-Assistant Surgeons.

LOCAL STUDENTS.

Several students are admitted to the Hindustani Class, who are paid by the local funds of some of the districts in the Punjab. These follow the same course of study as the other students of the above class during three years; but they are not enlisted as Sepoys, and do not receive any pay from Government. After they have passed the final examination, they return to their villages to practise there as Native Doctors. During their three years residence at the medical school, the local fund of the district pays to the Principal of the school ten rupees a month for each student; of this, six rupees are given to the student for his maintenance, and the other 4 rupees are employed to pay for books, rewards, and all the contingent expenses connected with the school.

The next matriculation examination for the English Class will be held on Friday, October, 2nd. Candidates must present themselves to the Principal to be registered on the previous day, Thursday, October 1st, at 11 A. M., bringing with them satisfactory certificates of character. There will be twenty-one vacancies.

The next matriculation examination for the Hindustani class will be held on Friday, April 24th. Candidates must present themselves to the Principal to be registered at 11 A. M., on the previous day, Thursday, 23rd, bringing with them satisfactory certificates of character. There will be about twenty-three vacancies in this class.

In consequence of the demand for Native Doctors speaking the Pushtoo language, it has been determined to keep eight vacancies in the Hindustani class for candidates from the frontier, who shall bring with them satisfactory certificates of qualification. The test examination for these Trans-Indus students is held in their own district, and their travelling expenses to Lahore are repaid to them by Government on arrival. They ought to present themselves at the Medical School, on April 30th.

The winter session of the school lasts from October 1st to April 30th. The summer session from May 1st to July 31st. Vacations:—A week at Christmas, and the two months of August and September. The Military students do not all obtain leave during the whole of the vacations, a certain number of them are retained, at the discretion of the Principal, to carry on the work of the hospital.

From—The Secretary of State for India.

To—The Government of India.

I have considered in Council, your Financial letter of the 1st October last, No. 217 recommending that, in lieu of gratuities at present allowed, moderate compassionate allowances, not exceeding Rs. 4 per mensem, should be conferred upon all servants of Government in the inferior and ineligible grades, who may be thrown out of employment on reductions of establishment after completing thirty years' service.

2. I concur with your Government, that servants discharged from no fault of their own, after completing so long a period of service, as thirty years, have a claim to liberal treatment, and I therefore sanction the grant to them of compassionate allowances as proposed by you.

FORT WILLIAM, *the 31st January*, 1868.

SIR,

I am directed to acknowledge the receipt of your letter, dated 30th December, 1867, No. 1587, submitting the recommendation of the Government of Bombay, that under the existing rules for pensions to Uncovenanted Servants, service

in acting appointments may be allowed to count towards pension.

2. The Governor-General in Council, observes, that as a person on a permanent establishment who may be appointed to act in another situation is entitled, by virtue of his substantive appointment, to count towards pension, the period of employment in the acting situation, an alteration of rule is unnecessary for this class of servants. With regard again, to servants who may be appointed to act in offices higher than their own, at any time during the last five years of their service, it would, owing to the frequency of acting appointments, be exceedingly inconvenient to allow them to reckon their pension upon the higher allowances received during the period of acting employment, specially as the permanent holder also would compute his pension upon the substantive pay of the appointment.

3. But persons not permanently enrolled on any Government establishment, who act for absent Uncovenanted Servants in eligible grades, and others employed ineligible grades, who may be appointed to act in eligible grades, may count for pension, the period of officiating service provided that they are subsequently confirmed, and that the absentees are not allowed to count towards pension the period of their absence, whether as regards allowances on retirement, or the period of qualifying service.

E. E.

A. MACKENZIE,
Secretary and Accountant.

"The Managers, in the course of the year, entered into a negotiation with the Bank of Bengal with a view to the payment of the Annuities of Annuitants in England through Messrs. Coutts and Co., the Agents of the Bank, at more favorable rates than that allowed by the Secretary of State."

"The rate of exchange allowed by the Secretary of State is 1*s*. 10½*d*. per rupee."

"The uniform rate at which the Bank proposed to make payments through their Agents, on the same dates as payments were made by the Secretary of State in London, was 1*s*. 11 41-80 *d*."

"Thus an Annuitant who was drawing the full pension of £1,000 in England would, by taking advantage of the arrangements, have drawn from the Bank's Agents in London £1,045."

"The above proposal having been submitted by the Bank for the approval of Government the matter was referred to the Secretary of State for his favorable consideration."

"The Secretary of State has, however, refused to sanction the proposal on the ground that to remit Annuities to England at a fixed rate of exchange involves a dealing in exchanges inconsistant with the Bank's Charter."

"An application has been made by the Managers for the adoption of a more favorable rate of exchange, and this is still under the consideration of Government."

"The Managers have to report the resignation of the Secretaryship by Mr. Monteath. They desire here to repeat what they said in their report to the subscribers to the Civil Fund in July last, *viz.*, that "they cannot permit this opportunity to pass without expressing the very high sense which they entertain of the valuable service which Mr. Monteath has rendered to the Funds during the past five years. The peculiar abilities which he brought to the performance of his duties, and the unwearied assiduity with which he has discharged them, have been throughout acknowleged by the Managers and the service at large, and the Managers would now propose that a vote of thanks be awarded him by this Meeting."

"The Managers have, under Rule 19, appointed Mr. A. Mackenzie to the office of Secretary."

The Managers have also to lay on this table, a letter from a Meeting of Subscribers held at Allahabad and a Memorandum by Mr. Monteath which is said to have met with their approval. It is suggested that these papers should be circulated to all Subscribers with the Proceedings of this Meeting."

Proposed by Mr. H. L. Harrison, seconded by Mr. Beverley, and carried unanimously, "that the Report be generally adopted, but that as the sense of this Meeting is opposed to some of the points in Mr. Monteath's Memorandum on pensionary allowances, the Managers be requested to call a special General Meeting after due notice for the consideration of the subject."

Proposed by Mr. Beverly, seconded by Mr. Field and carried unanimously, "that the following gentlemen be elected Managers of the Fund for the year 1868.

V. H. Schalch, Esq., the Hon'ble C. P. Hobhouse, J. A. Crawford, Esq., T. B. Lane, Esq., A. M. Monteath, Esq.

A vote of thanks was passed to the Chairman.

"All the above mentioned families have been admitted under the new Rules."

"The Managers reported at the last Meeting the concession by the Secretary of State of 5 per cent interest on the additional capital of the Fund. They have now to report that under their instructions the Treasurer of the Fund (the Secretary and Treasurer of the Bank of Bengal) has sold the Government Securities belonging to the Fund. The invested capital of the Fund at the time of sale in the 4, 5, and 5½ per cent. loans amounted to Rs. 26,10,999, the nominal value of which was Rs. 27,50,200, and the sale proceeds amounted to Rs. 28,01,577. This sum now stands as a debt to the Fund on the Books of Government and will receive a credit of interest half-yearly at 5 per cent."

"Printed copies of the second report of Mr. Brown, the actuary, will be circulated with these proceedings."

"The Managers are glad to be able to announce to this Meeting that the valuations made by the aid of the new Tables have fully shown the solvency of the Fund."

"The detailed valution shows that there is a surpuls of assets of Rs. 8,94,376."

"A Memorandum by Mr. Monteath, explanatory of the mode in which these valutions have been made, is laid upon the Table."

"But as the current year 1867-68 is a quinquennial year, and under Article 43 a calculation of the actual values of the assets and liabilities of the Pund will be necessary at its close, the Managers propose to wait to see the result of this valuation which they hope will enable them to submit to Subscribers definite proposals either for the extension of benefits or for the reduction of contributions under Article 44 of the Rules."

"The accounts of the past year 1866-67 are submitted."

The Deputy Inspector General of Hospitals, Lahore Circle.

The Principal of the Medical School.

ESTABLISHMENT.

Resident House Surgeon of the Hospital, Sahib Ditta.

Superintendent of the Hindustani Class, Raheem Khan.

Demonstrator of Anatomy, Mahomed Houssain Khan.

Lecturer on Surgery to Hindustani Class, Brij Lall Ghose.

The Students are divided into two classes. The 1st or English Class are educated as Sub-As-

sistant Surgeons; the 2nd or Hindustani class as Native Doctors.

1st or English Class.

Period of Studentship, five years.

Natives of Bengal Proper, Madras, and Bombay, for whom Colleges are provided in their respective presidencies, are not admissible.

Candidates must be between the ages of sixteen and twenty: and, previous to admission, are required to pass an examination in arithmetic, as far as decimal fractions; and in the English language, which they are expected to understand thoroughly, their knowledge of it being ascertained from reading, writing from dictation, and by questions upon the signification of what they read and write. Scholarships, varying in value from seven to ten rupees per mensem, are given to four or five of those that acquit themselves best at this examination, if sufficient ability be shewn; but the holders of these will be required to sign agreements to repay the amount received by them if they leave the school before passing the final examination. These matriculation scholarships are held during the first winter session, a period of seven months, from October to April. In April the students contend, at the prize examination, for the junior scholarships, which vary in value from seven to seventeen rupees; four or five of them are given to the most proficient students, if sufficient ability be shewn; they are held for a year, commencing on May 1st, and are redistributed in April of the following year, according to the attainments of the students, ascertained at the examination of that year. The same process is repeated at the end of the third winter session, when the junior scholarships are redistributed for the last time, to be held till the end of the fourth winter session. At the end of the fourth winter session, senior scholarships from ten to twenty rupees are contended for, tenable during the 2nd half of the 4th and the 5th year of studentship.

The above rules apply to each set of students, their 1st, 2nd, 3rd and 4th winter session being reckoned from the date of their matriculation.

Scholarships may be at any time forfeited or diminished in value, in consequence of idleness or misconduct. On passing the final examination in the fifth year successfully, each student will receive an appointment as a Sub-Assistant Surgeon with Rs. 100 a month salary, afterwards increasing to Rs. 150 and eventually Rs. 200 per mensem.

2nd or Hindustani Class.

Period of study, three years.

Candidates must be natives of the Punjab or North Western Provinces, and must be between the ages of sixteen and twenty.

Previous to admission, they are to pass an examination in arithmetic, as far as the rule of proportion; and in the Hindustani language, their knowledge of which is ascertained from reading and writing from dictation, in the Persian character. Preference is shewn to any that understand Pushto or English, and credit is also given for knowledge of Punjabee.

The successful candidates for this class are enlisted as sepoys and placed under military discipline; and receive pay, while students, of rupees 6 per mensem. Any that qualify themselves for the tests required for the English Class, are allowed to pass into that class, to be educated as Sub-Assistant Surgeons.

Local Students.

Several students are admitted to the Hindustani Class, who are paid by the local funds of some of the districts in the Punjab. These follow the same course of study as the other students of the above class during three years; but they are not enlisted as Sepoys, and do not receive any pay from Government. After they have passed the final examination, they return to their villages to practise there as Native Doctors. During their three years residence at the medical school, the local fund of the district pays to the Principal of the school ten rupees a month for each student; of this, six rupees are given to the student for his maintenance, and the other 4 rupees are employed to pay for books, rewards, and all the contingent expenses connected with the school.

The next matriculation examination for the English Class will be held on Friday, October, 2nd. Candidates must present themselves to the Principal to be registered on the previous day, Thursday, October 1st, at 11 A. M., bringing with them satisfactory certificates of character. There will be twenty-one vacancies.

The next matriculation examination for the Hindustani class will be held on Friday, April 24th. Candidates must present themselves to the Principal to be registered at 11 A. M., on the previous day, Thursday, 23rd, bringing with them satisfactory certificates of character. There will be about twenty-three vacancies in this class.

In consequence of the demand for Native Doctors speaking the Pushtoo language, it has been determined to keep eight vacancies in the Hindustani class for candidates from the frontier, who shall bring with them satisfactory certificates of qualification. The test examination for these Trans-Indus students is held in their own district, and their travelling expenses to Lahore are repaid to them by Government on arrival. They ought to present themselves at the Medical School, on April 30th.

The winter session of the school lasts from October 1st to April 30th. The summer session from May 1st to July 31st. Vacations:—a week at Christmas, and the two months of August and September. The Military students do not all obtain leave during the whole of the vacations, a certain number of them are retained, at the discretion of the Principal, to carry on the work of the hospital.

REVENUE DEPARTMENT.

The 22nd February, 1868.

No. 150.—The following Despatch from the Right Hon'ble the Secretary of State for India, and its enclosure on the question of the repeal of the present Tax on Cotton in the United States of America, is published for general information:—

INDIA OFFICE;
London, 23rd December, 1867.

REVENUE,
No. 66.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,

November 26, (51) 1867.

I transmit, for the information of your Excellency in Council, a copy of a Despatch from Her Majesty's Charge d' Affaires at Washington, which has been sent to this Department by Her Majesty's Secretary of State for Foreign Affairs, on the question of the repeal of the present Tax on Cotton in the United States of America which is now under the consideration of the Government and Legislature of that country.

I have, &c.,
STAFFORD H. NORTHCOTE.

From F. C. Ford, Esquire,' to Lord Stanley, &c., &c., &c.,—Dated Washington, the 26th November, 1867.

I have the honor to inform your Lordship that, on the assembling of Congress on the 21st instant, a resolution was submitted to the Senate, and agreed to, to the effect that the Secretary of the Treasury be directed to communicate any facts or reports in possession of the Department relating to the repeal of the Tax on Cotton, and on the same day a Resolution was submitted in the House of R. Rs., and agreed to, that the Committee of Ways and Means be directed to enquire into the expediency of that Tax being repealed.

In connextion with this subject, which is one of such paramount importance to the future material prosperity of the Southern States of this country, I have the honor to transmit herewith, to your Lordship, copy of a letter that has been addressed by Mr. Wells, the Special Commissioner of the Revenue, to the Secretary of the Treasury, recommending a repeal of the Tax.

Mr. Wells, in stating that India is the principal competitor of the United States in the production of Cotton, asserts that the present Tax of 2½ cents per lb. on American Cotton is equal to a premium of at least 50 per cent. upon the cost of raising that article in India, and that, whilst prior to the Civil War, America supplied 85 per cent. of the whole Cotton furnished to the world,—Her contribution of that staple this has fallen to less than 47 per cent.

Mr. Wells expresses his belief that, should the present oppressive Tax be repealed, the United States will speedily regain the control of the Cotton market, and again supply by far the larger portion of the total demand of Europe for consumption. He further states that the season of 1867 has been a very propitious one, and places the crop of the year at nearly fourteen hundred millions of pounds.

The total amount of internal revenue derived from the Tax on raw Cotton for the fiscal year ended 30th June, 1867, was upwards of £4,000,000 and although the Treasury could ill afford to

lose so important a source of revenue, a compensation might be found by the results of proposed retrenchment, to be made in several branches of the Administration, and notably in that of the Department of War, by the discontinuance, in the month of July next year, of the Frudmans Burean which is no longer deemed necessary and which entails a heavy yearly expense of nearly £3,000,000.

In short, the repeal of the Tax on Cotton is considered as a necessary measure if the cultivation of this crop is to be continued in the Southern States, and it is thought highly desirable that this branch of agriculture should be kept up, as it is an industry which is not only familiar to the people, but likewise one which is immediately available and practicable to the great body of the labouring population of the South.

JUDICIAL DEPARTMENT.

BOOK CIRCULAR,—No. V.-963 of 1868.

From

T. W. Smyth, Esquire,
Officiating Registrar of the Chief Court of the Punjab,

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, 25th February, 1868.

Chief Court of the Punjab.
Present:
C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

A question has been raised by a Deputy Commissioner regarding the power of a District Superintendent of Police, to summon witnesses from another district, and the Chief Court has ruled the points as follows :—

2. "Although Section 144 of Act XXV of 1861 authorizes an Officer in charge of a Police Station to require the attendance of any person within the limits of his station who is acquainted with the facts and circumstances of any case into which he is enquiring under Section 135, the Code is silent as to the power of a District Superintendent of Police to summon witnesses, either within his own district or from another district.

3. By Punjab Government Notification, No. 671, dated 1st September, 1864, the Lieutenant-Governor was pleased to direct that the Magisterial powers vested in District Superintendents of Police by Notification dated 19th March, 1863, should be exercised only in accordance with the provisions of Act XXV of 1861, subject to the restrictions and limitations contained in Section 6 of Act V of 1861.

4. The Court is of opinion that as a Magistrate, a District Superintendent of Police has power to summon a witness from another District, who is supposed to be acquainted with the facts and circumstances of the case into which he is enquiring, provided that, in the language of Section 6 of Act V of 1861, such a course is 'necessary for the preservation of the peace, the prevention of crime, and the detection, apprehension, and detention of offenders in order to their being brought before a Magistrate.'

5. In every case in which a District Superintendent may exercise the power he must be able to affirm its necessity in terms of the Section above quoted. This will not ordinarily be the case where there are persons in custody on a *primâ facie* charge as they must be sent before the Magistrate within a reasonable period which must not in any case exceed twenty four hours (Section 152 Code of Criminal Procedure). If the enquiry cannot be completed within that period, it would be more convenient for the Magistrate to summon the witnesses than the District Superintendent, and this would also be more in conformity with the spirit of the law.

6. The exercise of the above power by the District Superintendent should therefore be confined by the Magistrate to exceptional cases of real necessity, and delay in securing the attendance of a witness or witnesses from another district should not ordinarily be deemed sufficient cause for granting a remand."

By order of the Chief Court,

T. W. Smyth,
Officiating Registrar.

The Students are divided into two classes: The 1st or English Class are educated as Sub-Assistant Surgeons; the 2nd or Hindustani class as Native Doctors.

1st Or English Class.

Period of Studentship, five years.

Natives of Bengal Proper, Madras, and Bombay, for whom Colleges are provided in their respective presidencies, are not admissible.

Candidates must be between the ages of sixteen and twenty: and, previous to admission, are required to pass an examination in arithmetic, as far as decimal fractions; and in the English language, which they are expected to understand thoroughly, their knowledge of it being ascertained from reading, writing from dictation, and by questions upon the signification of what they read and write. Scholarships, varying in value from seven to ten rupees per mensem, are given to four or five of those that acquit themselves best at this examination, if sufficient ability be shewn; but the holders of these will be required to sign agreements to repay the amount received by them if they leave the school before passing the final examination. These matriculation scholarships are held during the first winter session, a period of seven months, from October to April. In April the students contend, at the prize examination, for the junior scholarships, which vary in value from seven to seventeen rupees; four or five of them are given to the most proficient students, if sufficient ability be shewn; they are held for a year, commencing on May 1st, and are redistributed in April of the following year, according to the attainments of the students, ascertained at the examination of that year. The same process is repeated at the end of the third winter session, when the junior scholarships are redistributed for the last time, to be held till the end of the fourth winter session. At the end of the fourth winter session, senior scholarships from ten to twenty rupees are contended for, tenable during the 2nd half of the 4th and the 5th year of studentship.

The above rules apply to each set of students, their 1st, 2nd, 3rd and 4th winter session being reckoned from the date of their matriculation.

Scholarships may be at any time forfeited or diminished in value, in consequence of idleness or misconduct. On passing the final examination in the fifth year successfully, each student will receive an appointment as a Sub-Assistant Surgeon with Rs. 100 a month salary, afterwards increasing to Rs. 150 and eventually Rs. 200 per mensem.

2nd Or Hindustani Class.

Period of study, three years.

Candidates must be natives of the Punjab or North Western Provinces, and must be between the ages of sixteen and twenty.

Previous to admission, they are to pass an examination in arithmetic, as far as the rule of proportion; and in the Hindustani language, their knowledge of which is ascertained from reading and writing from dictation, in the Persian character. Preference is shewn to any that understand Pushto or English, and credit is also given for knowledge of Punjabee.

The successful candidates for this class are enlisted as sepoys and placed under military discipline; and receive pay, while students, of rupees 6 per mensem. Any that qualify themselves for the tests required for the English Class, are allowed to pass into that class, to be educated as Sub-Assistant Surgeons.

Local Students.

Several students are admitted to the Hindustani Class, who are paid by the local funds of some of the districts in the Punjab. These follow the same course of study as the other students of the above class during three years; but they are not enlisted as Sepoys, and do not receive any pay from Government. After they have passed the final examination, they return to their villages to practise there as Native Doctors. During their three years residence at the medical school, the local fund of the district pays to the Principal of the school ten rupees a month for each student; of this, six rupees are given to the student for his maintenance, and the other 4 rupees are employed to pay for books, rewards, and all the contingent expenses connected with the school.

The next matriculation examination for the English Class will be held on Friday, October, 2nd. Candidates must present themselves to the Principal to be registered on the previous day, Thursday, October 1st, at 11 A. M., bringing with them satisfactory certificates of character. There will be twenty-one vacancies.

The next matriculation examination for the Hindustani class will be held on Friday, April 24th. Candidates must present themselves to the Principal to be registered at 11 A. M., on the previous day, Thursday, 23rd, bringing with them satisfactory certificates of character. There will be about twenty-three vacancies in this class.

In consequence of the demand for Native Doctors speaking the Pushtoo language, it has been determined to keep eight vacancies in the Hindustani class for candidates from the frontier, who shall bring with them satisfactory certificates of qualification. The test examination for these Trans-Indus students is held in their own district, and their travelling expenses to Lahore are repaid to them by Government on arrival. They ought to present themselves at the Medical School, on April 30th.

The winter session of the school lasts from October 1st to April 30th. The summer session from May 1st to July 31st. Vacations:—A week at Christmas, and the two months of August and September. The Military students do not all obtain leave during the whole of the vacations, a certain number of them are retained, at the discretion of the Principal, to carry on the work of the hospital.

FINANCIAL DEPARTMENT.
Pensions and Gratuities.

TO THE ACTING CHIEF SECY. TO THE GOVT., OF BOMBAY.

Fort William, the 20th February, 1868.

I am directed to acknowledge the receipt of your endorsement No. 84, dated 16th January, 1868, submitting for the favorable consideration and sanction of the Government of India, a proposition by the Acting Commissioner in Sind, that Mr. Krishnaroo Junardhun, a Clerk in his Office, who has been deputed on a temporary duty, may be allowed to count as service towards pension the period of his emyloyment on that duty.

2. In reply I am desired to state that as the Officer concerned is the holder of a permanent appointment in (presumably) a pensionable grade, he will count towards pension the period of his service on deputation, though, in calculating the amount of his pension, only his substantive pay, and no part of the salary of the temporary office, will be taken into account.

Accounts.

Fort William, the 19th February, 1868.

Read the following :—

No. 464, dated 23rd December, 1867.
From—The Secretary of State for India,
To—The Government of India.

I have considered in Council your Financial letter, dated 4th October last, No. 221, forwarding copies of Financial Resolution No. 295 of 4th October, and of the documents referred to therein, regarding the procedure which you have adopted for the transmission to this country, at fixed periods, of priced Estimates or Indents, showing the propable value of stores required from England in the following year.

2. The result of your proceedings appears to be that, with the exception of the Public Works Department (from which an Estimate of probable requirements is to be sent home), the annual Indents are to be prepared at an earlier date in all indenting Departments, and, after being priced, they are to be sent home so as to reach this country by 15th October in each year.

3 I am not, however, prepared to approve of this arrangement, as the substitution of priced annual Indents for Estimates will tend rather to frustrate, than to meet, the object which is in view, for the following reasons:—

1st.—That if the Indents are sent home some months before the period for which the stores are required, they will be purchased, and, for the most part, paid for, before the financial year for which their value has been estimated.

2nd.—That by the preparation of annual Indents so long in anticipation of the year to which they refer, it will be impossible to calculate with any degree of correctness the exact requirements of the year, and which will either be exceeded at unnecessary cost, or, by falling short, involve the necessity of sending home supplementary indents, a course which should be avoided as much as possible.

4. Estimates of stores and of their value are not required to be prepared with the same precision and in the same detail as Indents, but should show, under the heads of the various

principal articles of store, the probable gross quantities and the estimated value such as—

	Tons.	Rate.	Value.
Iron,			
Copper,			
Machinery,			
Canvas Bolts,			
Ironmongery,			
Ordnance,			
Short and Shell,			
Anchors,			
Cable, &c., &c.,			
Miscellaneous,			

5. I have therefore to request that you will give directions for Estimates (not Indents) to be sent homes, showing the estimated gross quantities, rates, and value of the stores required for the ensuing financial year, which Estimates should be carefully arrived at from previous experience, modified to meet the known or probable requirements of the service for the year which they may represent.

6. The commencement of the financial year having been fixed at 1st April, instead of 1st May, such Estimates should be sent home so as to reach this country *not later* than the 1st of October of each year, instead of the fifteenth of that month.

7. I desire that the necessary instructions hereon may be communicated to the Governments of Madras and Bombay.

Dated Lahore, the 28th February, 1868.

Chief Court of the Punjab.

Present:
C. Boulnois, Esquire, D. Simson, Esquire, *Judges.*

The Chief Court has observed in many cases which have come before it in appeal that no formal decree has been drawn up, as required by the Code of Civil Procedure.

2. The Court accordingly deems it necessary to direct the attention of all Judicial Officers to the provisions of Section 189, Act VIII of 1859, and to the instructions contained in para. 34 of Book Circular XXVI of 1866.

3. It seems also necessary to remind the Subordinate Courts that the decree is altogether distinct from the judgment and should be recorded in every case.

4. The form prescribed in that Circular should be followed in drawing up the decretal order, and lithographed or printed forms, on foolscap paper, should be used as far as practicable.

By order of the Chief Court.

As an impression appears to prevail that none but persons acquainted with the English language are qualified for admission as candidates for the post of Pleader of the Chief Court, the Court is pleased to notify for general information that a knowledge of English is not indispensable.

2. If a candidate cannot produce a certificate of his having passed through the regular curriculum of a scholastic English education, it will be sufficient if, in addition to the other qualifications required by Rule 2, he can "satisfy the Chief Court that he has otherwise received a liberal education, and possesses a scholastic knowledge of the languages of the country."

3. For the convenience of such candidates the Court is pleased, with the sanction of the Hon'ble the Lieutenant-Governor, to modify Rule 8 and to declare that examination papers will be prepared in Oordoo as well as in English, and the candidate may, if he prefers it, answer the questions in the Oordoo language.

Leave and Allowances.

Fort William, the 31st January, 1868.

Read the undermentioned correspondence regarding the allowances admissible to Covenanted Civil Servants from the dates on which they arrive in India to the dates on which they are posted to the public service :—

Endorsements from the Home Department, No. 3357, dated the 13th August, 1867, and No. 5332, dated 10th October, 1867.

Office Memorandum to Home Department, No. 3193, dated the 22nd October, 1867.

Endorsement from Home Department, No. 598, dated the 25th November, 1867.

Office Memorandum from Home Department, No. 1091, dated the 9th ultimo, and enclosure.

RESOLUTION.—The Governor-General in Council observes that until recently Covenanted Civil Servants were required to pass examinations in the vernacular languages of India after their arrival in the country, and were restricted from the dates of their arrival to the dates on which they were declared qualified for the public service to allowances termed salary, house-rent, and pundit allowance, the aggregates of which varied from Rs. 250 to Rs. 380 per mensem; but as under the system since introduced they will have passed examinations in the vernacular languages and in law before their departure from England, there is no longer any necessity for a difference between their allowances in India before and after they are posted to the public service. His Excellency in Council is therefore pleased to rule that Covenanted Civil Servants posted to the Upper Division of the Bengal Presidency, with permission to come to India *viâ* Bombay, shall be entitled to a salary of Rs. 400 per mensem from the date of their reporting their arrival at Bombay, and that every other such servant who shall have passed for the service under the new system referred to above be entitled to a salary of Rs. 400 per mensem from the date of his reporting his arrival at the Presidency to which he belongs.

ORDERED, that the foregoing Resolution be communicated to the Home Department, and that the original paper received from that Department under endorsement No. 3357, of the 13th August, 1867, be returned.

Ordered, also, that the above Resolution be communicated to the Comptroller General of Accounts, the Accountants General in Bengal, Madras, Bombay, the North-Western Provinces, the Punjab, and British Burmah; and the Deputy Accountants General in the Central Provinces, Hyderabad, and Mysore.

Letter to Government of Bombay, No. 2797, dated the 30th September, 1867.

Read—

A letter from the Government of Bombay, No. 1483, dated the 7th December, 1867, forwarding a letter from Captain E. C. S. Williams, Officiating Master of the Bombay Mint, soliciting a reconsideration of the Rules under which the grant of deputation allowance to him was regulated in the orders of this Department, dated 30th September, 1867.

Resolution.—The Governor-General in Council observes that under G. G. O. No. 157 A of 1863, re-published in Financial Notification No. 5914, dated 28th November, 1863, and under subsequent orders, a Military Officer in Military Staff employ, when acting in an appointment in the Civil Department the salary of which is consolidated, is entitled to draw deputation allowance at 20 and 10 per cent. in addition to his Military pay and allowances, plus half the Staff pay of his substantive appointment, while a Military Officer who holds no substantive Staff appointment, Civil or Military, is entitled to 50 per cent. on the salary of the appointment officiated in, plus his own Military pay and allowances.

2. It having been found that under the first of these rules the total allowances of the acting officer when he held a substantive appointment were sometimes less than what he could have drawn under the second rule if he had not held a substantive appointment, the option of the more favorable rule was extended to the holder of a substantive appointment who might act in the Civil Department for an Officer on a Civil consolidated salary.

3. Captain E. C. S. Williams, Under-Secretary to the Government of India, Public Works Department, was allowed the benefit of this decision while he officiated as Mint Master at Bombay, but by the grant to him, thus, of half the consolidated salary of Mint Master, in addition to the pay and allowances, including Presidency house-rent of his Regimental rank, Captain Williams gained only Rs. 200 per mensem more than the emoluments of his permanent appointment.

4. He now solicits that the rule on which the decision of the 30th September was founded may be reconsidered, and that, according to the analogy of the Civil rules, he may be allowed his full allowances as Under-Secretary in the Public Works Department (Rs. 1,293-10 per mensem), in addition to a deputation allowance of 20 per cent. on the salary of the Mint Mastership of Bombay, or in all Rs. 1,693-10 per mensem.

5. This request His Excellency in Council considers reasonable, and as the applicability of the Civil rule of deputation allowance which allows the holder of a substantive appointment when officiating in another situation to draw the whole of his substantive emoluments in addition to a deputation allowance of 20 and 10 per cent. on the consolidated salary of the appointment officiated in, has more than once been recognized in the case of Military Officers in Civil employ, the Governor-General in Council is pleased to decide that, when a Military Officer holding a Military Staff appointment officiates in a Civil appointment to which a consolidated salary is attached, he shall draw the aggregate emoluments of his substantive office, *viz.*, the sum made up of "staff salary plus Military pay and allowances," in addition to the deputation allowance circulated according to Civil rules, subject to the usual limitation that his aggregate emoluments shall not exceed the salary of the appointment in which he officiates,—or of the lowest grade of the class in which he officiates, when the acting appointment is a graded appointment in a class.

Ordered, that a copy of this Resolution be sent to all Local Governments, Administrations, and Departments, to the Comptroller General of Accounts, and to the several Provincial Officers of Account.

Postal Notice.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies *only* to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Resolution.—For some time past the Government of India has had under its consideration the manner in which Natives of India, who have adopted the European style, in respect to boots and shoes, should be permitted to appear on official or semi-official occasions, in the presence of the servants of the British Government. The matter is not devoid of importance, as affecting the treatment of the upper classes of Natives by British Officers.

2. After consulting all the principal Officers in the country, civil and political, the Governor-General in Council is of opinion that a definite and specific rule on the subject has become necessary.

3. At some of the Presidency Towns and other large stations a practice has grown up whereby Natives wearing boots and shoes of European fashion are permitted to appear on all official and semi-official occasions before the highest functionaries of Government. The practice has for many years been allowed at Government House in Calcutta, and was definitively settled by Notification, No. 5356 of the 19th December, 1854, in the Foreign Department. It is now deemed requisite that the same privilege should be allowed throughout the Bengal Presidency; otherwise there would arise grave inconvenience if Natives of position and consequence who had enjoyed this concession at the Capital and before the Viceroy were to be denied it before any British Officers at the stations in the interior of the country. And unless the social practice at the Presidency be prescribed for observance everywhere quoad the servants of Government, and for official or semi-official occasions, individual Officers at a distance might have doubt as to what course to pursue; or individual Native gentlemen might feel uncertain as to what they are or are not entitled to do, and thus embarrassing personal questions might from time to time arise.

4. His Excellency in Council is therefore pleased to rule that all Natives of India wearing boots or shoes of European fashion may appear thus habited before all the servants of Government, in all places within the Bengal Presidency and its Dependencies, on all official or semi-official occasions, including Durbars of all descriptions. In the case of Natives wearing shoes of Indian fashion, the old social practice, whereby such shoes must be taken off within the customary limits, will be maintained by the servants of Government in their official or semi-official capacities.

5. In the High Courts established by Royal Charter, it will, of course, be for the Judges to decide whether any rule on the point is required for those Courts.

6. As already stated this Resolution is only to be applicable to the Bengal Presidency and its Dependencies. But a copy of this Resolution will be sent to the Governments of Madras and Bombay for their information.

SIMLA :
The 14th October, 1867.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for

the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

CAMP, MADRAS, *3rd March*, 1868.

(Signed) A. M. MONTEATH,
Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General, London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pies, per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kindom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southamton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

JUDICIAL DEPARTMENT.

The following Act is published for general information :—

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 27th March, 1868, and is hereby promulgated for general information :—

ACT No. VII OF 1868.

An Act to amend the law relating to Appeals and Reviews of Judgment in the Punjab.

WHEREAS it is expedient to amend the law relating to appeals and reviews of judgment in the Courts established in the Punjab; It is hereby enacted as follows:—

Preamble.

1. This Act may be called "The Punjab Appeals' Act, 1868."

Short title.

2. This Act shall extend only to the territories for the time being under the government of the Lieutenant-Governor of the Punjab. It shall come into operation from the thirtieth day of April, 1868, in regard to all appeals preferred after that day, and shall continue in force to the thirtieth day of April, 1873.

Extent of Act.

Commencement and continuance of Act.

Provided that, as to such appeals (if any) as shall before the day last mentioned have been preferred under the provisions herein contained, and shall not have been disposed of, this Act shall remain in force until such appeals shall have been disposed of as aforesaid.

3. Except when otherwise provided in this Act or any other Act in force for the time being, an appeal shall lie from the decrees of the Courts of original and appellate jurisdiction to the Courts authorized under Act No. XIX of 1865 (*The Punjab Courts' Act*) and Act IV of 1866 (*The Punjab Chief Court Act*) to hear appeals.

Appeals when to lie.

4. All appeals falling within the jurisdiction of the Courts established in conformity with the said Acts shall, save as in the said Acts and in this Act is otherwise provided, be regulated by the Code of Civil Procedure.

Code of Civil Procedure to apply to appeals.

5. If the decision of a Deputy Commissioner, or of a Commissioner passed in regular appeal, reverse or modify the decision of the Court of original jurisdiction on a point material to the merits of the case, the Commissioner, where the decision shall have been passed on regular appeal by the Deputy Commissioner, and the Chief Court where the decision shall have been passed on regular appeal by the Commismioner, may receive a second appeal, if, on a perusal of the grounds of appeal and of copies of the judgments of the Courts below, a further consideration of the case appear to the Commissioner or the Chief Court (as the case may be) requisite for the ends of justice.

Second regular appeals.

6. The memorandum of appeal prepared in the form and containing the particulars mentioned in the Code of Civil Procedure, ac-

Time for presenting appeal.

companied by copies of the judgments of the lower Courts, shall be presented in the Court empowered to hear the appeal within the period hereinafter specified, unless the appellant shall show sufficient cause to the satisfaction of such Court for not having presented the memorandum of appeal within such period, that is to say, within sixty days if the appeal lie to the Court of a Deputy Commissioner or Commissioner, and within ninety days if the appeal lie to the Chief Court.

The period shall be reckoned from and exclusive of the day on which the judgment and decree appealed against was pronounced, and also exclusive such time as may be requisite for obtaining a copy of the judgment and decree from which the appeal is made.

Confirmation of decision of lower Court.

7. When a memorandum of appeal, or an application for the admission of a special appeal, has been registered, the Appellate Court may, if it sees fit, after fixing a time for hearing the appellant or his pleader, and hearing him accordingly if he appears at such time, confirm the decision of the lower Court, without sending intimation of the appeal to such Court and without issuing notice to the respondent.

Chief Court may remove appeals.

8. The Chief Court of the Punjab may, whenever it thinks proper to do so, either on the agreement of the parties to that effect or for purposes of justice, remove and try any appeal falling within the jurisdiction of any Court subject to its superintendence.

Review of judgment.

9. Any person considering himself aggrieved by a decree of a Court of original jurisdiction from which no appeal shall have been preferred to a superior Court, or by a decree of a District or Divisional Court from which no regular or special appeal shall have been admitted by the Chief Court, or by a decree of the Chief Court, from which either no appeal may have been preferred to Her Majesty in Council, or, an appeal having been preferred, no proceedings in the suit have been transmitted to Her Majesty in Council, and who, from the discovery of new matter or evidence which was not within his knowledge or could not have been adduced by him at the time when such decree was passed, or from any other good or sufficient reason, may be desirous of obtaining a review of the judgment passed against him, may apply for a review of judgment by the Civil Court which passed the decree, or by any Court to which the business of the former Court has been transferred.

Except as hereinbefore provided, the judgments of the Civil Courts established in conformity with the said Acts and with Act No. III of 1868 (*to authorize the Local Government of the Punjáb to invest any person with the powers of an Assistant Commissioner or Tahsíldár*) shall not be subject to revision.

Pending suits.

10. If in any suit pending when this Act comes into operation it appear to the Court that the application of its provisions would deprive any party to a suit of a right of appeal which, but for the passing of this Act, would have belonged to him, the Court shall proceed according to the law in force immediately before this Act takes effect.

No. 873.—The following extract from the Proceedings of the Government of India, in the Military Department, regarding the expediency of preventing all unnecessary delay in posting to the Staff Corps, Officers who have completed their year's probation, is published for general information :—

No. 307.

Extract from the Proceedings of His Excellency the Right Hon'ble the Governor-General of India in Council, in the Military Department, under date the 5th March, 1868.

READ letter No. 29, dated 24th January, 1868, from the Right Hon'ble the Secretary of State for India, with annexures, respecting the expediency of preventing all unnecessary delay in posting to the Staff Corps, officers who have completed their year's probation.

OBSERVATIONS.—The Right Hon'ble the Governor-General in Council observes that some little delay is inevitable in all cases, as the probationer has to be examined, and his papers and certificates to be submitted.

2. Moreover, it has been decided that periods of general leave, whether on private affairs or medical certificate, cannot reckon as part of the year's probation required from each candidate; and, though private general leave should not be ordinarily granted, it cannot properly be always refused, whilst the grant of sick leave is unavoidable.

3. His Excellency in Council, however, considers that more may be done than has as yet been done to ensure the avoidance of all delay that is not absolutely necessary, as well as to render unnecessary the frequent references from His Excellency the Commander-in-Chief respecting officers who have been more than a year on probation, who are in too many cases suffered so to remain till enquiry is made regarding them.

4. His Excellency in Council is therefore pleased to direct that in future the head of the department,—or, in the cases of probationers in civil appointments, the civil officer under whom the officer is serving,—shall be held responsible for causing him to be examined without delay, or for *at once* reporting for the information of Government any circumstances that may prevent this being done on his completing the period of one year; and, further, that the date of admission to the Staff Corps will be one year only prior to the date on which the candidate passes the necessary tests, unless he can make it plain that he used every endeavour in his power, by timely application, &c., to avoid delay in his examination.

Ordered that a copy of above be forwarded to the Military Secretary to the Government of the Punjab, for the information of the Hon'ble the Lieutenant-Governor, with the request that the instructions may be carefully attended to.

No. 874.—Mr. J. W. Smyth, C. S., re-assumed charge of the Lahore district on the afternoon of the 23rd of March, 1868, from Mr. C. U. Aitchison, as Officiating Deputy Commissioner, and is hereby re-invested with the powers described in Section I. of Act XV. of 1862, with effect from that date.

JUDICIAL DEPARTMENT.

BOOK CIRCULAR,—No. IX.-1532 OF 1868.

From T. W. SMYTH, ESQUIRE,
Offg. Registrar of the Chief Court of the Punjab,

TO ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 25*th March*, 1868.

Chief Court of the Punjab.
(CRIMINAL SIDE.)

Present :
C. Boulnois, Esquire, D. Simson, Esquire, } *Judges.*

The Chief Court having observed in several cases which have lately come before it that the Magistrate has granted the application of the Police for the remand of the accused to Police custody on insufficient grounds, the Judges consider it necessary to call the attention of all Magistrates to the subject.

2. There is no express provision in the Code of Criminal Procedure regarding the remand of an accused person to Police custody after he has been sent before the Magistrate; but the Court is of opinion that, according to the spirit of the Code, such a course is only warranted under the same circumstances as would warrant the Magistrate's ordering the detention of the accused person by the Police for more than 24 hours under Section 152 of the Code of Criminal Procedure.

3. Magistrates are requested to observe the great distinction between such a remand and an ordinary remand to the Magistrate's lock-up, under Section 224, on the adjournment of an enquiry, owing to the absence of a witness or from any other reasonable cause.

4. The non-completion of the enquiry justifies the latter, but the former requires something more, as it is expressly provided by Section 152 that the non-completion of the enquiry shall not be deemed to be a sufficient cause for the detention of an accused person by the Police.

5. In the opinion of the Court, a remand to Police custody ought only to be granted in cases of real necessity, and when there is good reason to believe that the accused can point out property or do anything that will assist in elucidating the case.

6. The Police are too often desirous of retaining the accused in their custody for a longer period than 24 hours merely in the hope of extracting some admission of guilt from him. This is contrary to Section 146 and following Sections of the Code of Criminal Procedure, and to the spirit of the Code generally; and Magistrates must be careful not to facilitate this object by a too great readiness in granting remands. They should require the application to be on specific grounds, and to shew good cause for the presence of the accused at the Police Station being required.

By order of the Chief Court.
T. W. SMYTH,
Offg. Registrar.

CAMP, MADRAS, } (Signed) A. M. MONTEATH,
3rd March, 1868. } *Director General of the Post Office of India.*

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General, London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pies, per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kindom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southamton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

JUDICIAL DEPARTMENT.

The following Act is published for general information :—

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 27th March, 1868, and is hereby promulgated for general information :—

ACT No. VII OF 1868.

An Act to amend the law relating to Appeals and Reviews of Judgment in the Punjab.

Preamble.

WHEREAS it is expedient to amend the law relating to appeals and reviews of judgment in the Courts established in the Punjab; It is hereby enacted as follows:—

Short title.

1. This Act may be called "The Punjab Appeals' Act, 1868."

Extent of Act.

2. This Act shall extend only to the territories for the time being under the government of the Lieutenant-Governor of the Punjab. It shall come into operation from the thirtieth day of April, 1868,

Commencement and continuance of Act.

in regard to all appeals preferred after that day, and shall continue in force to the thirtieth day of April, 1873.

Provided that, as to such appeals (if any) as shall before the day last mentioned have been preferred under the provisions herein contained, and shall not have been disposed of, this Act shall remain in force until such appeals shall have been disposed of as aforesaid.

Appeals when to lie.

3. Except when otherwise provided in this Act or any other Act in force for the time being, an appeal shall lie from the decrees of the Courts of original and appellate jurisdiction to the Courts authorized under Act No. XIX of 1865 (*The Punjab Courts' Act*) and Act IV of 1866 (*The Punjab Chief Court Act*) to hear appeals.

Code of Civil Procedure to apply to appeals.

4. All appeals falling within the jurisdiction of the Courts established in conformity with the said Acts shall, save as in the said Acts and in this Act is otherwise provided, be regulated by the Code of Civil Procedure.

Second regular appeals.

5. If the decision of a Deputy Commissioner, or of a Commissioner passed in regular appeal, reverse or modify the decision of the Court of original jurisdiction on a point material to the merits of the case, the Commissioner, where the decision shall have been passed on regular appeal by the Deputy Commissioner, and the Chief Court where the decision shall have been passed on regular appeal by the Commissioner, may receive a second appeal, if, on a perusal of the grounds of appeal and of copies of the judgments of the Courts below, a further

consideration of the case appear to the Commissioner or the Chief Court (as the case may be) requisite for the ends of justice.

Time for presenting appeal.

6. The memorandum of appeal prepared in the form and containing the particulars mentioned in the Code of Civil Procedure, accompanied by copies of the judgments of the lower Courts, shall be presented in the Court empowered to hear the appeal within the period hereinafter specified, unless the appellant shall show sufficient cause to the satisfaction of such Court for not having presented the memorandum of appeal within such period, that is to say, within sixty days if the appeal lie to the Court of a Deputy Commissioner or Commissioner, and within ninety days if the appeal lie to the Chief Court.

The period shall be reckoned from and exclusive of the day on which the judgment and decree appealed against was pronounced, and also exclusive such time as may be requisite for obtaining a copy of the judgment and decree from which the appeal is made.

Confirmation of decision of lower Court.

7. When a memorandum of appeal, or an application for the admission of a special appeal, has been registered, the Appellate Court may, if it sees fit, after fixing a time for hearing the appellant or his pleader, and hearing him accordingly if he appears at such time, confirm the decision of the lower Court, without sending intimation of the appeal to such Court and without issuing notice to the respondent.

Chief Court may remove appeals.

8. The Chief Court of the Punjab may, whenever it thinks proper to do so, either on the agreement of the parties to that effect or for purposes of justice, remove and try any appeal falling within the jurisdiction of any Court subject to its superintendence.

Review of judgment.

9. Any person considering himself aggrieved by a decree of a Court of original jurisdiction from which no appeal shall have been preferred to a superior Court, or by a decree of a District or Divisional Court from which no regular or special appeal shall have been admitted by the Chief Court, or by a decree of the Chief Court, from which either no appeal may have been preferred to Her Majesty in Council, or, an appeal having been preferred, no proceedings in the suit have been transmitted to Her Majesty in Council, and who, from the discovery of new matter or evidence which was not within his knowledge or could not have been adduced by him at the time when such decree was passed, or from any other good or sufficient reason, may be desirous of obtaining a review of the judgment passed against him, may apply for a review of judgment by the Civil Court which passed the decree, or by any Court to which the business of the former Court has been transferred.

Except as hereinbefore provided, the judgments of the Civil Courts established in conformity with the said Acts and with Act No. III of 1868 (*to authorize the Local Government of the Punjáb to invest any person with the powers of an Assistant Commissioner or Tahsíldár*) shall not be subject to revision.

Pending suits.

10. If in any suit pending when this Act comes into operation it appear to the Court that the application of its provisions would deprive any party to a suit of a right of appeal which, but for the passing of this Act, would have belonged to him, the Court shall proceed according to the law in force immediately before this Act takes effect.

The 1st April, 1868.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kindom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southamton, and one rupee ten annas and eight pie *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

JUDICIAL DEPARTMENT.

The following Acts are published for general information :—

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 27th March, 1868, and is hereby promulgated for general information :—

ACT No. VII OF 1868.

An Act to amend the law relating to Appeals and Reviews of Judgment in the Punjab.

WHEREAS it is expedient to amend the law relating to appeals and reviews of judgment in the Courts established in the Punjab; It is hereby enacted as follows :—

Preamble.

1. This Act may be called "The Punjab Appeals' Act, 1868."

Short title.

2. This Act shall extend only to the territories for the time being under the government of the Lieutenant-Governor of the Punjab. It shall come into operation from the thirtieth day of April, 1868, in regard to all appeals preferred after that day, and shall continue in force to the thirtieth day of April, 1873.

Extent of Act.

Commencement and continuance of Act.

Provided that, as to such appeals (if any) as shall before the day last mentioned have been preferred under the provisions herein contained, and shall not have been disposed of, this Act shall remain in force until such appeals shall have been disposed of as aforesaid.

3. Except when otherwise provided in this Act or any other Act in force for the time being, an appeal shall lie from the decrees of the Courts of original and appellate jurisdiction to the Courts authorized under Act No. XIX of 1865 (*The Punjab Courts' Act*) and Act IV of 1866 (*The Punjab Chief Court Act*) to hear appeals.

Appeals when to lie.

4. All appeals falling within the jurisdiction of the Courts established in conformity with the said Acts shall, save as in the said Acts and in this Act is otherwise provided, be regulated by the Code of Civil Procedure.

Code of Civil Procedure to apply to appeals.

5. If the decision of a Deputy Commissioner, or of a Commissioner passed in regular appeal, reverse or modify the decision of the Court of original jurisdiction on a point material to the merits of the case, the Commissioner, where the decision shall have been passed on regular appeal by the Deputy Commissioner, and the Chief Court where the decision shall have been passed on regular appeal by the Commissioner, may receive a second appeal, if, on a perusal of the grounds of appeal and of copies of the judgments of the Courts below, a further consideration of the case appear to the Commissioner or the Chief Court (as the case may be) requisite for the ends of justice.

Second regular appeals.

6. The memorandum of appeal prepared in the form and containing the particulars mentioned in the Code of Civil Procedure, accompanied by copies of the judgments of the lower Courts, shall be presented in the Court empowered to hear the appeal within the period

Time for presenting appeal.

hereinafter specified, unless the appellant shall show sufficient cause to the satisfaction of such Court for not having presented the memorandum of appeal within such period, that is to say, within sixty days if the appeal lie to the Court of a Deputy Commissioner or Commissioner, and within ninety days if the appeal lie to the Chief Court.

The period shall be reckoned from and exclusive of the day on which the judgment and decree appealed against was pronounced, and also exclusive such time as may be requisite for obtaining a copy of the judgment and decree from which the appeal is made.

Confirmation of decision of lower Court.

7. When a memorandum of appeal, or an application for the admission of a special appeal, has been registered, the Appellate Court may, if it sees fit, after fixing a time for hearing the appellant or his pleader, and hearing him accordingly if he appears at such time, confirm the decision of the lower Court, without sending intimation of the appeal to such Court and without issuing notice to the respondent.

Chief Court may remove appeals.

8. The Chief Court of the Punjab may, whenever it thinks proper to do so, either on the agreement of the parties to that effect or for purposes of justice, remove and try any appeal falling within the jurisdiction of any Court subject to its superintendence.

Review of judgment.

9. Any person considering himself aggrieved by a decree of a Court of original jurisdiction from which no appeal shall have been preferred to a superior Court, or by a decree of a District or Divisional Court from which no regular or special appeal shall have been admitted by the Chief Court, or by a decree of the Chief Court from which either no appeal may have been preferred to Her Majesty in Council, or, an appeal having been preferred, no proceedings in the suit have been transmitted to Her Majesty in Council, and who, from the discovery of new matter or evidence which was not within his knowledge or could not have been adduced by him at the time when such decree was passed, or from any other good or sufficient reason, may be desirous of obtaining a review of the judgment passed against him, may apply for a review of judgment by the Civil Court which passed the decree, or by any Court to which the business of the former Court has been transferred.

Except as hereinbefore provided, the judgments of the Civil Courts established in conformity with the said Acts and with Act No. II of 1868 (*to authorize the Local Government of the Punjáb to invest any person with the powers of Assistant Commissioner or Tahsíldár*) shall not be subject to revision.

Pending suits.

10. If in any suit pending when this Act comes into operation it appear to the Court that the application of its provisions would deprive any party to a suit of a right of appeal which, but for the passing of this Act, would have belonged to him, the Court shall proceed according to the law in force immediately before this Act took effect.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General, London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those, *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pie per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kindom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southampton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect of the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

JUDICIAL DEPARTMENT.

BOOK CIRCULAR,—No. XI-2032 OF 1868.

FROM

T. W. SMYTH, ESQUIRE,

Officiating Registrar of the Chief Court of the Punjab,

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 25th April, 1868.

Chief Court of the Punjab.

Present:

C. Boulnois, Esquire, D. Simson, Esquire, } *Judges.*

The Chief Court is pleased to circulate for information copies of the subjoined correspondence, and to request that Deputy Commissioners in distributing the business in the Courts subordinate to them may be guided, as far as practicable, by the instructions contained in para. 2 of the letter of the Secretary to Government.

By order of the Chief Court,

T. W. SMYTH,

Offg. Registrar.

Extract from a letter, No. 1784, dated 9th April, 1868, from the Officiating Registrar of the Chief Court of the Punjab, to the Secretary to Government, Punjab.

I am directed to acknowledge the receipt of your letter, No. 359, dated 12th ultimo, and in reply to state as follows :—

2. The adoption of the measure proposed in para. 6 of your letter would obviate the most important of the Court's objections to the system of investing Naib Tehseeldars with Civil powers; and the Judges are of opinion that it would afford all the relief required by the Judicial Courts in those Districts where there is a pressure of Civil Suits.

3. As to the question whether Government has the power, under Act XIX of 1865, to confer upon Naib Tehseeldars powers of a more limited character than those set forth in the Act, the Court is of opinion that it would not be inconsistent with the terms of sections 5 and 6 of Act XIX of 1865 to hold that the Local Government had such power. The Judges entirely concur in the expediency of this measure, and they would recommend, as proposed in your letter, that Naib Tehseeldars be invested with powers to try only suits cognizable by Small Cause Courts and not exceeding rupees 50 in value.

Copy of a letter, No. 511, dated 13th April, 1868, from the Secretary to Government, Punjab, to the Registrar of the Chief Court, Punjab.

In reply to your letter, No. 1784, dated 9th instant, I have the honor to state for the information of the Judges of the Chief Court that in future Naib Tehseeldars will only be invested with the judicial powers specified in para. 3 of your letter.

2. In the case, however, of Naib Tehseeldars who have already been invested with judicial powers, I am to suggest that instructions be issued by the Chief Court to District Officers so to distribute the work of their subordinate Courts that only suits of the nature of those cognizable by Courts of Small Causes, and not exceeding rupees 50 in value or amount, may come under the cognizance of Naib Tehseeldars.

Only one anna stamps will be rece[ived in] payment for such advertisements, and [all com]munications regarding them must be su[fficiently] prepaid.

The following notice is published, by [order of] the Commissioner and Superintendent, [Jullun]dhur Division, for the information of t[ravellers] proposing to visit Kúllu and Lahoul d[uring the] ensuing season :—

NOTICE.

While travellers visiting Kúllu have e[xperienced] difficulty in obtaining coolies and su[pplies, the] people complain of not being adequately [paid for] what they provide. Under the sanction [of His] Honor the Lieutenant-Governor, the [following] rules have been prescribed, which it is ho[ped will] promote the convenience of the public, [as far as] this can be done with due regard to th[e interests] of the people :—

1*st*.—Travellers visiting Kúllu are re[quested to] intimate to the Assistant Commissione[r] and during his absence to Tahsild[ar, at] least ten days beforehand, the route [by which] they intend to travel, the probabl[e dates on] which the principal points will be r[eached, the] number of coollies required, and the [number of] persons (including coolies) as well a[s ...] goats, if these be taken, requiring to be [fed].

Travellers not complying with this [rule will] be liable to detention until supplies a[nd coolies] can be procured for them.

2*nd*.—The number of coolies should [be reduc]ed as much as possible, and if the be[aten roads] only are to be followed, mules should [be taken] in preference to coolies if obtainable.

3*rd*.—It is desirable to avoid as m[uch as pos]sible travelling in large parties, as co[olies in] remote parts can obviously be more [easily sup]plied to two small parties succeeding [each other] than to one large party.

4*th*.—At each stage the Negees or [...] will provide coolies and supplies; th[ey will be] furnished with a price current signed by [the As]sistant Commissioner, Kúllu. Travellers [are re]quested to see that coolies and supplies [are paid] in accordance therewith, making [an entry to] that effect in the books which will b[e kept] for this purpose.

5*th*.—The rate of coolie hire in K[úllu ...] where less than 3 annas a stage; for [...] and more difficult stages 4 annas [...] be paid ; and for passing over diffic[ult passes ...] the Rotung, 6 annas will be charged.

culars regarding each stage will be entered in the books referred to above.

6th.—It is necessary to warn intending travellers to Lahoul that, owing to the commencement of settlement operations in that sparsely populated province, it will for this year be next to impossible to supply porters for carriage in any quantities. What labor may be avaidable will be required for the construction of Government Works on the road to Léh.

7th.—But the road is now fit for laden mules, and travellers who provide themselves before their march with ponies or mules or coolies from a distance, thus rendering themselves independent of local carriage, will find no difficulty in passing through.

8th.—A few coolies can perhaps be given in Lahoul now and then, and if timely application be made to the Assistant Commissioner, Kúllu, he will do all in his power to facilitate the passage of travellers.

W. M. Young,
Asst. Commissioner.

Kullu,
The 24th April, 1868.

Postal Notice.

Under instructions this day received from H... Majesty's Postmaster General, it is notified ...

ted Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

(Signed) A. M. MONTEATH,
Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th. The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B.)

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train

Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance*.

10. The following conditions will be observed in calculating charges, *viz.*:—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of $3\frac{1}{3}$ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed $5\frac{1}{2}$ feet square by $3\frac{1}{2}$ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts engaged may be filled with troops and ba[ggage] in such way as is convenient, subject only to [the] condition that the aggregate weight shall [not] exceed 30 maunds for a wagon and 15 maunds [for] a cart, and to any local regulations in respect [of] weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be en[gaged] for Government passengers on the same [con]ditions as for troops.

16. Troops sent singly or in small num[bers] *as passengers* will be charged at the same [rates] as passengers, and will be allowed to carry free baggage, the authorized kit.

17. Government Officers must pay for the [use] of the Bullock Train in the same way as p[rivate] parties: but troops, passengers, or goods forward[ed] under a requisition signed by an auth[orized] Officer will be forwarded and delivered w[ithout] actual payment, subject to adjustment wi[th the] Offices of Account in Calcutta.

The only Officers authorized to sign re[quisi]tions as above are—

Chief Officer at any Station of the .. { Commissariat Depart[ment]. / Ordnance Departme[nt]. / Quarter Master Ge[neral's] Department.

Station Staff Officer—where there is no [officer] of the Quarter Master General's Depart[ment].

Military Store-keeper .. C[…]

Clothing Agent .. .. C[…]

18. Requisitions from these Offi[cers must] contain a full specification of the n[umber of] packages and the address of each, the nu[mber of] passengers and their destination, and the [num]ber of carts or wagons (as the case m[ay be]) required for troops, with the station of a[…]

GENERAL DEPARTMENT.

The following extract from the *Gazette of India* of the 25th April, 1868, is re-published for general information :—

FINANCIAL DEPARTMENT.

NOTIFICATION.

Fort William, the 20th April, 1868.

No. 2464.

Resolution by the Government of India, Financial Department (Separate Revenue—Assessed Taxes).

The Governor-General of India in Council, in accordance with the authority given him under Section 35 of Act IX. of 1868, is pleased to prescribe the following rules for the guidance of Officers in matters connected with the enforcement of the said Act:—

1. Owing to the exemption of all persons whose annual profits are less than Rs. 500, the number of persons required to take out certificates under Act IX. of 1868 will be about one-fifth the number required to take out licenses under Acts XXI. and XXIX. of 1867. The work performed and the experience gained under the License Tax Act will greatly diminish the labor and difficulty of carrying out the Certificate Act. The Governor-General in Council therefore hopes that, excepting in the Presidency towns and some few of the larger towns in India, the provisions of the Act will be carried out by the ordinary executive officers of Government and their subordinates without extra assistance or special establishments. Where such extra assistance is necessary, it will probably not be required for more than a few months.

2. The powers of Collector under the Act are primarily given to the Collector of land revenue, and the powers of a Commissioner to the Commissioner of land revenue.

The different powers of a Collector are as follows :—

1st.—The determination of what persons are liable to take out certificates, and under which class of Schedule A. each person is to be assessed, and the preparation of a list in accordance with such determination (Secs. 12 and 13).

2nd.—The granting certificates and receiving payment for the same (Sec. 10).

3rd.—The hearing and disposing of petitions objecting to the assessment (Secs. 14 and 15).

4th.—The serving of notices on defaulters (Secs. 17 and 28).

5th.—The prosecution of persons before the Magistrate—

(*a*) for not taking out a certificate (Sec. 17).

(*b*) for refusing to produce a certificate on demand (Sec. 18).

6th.—The recovery of the tax by process of the revenue law (Sec. 29).

The Collector has also certain powers with respect to the assessment of Joint Stock Companies and their servants.

The powers of a Commissioner are confined to the hearing and deciding appeals from orders passed by the Collector on petitions of objection (Sec. 15).

Under Section 31, the Local Governments can confer *any* or *all* of these powers on any person other than the Collector and Commissioner of land revenue.

In determining what persons, if any, should be entrusted with any or all of the powers of a Collector or Commissioner, Local Governments will be guided by considerations of convenience to the tax-payers and the means at the disposal of Government for utilizing its own officers, or, where it may be necessary, non-official persons. It may be convenient, for instance, to confer the powers of a Collector, so far as regards the preparation of the list and the granting certificates, on one person, and to reserve the remaining powers for another. It may also sometimes be proper, while giving an officer power to determine the classes in which each person is to be assessed, to reserve to another officer the preparation of the list so far as regards some of the higher classes.

The Governor-General in Council authorizes Local Governments to entertain the necessary establishments in anticipation of the formal sanction, application for which should be made without delay.

3. To each person entrusted with any or all of the powers of a Collector or Commissioner there should, ordinarily, be assigned a definite portion of the district, in which he may exercise such powers. So soon as the Local Governments have determined what officers shall exercise any or all of the powers of a Collector and Commissioner in each district, or portion of a district, the preparation of the lists prescribed in Section 13 should be commenced. Although these lists will have no legal force until the 1st day of May, their preparation should not be delayed. Under the terms of Sections 5 and 10, only one certificate is necessary for each person, however many professions or trades such person may exercise, and in how many soever places or districts. This certificate must be granted by the Collector of the district in which the principal place of business of such person is situate. The Collector must therefore, before determining the class in which any person is to be assessed, be careful to ascertain whether that person exercises or intends to exercise any profession or trade in any other place or district, and, if so, he must communicate with the Collector of that district in order to form a fair estimate of the annual profits of such person, and to determine which is the principal place of business of such person. Section 33 sufficiently provides for the determination of any difference of opinion as to the district in which payment is to be made and the certificate granted. The Governor General in Council is pleased to declare, as a general rule, that the ordinary place of residence of the person assessed, and in the case of a firm the ordinary place of residence of the head acting partner, shall be held to be the principal place of business of such person or firm.

4. In determining the class in which person is to be assessed, the Collector, while staining from inquisitorial proceedings and interrogations of the person himself, should avail himself of every proper means of arriving at a estimate of the truth. Besides his official subordinates, some of the respectable inhabitants of the town, such as the heads of trades and professions, will generally be able and willing to assist the Collector in the process of classification. If any person volunteers information to the Collector, either orally or by a written statement, regarding his own annual profits, information should be received and ... *quantum valeat.*

5. In making any assessment of annual profits under Schedule A., the following ... must be left out of the account, that is to ... 1. Rents or profits from land or from ... whether the recipients be proprietors, lessees, cultivators. 2. Interest of money invested ... the funds or any stock or otherwise, except ... case of bankers or money-dealers, or where ... interest arises in the course of the regular transactions of any profession or trade.

6. The lists will be in the form 1 appended, the classes being kept separate. If any person or firm intends to exercise more than one trade or profession, each such trade or profession should be entered in column 3, and each place ... each such trade or profession is intended ... exercised should be entered in column 4 ... natives of India, the lists will be in the vernacular. Separate lists will be made in English for Europeans, Eurasians, &c. If any person is removed from one class to another or entirely exempted, a note to that effect will be made in the column of remarks.

The notification (form 2) should be filed ... the list, and a notification to like intent should be made public throughout the district or portion of the district to which the list refers.

7. Certificates will be granted in form ... it is necessary that all the places in which ... certificate-holder intends to exercise his profession or trade during the year of assessment should be specified, the necessary information must be obtained at the time of application for the certificate. If it should then appear that the profits gained in any other place or district have been over... the Collector will not grant the certificate ... he has after due inquiry amended, if necessary, the list in respect of the class in which the ap... should be charged. In case a notice has ... served, it may be necessary to serve a fresh ... tice fifteen days after such amendment, if the assessment has not meanwhile been paid.

8. A register should be kept in form ... certificates granted, the particulars being filled ... at the time of granting the certificate to which they refer. Separate registers should be kept ... each class of certificate, and different sets of registers for Native and European certificate-holders. If subsequently any person is removed from ... class to another or entirely exempted, the ... cate should be amended or annulled, the fact ...

noted in the column of remarks in the register, and a new entry being made under the class to which the certificate has been removed.

9. Before passing orders on any petition of objection preferred under Section 15, the Collector must carefully examine the evidence presented by the petitioner, and call for such further evidence as may be necessary to arrive at a proper decision in the case. The ascertained profits of the year of account preceding the year of assessment will be *primâ facie* the basis of the Collector's decision. Any special circumstances tending to prove that the profits of the year of assessment will materially differ from the profits of the previous year will be allowed due weight.

10. Against the gross receipts no deductions should be allowed on account of disbursements or expenses not wholly and exclusively incurred on account of the profession or trade in respect of the profits of which the assessment has been made; nor on account of the maintenance of the person himself, or his family, or domestic establishment; nor on account of any public or local rates, cesses, or taxes. Deductions from the gross receipts may be allowed on account of the following items of expenditure :—

Sums expended in the repairs of implements, utensils, or articles used solely for the purpose of the profession or trade, calculated on the average expenditure for the past three years.

Sums expended for insurance of the premises, implements, or stock of the profession or trade.

Rent paid for any premises used for such profession or trade, provided that, if such premises shall not have been exclusively used for such profession or trade, a fair proportion only of such rent shall be deducted from the gross receipts.

Ten per cent. on the rack-rent of such premises, on account of repairs, if such repairs are at the cost of the petitioner.

Sums expended in the payment of persons employed solely in such profession or trade.

The amount of any losses of the stock-in-trade.

The amount of any bad debts for the first time ascertained and written off as such during the year.

Sums paid during the year for insurance of the life of person assessed or his wife, not exceeding one-tenth of the said profits.

Under the present Act, no deductions from the Imperial Tax on account of Municipal Taxes can be authorized.

11. The Collector must write his final order on every petition of objection, and supply the petitioner with a copy of such order on plain paper with its date on his application for the same. A register (form 5) of petitions received and disposed of should be kept by each Collector.

12. If it should appear in the course of the investigation that the petitioner exercises any profession or trade in any other place or district, the Collector must, previous to passing final orders, make due inquiries as to the profits gained in that other place or district.

13. Commissioners will be guided by the above rules, so far as they may be applicable, in determining appeals from the Collector's orders. A register (form 6) of all appeals will be kept by each officer exercising the powers of a Commissioner.

14. In the case of persons commencing any profession or trade in the course of the year of assessment, it will be necessary for the Collector to estimate the *annual* profits of such persons. For this purpose the assessment should be delayed for a time, in order that the Collector may be able to form a fair judgment as to the class in which such persons are to be charged. The Collector will then calculate what would be the probable profits for an entire year, and classify the person accordingly, entering his name in the list. The certificate will be granted on payment of one quarter, one half, three quarters, on the full tax of the class in which the person is so placed, according to the date on which the business was commenced. The decision of this date rests with the Collector under Section 12. It will be entered in the remark columns of the list (form 1) and register of certificates (form 4).

15. It will be observed that no notice can be served on a defaulter under Section 17 until at least fifteen days after the entry of his name in the list prepared under Section 13. Under no circumstances, therefore, can such notice be served before the 16th day of May. Notices will be in form 7. If the notice refer to the second instalment, it will be in form 8. A register of all such notices should be kept in form 9. Particular endeavours should be made to cause personal service of the notice. The mode in which the notice has been served should in all cases be entered in the register of notices. The Collector should be prepared to produce in case of necessity good evidence of the service of the notice. The form of notice (form 9) to be served upon defaulting Joint Stock Companies (form 10) is appended.

16. After the expiry of seven days from service of the notice, the defaulter may be prosecuted before the Magistrate. It will only be necessary for the Collector to prove the legal service of the notice, and it will not be competent to the Magistrate to make any further investigation or to enquire into the propriety of the assessment. It will be his duty, on being satisfied that the notice has been legally served, and that the demand has not been paid, to award the full penalty of twice the demand. He has under the Act no power of mitigating this penalty.

17. The tax in this case having become a penalty, the option of paying by instalments or of objecting to the assessment will be lost. A register of prosecutions (form 11) before the Magistrate under Sections 17 and 18 should be kept.

18. The Local Governments will make rules for the recovery of the tax by revenue processes

under Section 29, and prescribe the form of register for recording particulars of such processes.

19. The Magistrate will at once make over to the Collector all penalties recovered under Section 17, and the Collector will thereupon grant the necessary certificate. Fines under Section 18 will be dealt with as ordinary fines by a Magistrate under the Criminal Law.

20. Firms are to be assessed as persons, and the partners will not be liable as such to individual assessment. The above rules will therefore apply to firms as if they were persons.

21. Every Joint Stock Company has an option under the Act of paying Rs. 500 on each Branch or Agency in British India, or of paying one per cent. on the dividend declared by such Company during the year ending the 31st March previous to the year of assessment. Should a Joint Stock Company elect to pay on the dividend, it must, through the proper officer, on or before the 30th April, deliver a return to the Collector, stating the amount of the said dividend. Where no such dividend was declared, the Company, by making a return to that effect, will be entitled to complete exemption from the tax. It follows that, if any Joint Stock Company commences business during the year of assessment, such Company, by electing to pay on its dividend of the previous year may obtain exemption from the tax. The Governor General in Council is pleased to exempt all such Companies, whether they make a return or not. Although in strictness no Joint Stock Company will be legally entitled to claim taxation at one per cent. on its dividend in lieu of paying Rs. 500 on each Branch or Agency, unless the return be delivered on or before the 30th April, Collectors are authorized to accept such return and to proceed to assessment thereon, if it be delivered within a reasonable time after that date, on good cause being shown for the delay. Joint Stock Companies have not the option of paying by instalments.

22. The mode of assessment on official salaries having been entirely changed, all orders relating to such assessments under the License Tax Act or relating to refunds of the License Tax are cancelled, as being inapplicable and unnecessary in the present state of the law. Assessments on such salaries will be made in accordance with the provisions of Section 23 of Act IX. of 1868 and the following rules.

23. No servant of Government is liable to taxation in that capacity if his pay be less than Rs. 1,000 per annum. Under the term 'pay' is included all pay and allowances of appointments, whether substantive, officiating, or temporary, excepting special sums allowed to meet disbursements on the public service (not being fixed monthly allowances ordinarily paid with the salary of an office or employment, whether the service for which such allowance is nominally granted be performed or not). All sums stopped of payments to pension or annuity funds, to regimental mess or band funds, or the like, should be deducted from the pay previous to assess-

Every servant of Government, therefore the exceptions prescribed in Section 3), net pay and allowances thus calculated to Rs. 83-5-4 per mensem, is liable to ment on that net pay at the rate of one per to be deducted at the time of payment by Examiner of Claims, or other officer exer- the like functions.

24. Every such officer will keep a register form 12, showing the deductions made on a of the tax under the Act.

25. Any servant of Government who is ed to exercise any other profession or a trade his own account will be liable to separate ment by the Collector under Schedule A. in pect solely of his profits from such profes trade. In classifying such persons the Col will entirely leave out of the account their salaries, whether those salaries be less Rs. 1,000 per annum, or equal or exceed amount.

26. The case of persons holding employ under public institutions, such as Municipal the Asiatic Society, and the like, has not specially provided for in the Act. Such pe are liable to assessment by the Collector Schedule A. Collectors are authorized, ho to give such persons the option of being as in the same manner as servants of Govern or servants of Companies at one per cent their salaries. In many cases this arrange will be favorable to such persons in lessen actual amount of tax, while in all cases the be the advantage of the mode of payme deductions from time to time from their sa instead of payment in a lump sum or by instalments.

27. If any servant of Government has in his life or that of his wife, he may make ap tion to the Examiner of Claims or other whose duty it is to deduct the tax fro salary, and on proving to the satisfaction of officer the amount of any payment ma account of such insurance during the ye assessment, he will be entitled to a refund tax on such payment. Provided that such ment, together with the fund subscriptions may have been deducted from his salary therefore exempted from assessment, does exceed ten per cent. of the full salary. If so exceed ten per cent., refund will be dis on the excess.

28. On or before the 30th April, each Stock Company, through its proper offi bound to deliver to the Collector a list of in its employ whose salaries on that date the rate of Rs. 1,000 or more per annum. list will serve as a check on subsequent pay to be deducted from the salaries at the ra one per cent. But it must be observed that the rate of any such person's salary is during the year, the assessment will be one per cent. on the actual salary paid. Collector will take steps to satisfy himself such is the case. The Collector will mak

rangements with the Companies as to the time and method of receiving the amount of deductions from the salaries of persons in their employ. The payments to the Collector should be made at least once a quarter, if monthly payments be found inconvenient.

29. If any person in the employ of a Joint Stock Company exercise some other profession or trade, he will be assessed by the Collector in respect solely of the profits of that profession or trade, under Schedule A., in the same manner as servants of Government exercising a profession or trade as prescribed in Rule 23.

30. If any person in the employ of a Joint Stock Company has insured his life or that of his wife, he may make application to the Collector of the district in which the principal place of business of the said Company is situate, and on proving to the satisfaction of the said Collector the amount of any payment made on account of such insurance during the year of assessment, he will be entitled to a refund of the amount of the tax on such payment. Provided that such refund do not exceed one-tenth of the amount of the tax paid by the said servant of a Company. Collectors will keep registers (form 13) of amounts received on account of assessments on servants of Companies and of refunds under this rule. In this register may be entered the servants of public bodies as Municipalities who have been similarly assessed.

31. In every case where the assessment is made at one per cent. on salaries or dividends, pies of the tax will be neglected. The salaries to be assessed will be those on account of and not those paid during the year of assessment. The first assessment therefore on Government officials and servants of Companies will be made on the salaries for the month of May.

32. All taxes collected under this Act, and all penalties recovered under Section 17, will be credited to the Government of India under the Budget head "Assessed Taxes." When the second instalment is paid in advance, the full tax will be credited, the discount being charged *per contra*.

33. Each Local Government will submit quarterly to the Government of India in the Financial Department returns, in the forms 14 to 17. At the end of the year of assessment the annual return, form 18, will be submitted. This return relates only to assessments under Schedule A. Joint Stock Companies assessed under Section 22, Government officials, and servants of Companies assessed on their salaries, will not be included in it. It should be prepared in two parts, one for Natives, and the other for Europeans, Eurasians, &c. It is essential that no deviation be made in any of these forms of returns to the Government of India, as it is intended to compile from them general returns for all India. With the annual returns the Governor General in Council will be glad to receive from each Local Government a general report on the administration of the Act.

34. The Governor General in Council is pleased to delegate to all Local Governments the power of making further rules subsidiary to these rules under Section 36 of the Act. Such further rules should be reported for sanction to the Governor General in Council.

ORDERED, that the foregoing Resolution be communicated to the other Departments of the Government of India, the several Local Governments and Administrations, the Comptroller General of Accounts, and the several Accountants General and Deputy Accountants General in independent charge, and with the accompanying forms be published in the *Gazette of India*.

The 30th April, 1868.

No. 419.

The following Resolution is published for general information :—

No. 418, *dated 30th April*, 1868.

READ Circular, dated 18th June, 1864, No. 941, issued from the Home Department, calling attention to the Rules of the Electric Telegraph Department applicable to service messages.

RESOLUTION.—His Excellency the Governor General in Council observes that these Rules are very far from being strictly observed ; and as some time has elapsed since they were first promulgated, it appears necessary to call the attention of all Government servants, Civil and Military, to their existence.

His Excellency in Council accordingly resolves that the Circular cited above be re-published in the *Gazette of India*, and that copies be sent to all Departments, Governments, and Administrations, with a request that the orders may be extensively circulated among all Government officers; and that it may be intimated to all concerned that all messages regarding leave, pay, promotion, or appointment, or other matters of a private character, must be paid for by the person sending them, unless it is perfectly clear that the interests of the public service will be injuriously affected, unless the particular message in question be sent by Telegraph.

The Military Department will also be asked to furnish copies to the Commanders-in-Chief in the three Presidencies for communication to the Commanding Officers.

Circular from E. C. Bayley, Esq., Secretary to the Government of India, Home Department, to the Local Governments and Administrations.—(No. 941, dated Simla, 18th June, 1864.)

The Governor-General in Council finds it necessary again to call attention to the Rules of the Electric Telegraph Department applicable to service messages.

2. The periodical inspection of service messages undertaken in Calcutta shows that it is still a common practice on the part of Secretaries to Government, Heads of Departments, Officers Commanding Regiments, and other public officers, to communicate regarding applications for leave of absence and applications for appointments by Telegraph on the public service.

3. Such communications are in fact very rarely required in the interests of the public service. In nine cases out of ten they are made for the private convenience of the party concerned, and therefore the messages ought not to be sent at the public expense.

4. If an officer seeking leave or applying for an appointment desires to receive a reply by Telegraph, he should pay for the reply himself, for no such message can properly be sent at the public expense, unless it be so sent because it is in good faith believed that the interests of the public service require it.

5. The extent of the evil which results from the irregular practice above noted may not readily strike an individual public officer who may perhaps only send one or two such messages in a month. The evil, however, is in reality a very great one, for the irregularity is found to be prevalent throughout India wherever telegraphic communication is available, and [illegible] probably not a day passes that private messages which have been paid for and messages which are really on the public service are not delayed in transit by the passage of some of these unpaid private messages improperly sent on the public service.

6. The difference between the Post Office and the Telegraph in this matter is obvious, though there is reason to suppose that it is not always borne in mind. No one communicating with Government or with any public functionary is entitled to expect a reply by Telegraph. *The Telegraph is an extraordinary means of communication, which is not intended to be used in the transaction of public business except on urgent and important occasions, and when the saving of time effected by the Telegraph is of real importance to the public interests* ; and it is of the utmost consequence to the interests of the general public, and also as regards the economical working of the Telegraph, that this rule should be rigidly observed by all public officers, and especially by those who hold posts of authority.

7. Another common and very serious evil in communicating by Telegraph on the public service is the entire absence of any care to express the messages in the fewest possible words. It should be always borne in mind that a message should consist of as few words as are consistent with a clear rendering of its meaning. It cannot be too strongly impressed on public officers that communications by Telegraph must be conveyed in a style altogether different from that which is usual in postal communications. Brevity, next to clearness, must be considered the most important consideration in telegraphic messages.

- Letter from this Department to the Chief Commissioner of the Central Provinces, No. 3006, dated 27th October, 1866.

RESOLUTION.—On a reconsideration of the whole subject, the Governor-General in Council has come to the conclusion that it is desirable to distinguish the Bi-colored Stamps used for Deeds and other Non-Judicial documents enumerated in Schedule A of Act X of 1862, from the Judicial papers specified in Schedule B of Act XXVI of 1867 by the use of differently colored inks. His Excellency in Council is accordingly pleased to direct that a Notification be published prescribing the two descriptions of Bi-color Stamps to be used for the above-mentioned documents, in accordance with the suggestion contained in para. 5, cited in the margin, of the letter from the then Officiating Chief Commissioner of the Central Provinces, No, 3688—291, dated the 25th September, 1865.

> 5. The Officiating Chief Commissioner would accordingly recommend that the Bi-color Stamp at the top of stamped papers should remain as it is for Judicial Stamps, and that for Stamps required under Schedule A it should be blue and black instead of red and black.

ORDER—Ordered, that a copy of the above Resolution, together with a copy of the Notification therein referred to, be sent to the Government of Bengal for information and guidance, and with a request that that Government will be so good as to instruct the Superintendent of Stamps at Calcutta to prepare the requisite Stamp Paper within such time as will ensure a supply of the same being in the hands of all Stamp Vendors by the date fixed in the Notification.

Ordered, also, that a copy of the Resolution, and of the Notification referred to, be sent to the other local Governments and Administrations for information and guidance, and with the expression of a hope that they may see fit to cause the issue of such subsidiary instructions as will ensure all Stamp Vendors having a supply of the same by the date fixed in the Notification.

Ordered, further, that a copy of the above Resolution be published at the same time with the Notification therein referred to in the *Gazette of India.*

PIND DADUN KHAN,
The 28th April, 1868.

The following notice is published, by order of the Commissioner and Superintendent, Jullundhur Division, for the information of travellers proposing to visit Kúllu and Lahoul during the ensuing season:—

NOTICE.

While travellers visiting Kúllu have experienced difficulty in obtaining coolies and supplies, the people complain of not being adequately paid for what they provide. Under the sanction of His Honor the Lieutenant-Governor, the following rules have been prescribed, which it is hoped will promote the convenience of the public, as far as this can be done with due regard to the interest of the people:—

1st.—Travellers visiting Kúllu are requested to intimate to the Assistant Commissioner, in Kúllu, and during his absence to Tahsildar, Kúllu, at least ten days beforehand, the route by which they intend to travel, the probable dates on which the principal points will be reached, the number of coolies required, and the number of persons (including coolies) as well as cattle or goats, if these be taken, requiring to be fed.

Travellers not complying with this rule will be liable to detention until supplies and coolies can be procured for them.

2nd.—The number of coolies should be limited as much as possible, and if the beaten tracks only are to be followed, mules should be taken in preference to coolies if obtainable.

3rd.—It is desirable to avoid as much as possible travelling in large parties, as coolies in the remote parts can obviously be more readily supplied to two small parties succeeding each other than to one large party.

4th.—At each stage the Negees or headmen will provide coolies and supplies; they will be furnished with a price current signed by the Assistant Commissioner, Kúllu. Travellers are requested to see that coolies and supplies are paid for in accordance therewith, making an entry to that effect in the books which will be provided for this purpose.

5th.—The rate of coolie hire in Kúllu is nowhere less than 3 annas a stage; for the longer and more difficult stages 4 annas will have to be paid; and for passing over difficult passes like the Rotung, 6 annas will be charged. Full particulars regarding each stage will be entered in the books referred to above.

6th.—It is necessary to warn intending travellers to Lahoul that, owing to the commencement of settlement operations in that sparsely populated province, it will for this year be next to impossible to supply porters for carriage in any quantities. What labor may be avaidable will be required for the construction of Government Works on the road to Léh.

7*th*.—But the road is now fit for laden mules, and travellers who provide themselves before their march with ponies or mules or coolies from a distance, thus rendering themselves independent of local carriage, will find no difficulty in passing through.

8*th*.—A few coolies can perhaps be given in Lahoul now and then, and if timely application be made to the Assistant Commissioner, Kúllu, he will do all in his power to facilitate the passage of travellers.

PIND DADUN KHAN, *The 28th April*, 1868. }

The following notice is published, by or[illegible] the Commissioner and Superintendent, J[illegible] dhur Division, for the information of tra[illegible] proposing to visit Kúllu and Lahoul during ensuing season:—

NOTICE.

While travellers visiting Kúllu have exper[illegible] difficulty in obtaining coolies and supplies people complain of not being adequately pa[illegible] what they provide. Under the sanction of Honor the Lieutenant-Governor, the follo[illegible] rules have been prescribed, which it is hoped promote the convenience of the public, as this can be done with due regard to the in[illegible] of the people:—

1*st*.—Travellers visiting Kúllu are request[illegible] intimate to the Assistant Commissioner, in K[illegible] and during his absence to Tahsildar, Kú[illegible] least ten days beforehand, the route by [illegible] they intend to travel, the probable da[illegible] which the principal points will be reached number of coolies required, and the num[illegible] persons (including coolies) as well as ca[illegible] goats, if these be taken, requiring to be fed.

Travellers not complying with this ru[illegible] be liable to detention until supplies and [illegible] can be procured for them.

2*nd*.—The number of coolies should be [illegible] ed as much as possible, and if the beaten [illegible] only are to be followed, mules should be [illegible] in preference to coolies if obtainable.

3*rd*.—It is desirable to avoid as much [illegible] sible travelling in large parties, as coolies [illegible] remote parts can obviously be more readily [illegible] plied to two small parties succeeding each [illegible] than to one large party.

4*th*.—At each stage the Negees or he[illegible] will provide coolies and supplies; they w[illegible] furnished with a price current signed by the [illegible] sistant Commissioner, Kúllu. Travellers a[illegible] quested to see that coolies and supplies are [illegible] in accordance therewith, making an e[illegible] that effect in the books which will be [illegible] for this purpose.

5*th*.—The rate of coolie hire in Kúllu [illegible] where less than 3 annas a stage; for the [illegible] and more difficult stages 4 annas will [illegible] be paid; and for passing over difficult pass[illegible] the Rotung, 6 annas will be charged. Full [illegible] culars regarding each stage will be ente[illegible] the books referred to above.

6*th*.—It is necessary to warn intending tr[illegible] lers to Lahoul that, owing to the commen[illegible] of settlement operations in that sparsely po[illegible] ed province, it will for this year be next t[illegible] possible to supply porters for carriage in [illegible] quantities. What labor may be avaidable w[illegible] required for the construction of Gover[illegible] Works on the road to Léh.

7*th*.—But the road is now fit for laden mules, and travellers who provide themselves before their march with ponies or mules or coolies from a distance, thus rendering themselves independent of local carriage, will find no difficulty in passing through.

8*th*.—A few coolies can perhaps be given in Lahoul now and then, and if timely application be made to the Assistant Commissioner, Kúllu, he will do all in his power to facilitate the passage of travellers.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom :—

Letters addressed to the United Kingdom.

Camp, Madras, *3rd March*, 1868.

(Signed) A. M. Monteath,
Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

Government Bullock Train.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th

The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B.)

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance.*

10. The following conditions will be observed in calculating charges, *viz.*:—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of $3\frac{1}{2}$ cubic feet per maund, and the hire for their carriage must be paid.

(4). No package will be conveyed between any stations for less than 4 annas.

11. Articles liable to injury by pressure or the usage to which they are necessarily subject in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed on the lines marginally noted (where carts are used instead of wagons) must not exceed $5\frac{1}{2}$ feet square by $3\frac{1}{2}$ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for a wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. Ordnance Department. Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.
Military Store-keeper .. Calcutta.
Clothing Agent .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number

packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

Notice.

The new Cart Road at Dhurmsala will be open for wheeled traffic on or about the 1st June, 1868. This road commences at the Kotwáli in the lower station (the old terminus of the Hoshiarpore and Dhurmsala Cart Road) and runs under the Convalescent Depôt Barracks past the Church to McLeod Gunge, in the upper station.

The length of the road from the Kotwàli to the Barracks is 4 miles, and from thence on to McLeod Gunge terminus about 1½ mile, making a total length of about 5½ miles.

The opening of this new road, while enabling carts to be taken the whole distance from Hoshiarpore to the upper station of Dhurmsala, obviates the inconvenience heretofore experienced when carts had to break bulk at the Kotwáli in the lower station and goods were carried from thence by coolies to the upper station.

The following notice is published, by or[der of] the Commissioner and Superintendent, [Jul]lhur Division, for the information of tr[avellers] proposing to visit Kúllu and Lahoul during [the] ensuing season :—

NOTICE.

While travellers visiting Kúllu have exp[erienced] difficulty in obtaining coolies and suppl[ies, the] people complain of not being adequately p[aid for] what they provide. Under the sanction of [His] Honor the Lieutenant-Governor, the follo[wing] rules have been prescribed, which it is hoped [will] promote the convenience of the public, as fa[r as] this can be done with due regard to the in[terests] of the people :—

1st.—Travellers visiting Kúllu are request[ed to] intimate to the Assistant Commissioner in K[...]

and during his absence to Tahsildar, Kúllu, at least ten days beforehand, the route by which they intend to travel, the probable dates on which the principal points will be reached, the number of coolies required, and the number of persons (including coolies) as well as cattle or goats, if these be taken, requiring to be fed.

Travellers not complying with this rule will be liable to detention until supplies and coolies can be procured for them.

2nd.—The number of coolies should be limited as much as possible, and if the beaten tracks only are to be followed, mules should be taken in preference to coolies if obtainable.

3rd.—It is desirable to avoid as much as possible travelling in large parties, as coolies in the remote parts can obviously be more readily supplied to two small parties succeeding each other than to one large party.

4th.—At each stage the Negees or headmen will provide coolies and supplies; they will be furnished with a price current signed by the Assistant Commissioner, Kúllu. Travellers are requested to see that coolies and supplies are paid for in accordance therewith, making an entry to that effect in the books which will be provided for this purpose.

5th.—The rate of coolie hire in Kúllu is nowhere less than 3 annas a stage; for the longer and more difficult stages 4 annas will have to be paid; and for passing over difficult passes like the Rotung, 6 annas will be charged. Full particulars regarding each stage will be entered in the books referred to above.

6th.—It is necessary to warn intending travellers to Lahoul that, owing to the commencement of settlement operations in that sparsely populated province, it will for this year be next to impossible to supply porters for carriage in any quantities. What labor may be available will be required for the construction of Government Works on the road to Léh.

7th.—But the road is now fit for laden mules, and travellers who provide themselves before their march with ponies or mules or coolies from a distance, thus rendering themselves independent of local carriage, will find no difficulty in passing through.

8th.—A few coolies can perhaps be given in Lahoul now and then, and if timely application be made to the Assistant Commissioner, Kúllu, he will do all in his power to facilitate the passage of travellers.

SIMLA :
The 14th October, 1867.

Postal Notice

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas ; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant ; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom :—

(Signed) A. M. MONTEATH,
Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th

The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance.*

10. The following conditions will be observed in calculating charges, *viz.* :—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion [of the] Government Agent be charged by [measure]ment at the rate of $3\frac{1}{3}$ cubic feet per [maund] and the hire for their carriage [must be pre]paid.

(4). No package will be conveyed between [any two] stations for less than 4 annas.

11. Articles liable to injury by pressure [or] the usage to which they are necessarily [subjected] in the process of loading, unloading, &c., [must] be securely packed in substantial cases, [and] liable to injury by damp or wet should be [packed] in water-proof coverings.

12. The address of packages must [be in] English, and so written or painted as [not to be] easily rubbed off.

13. Packages which have to be conveyed [over] the lines marginally [noted] (where carts are used [instead] of wagons) must not [exceed] $5\frac{1}{2}$ feet square by [...] depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled [vehi]cles, such as Artillery [...] bulances, will be charged as stores; each two-wheeled vehicle being [reckon]ed as equivalent to 10 maunds, and each [four-]wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be [regulated] by the number of carts [(two-]wheeled)* or wagons [(four-]wheeled) supplied on [requisi]tion: the charge for [each] wagon being reckoned [at the] rate payable for 30 [maunds] of goods, and the charge for each cart at [the rate] payable for 15 maunds. The wagons or [carts] engaged may be filled with troops and [baggage] in such way as is convenient, subject only [to the] condition that the aggregate weight shall [not] exceed 30 maunds for a wagon and 15 maunds [for] a cart, and to any local regulations in respect [to] weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be [engaged] for Government passengers on the same [con]ditions as for troops.

16. Troops sent singly or in small [parties] *as passengers* will be charged at the same [rates] as passengers, and will be allowed to carry [as] free baggage, the authorized kit.

17. Government Officers must pay for [the use] of the Bullock Train in the same way as [private] parties: but troops, passengers, or goods [book]ed under a requisition signed by an au[thorized] Officer will be forwarded and delivered [without] actual payment, subject to adjustment [by the] Offices of Account in Calcutta.

The only Officers authorized to sign [requisi]tions as above are—

Chief Officer at any Station of the .. { Commissariat Department. Ordnance Department. Quarter Master General's Department.

Station Staff Officer—where there is no O[fficer] of the Quarter Master General's Department .. C[...]

Military Store-keeper .. C[...]

Clothing Agent ..

18. Requisitions from these Officers [must] contain a full specification of the nu[mber ...]

packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

The indents should include the supply required for Cantonments and Sub-divisions.

Certificates will ordinarily be filled up in English and Vernacular, as was done last year, in the Collector's Office, or they may be partly filled up by the applicant.

The certificate is itself the receipt for the money paid by the person assessed.

The forms of notices prescribed by Government of India may be arranged for by Deputy Commissioners in the same way as the occasional forms of the Revenue Department.

The forms of quarterly and annual returns will be supplied through the Financial Commissioner's Office.

The Registers should be prepared in Collectors' Offices in the form prescribed by Government of India.

Last year it was found convenient in some districts to convert the duplicate certificate into Registers, and to bind them up in volumes. This plan may still be adopted, provided the classes are kept separate and a column is provided for remarks, as required by Government of India, Form 4.

A translation of portions of this Notification will be supplied for dissemination in the interior of the districts.

A translation of the Government of India Resolution for the guidance of Government Officers will follow.

Orders regarding establishments will be communicated separately to Commissioners.

For all other details the Act itself and the Government of India Resolution must be consulted.

MILITARY DEPARTMENT.

Simla, Saturday, 23rd May, 1868.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL, DATED 23RD MAY, 1868.

His Excellency the Viceroy and Governor-General of India in Council has the highest satisfaction in directing the re-publication of a General Order issued by His Excellency Lieutenant-General Sir Robert Napier, G. C. B., G. C. S. I., to the Soldiers and Sailors of the Army of Abyssinia, in which His Excellency congratulates them upon their successes, and thanks them for their great exertions and endurance.

The Viceroy in Council can add nothing to what is so justly said by Sir R. Napier in praise of his Force, but His Excellency desires to express his admiration at the whole conduct of the Expedition, and to record his opinion that no Army could have been led with more ability, energy, and forethought under circumstances of peculiar difficulty, than have been displayed by Sir R. Napier in this campaign.

The troops were worthy of their Commander, and the Viceroy in Council has especial pride in knowing that the British and Native Soldiers composing the Expeditionary Force were detached from the Armies of Her Majesty belonging to the three Presidencies in India, whose reputation they have maintained and increased.

The success has been most complete, and will not fail to be highly appreciated, not only in Great Britain, but throughout the civilised world.

His Excellency in Council has much pleasure in acknowledging the very great exertions made by the Government of Bombay and the various Departments of that Presidency in fitting out and supplying the greater part of the Expeditionary Force, in accordance with the orders of Her Majesty's Government in England, and His Excellency has to thank the Punjab Government for the very satisfactory and successful efforts made under the orders of His Honor the Lieutenant-Governor to provide Mules, Drivers, and Camel-men for service in Abyssinia.

The Viceroy in Council also owes acknowledgment to the Government of Madras for the ready share taken by that Presidency in the arrangements connected with the Expedition.

The thanks of the Governor-General in Council are further greatly due to His Excellency the Commander-in-Chief in India, and to the various Departments and Officers in Bengal, by whose efforts the Force that proceeded from this Presidency was despatched in a most perfect state of equipment.

A Royal Salute has already been fired from the Ramparts of Fort William in honor of the capture of Magdala and release of the captives.

ABYSSINIAN EXPEDITIONARY FORCE.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Adjutant General's Office, Head Quarters, Camp Dalanta Plain, 20th April, 1868.

CCLXXXIX.—"SOLDIERS AND SAILORS OF THE ARMY OF ABYSSINIA!"

The Queen and the People of England entrusted to you a very arduous and difficult Expedition,—to release our countrymen from a long and painful captivity, and to vindicate the honour of our country, which had been outraged by Theodore, King of Abyssinia.

I congratulate you, with all my heart, on the noble way in which you have fulfilled the Commands of our Sovereign.

You have traversed, often under a tropical sun, amidst storms of rain and sleet, four hundred miles of mountainous and rugged country.

You have crossed ranges of mountains (many steep and precipitous) more than ten thousand feet

in altitude, where your supplies could not keep pace with you.

In four days you passed the formidable Chasm of the Beshilo, and, when within reach of your enemy, though with scanty food and some of you even for many hours without either food or water, you defeated the Army of Theodore, which poured down upon you from its lofty Fortress in full confidence of victory.

A host of many thousands have laid down their arms at your feet.

You have captured and destroyed upwards of thirty pieces of Artilery, many of great weight and efficiency, with ample stores of ammunition.

You have stormed the almost inaccessible Fortress of Magdala, defended by Theodore and a desperate remnant of his Chiefs and Followers.

After you forced the entrance to his Fortress, Theodore, who himself never showed mercy, distrusted the offer of it held out to him by me, and died by his own hand.

You have released, not only the British Captives, but those of other friendly Nations.

You have unloosed the chains of more than ninety of the principal Chiefs of Abyssinia.

Magdala, on which so may victims have been slaughtered, has been committed to the flames, and now remains only a scorched rock.

Our complete and rapid success is due, *firstly*, to the mercy of God, whose Hand, I feel assured, has been over us in a just cause; *secondly*, to the high spirit with which you have been inspired!

Indian soldiers have forgotten the prejudices of race and creed to keep pace with their European comrades.

Never did an Army enter on a War with more honourable feelings than yours. This it is that has carried you through so many fatigues and difficulties; your sole anxiety has been for the moment to arrive when you could close with your enemy.

The remembrance of your privations will pass away quickly: your gallant exploit will live in history.

The Queen and the People of England will appreciate and acknowledge your services; on my part, as your Commander, I thank you for your devotion to your duty, and the good discipline you have maintained throughout.

Not a single complaint has been made against a soldier, of fields injured, or villagers wilfully molested, either in person or property.

We must not, however, forget what we owe to our comrades who have been labouring for us in the sultry climate of Zoolla, the Pass of Koomaylee, or in the monotony of the posts which maintained our communications. One and all would have given everything they possessed to be with us: they deserve our gratitude.

I shall watch over your safety to the moment of your re-embarkation; and shall, to the end of my life, remember with pride that I have Commanded you.

Notice.

The new Cart Road at Dhurmsala will be open for wheeled traffic on or about the 1st June, 1868. This road commences at the Kotwáli in the lower station (the old terminus of the Hoshiarpore and Dhurmsala Cart Road) and runs under the Convalescent Depôt Barracks past the Church to McLeod Gunge, in the upper station.

The length of the road from the Kotwàli to the Barracks is 4 miles, and from thence on to McLeod Gunge terminus about 1½ mile, making a total length of about 5½ miles.

The opening of this new road, while enabling carts to be taken the whole distance from Hoshiarpore to the upper station of Dhurmsala, obviates the inconvenience heretofore experienced when carts had to break bulk at the Kotwáli in the lower station and goods were carried from thence by coolies to the upper station.

POST OFFICE.

Postal Notice.

There being reason to believe that the privileged rate of postage at which letters sent by, or addressed to, Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service can be forwarded by British Packet is not generally known to those now serving in Abyssinia, or to their families and friends in India, the following rules on the subject are published for general information :—

"Letters for or from *Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service conveyed by British Packet.*"

"Subject to the subjoined regulations, Non-Commissioned Officers, private Soldiers, or Seamen belonging to Her Majesty's ships, can send and receive letters by British* Packet for a postage of 8 pie; but if any such letters have to pass through a Foreign country, they are subject in addition to the Foreign postage, whatever that may be."

* By British Packet is meant Packets under contract with Her Majesty's British Government.

1. "The person claiming the privilege must, at the time, be actually employed in the service of Her Majesty, and must not be either a Commissioned Officer or Warrant Officer."

2. "The postage must be pre-paid, except in respect of letters addressed to the United Kingdom or to places the route to which lies through the United Kingdom. Un-paid letters addressed to the United Kingdom will be charged 2*d.* on delivery."

3. "The letter must not weigh more than half an ounce."

4. "It must relate entirely to the private concerns of the Soldier or Seaman.

5. "The name of the Soldier or Seaman, with his class or description, must appear in the direction and the Officer having the command must sign his name and specify the ship or regiment, corps or detachment, to which the Soldier or Seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms" :—

SIMLA :
The 14th *October*, 1867.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

(Signed) A. M. MONTEATH,
Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th

The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance.*

10. The following conditions will be observed in calculating charges, *viz.*:—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of 3½ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed 5½ feet square by 3½ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. Ordnance Department. Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper ... Calcutta.

Clothing Agent .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of

...ckages and the address of each, the number of ...ssengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

II. The age set forth in the contracts shall be evidence of the age of the child in all questions which arise as to the right of the master to the continuance of the service.

Magistrates and Justices of the Peace may act as guardians in certain cases.

III. Any magistrate, or justice of the peace, may act with all the powers of a guardian under this Act, on behalf of any orphan, or poor child abandoned by its parents, or of any child convicted before him, or any other magistrate, of vagrancy, or the commission of any petty offence.

Powers of Magistrate upon receiving complaints against apprentices.

XV. Upon complaint made to any magistrate by or on behalf of the master of any apprentice bound to him under this Act, of any ill-behaviour of such apprentice, or if such apprentice shall have absconded, the magistrate may issue his warrant for apprehending such apprentice, and may hear and determine the complaint, and punish the offender by an order for keeping the offender, if a boy, in confinement in any debtors' prison or other suitable place, not being a criminal gaol, for any time not exceeding one month, of which one week may be in solitary confinement; during which time such allowance shall be made for his subsistence by the master or his agent as the magistrate shall order; and if the offender be a boy of not more than fourteen years of age, may order him to be privately whipped: or, if the offender be a girl, or in the case of any boy, the magistrate deem any such punishment unfit, he may pass an order empowering the master of the apprentice or his agent to keep the offender in confinement in his own house, or on board the vessel to which he belongs, upon bread and water, or such other plain food as may be given without injury to the health of the apprentice, for a period not exceeding one month.

In what cases Magistrates may cancel contract.

Refund of premium.

XVI. Upon complaint of wilful and repeated ill-behaviour on the part of the apprentice, and on the demand of the master, the magistrate may order the contract of apprenticeship to be cancelled, whether or not the charge is proved; but only with the consent of the apprentice and of his father or guardian, if the charge is not proved; and such cancelling shall be with or without refund of the whole or part of any premium that may have been paid to the master on binding such apprentice, as to the magistrate seems fit on consideration of the case; and all sums so refunded shall be applied, under the direction of the magistrate, for behoof of the apprentice.

Magistrates how to dispose of sums recovered for apprentices.

XVII. The magistrate may order any sum recovered for behoof of the apprentice, on cancelling the contract, to be either laid out in binding him to another master, or otherwise for his benefit, or to be paid to the person by whom any premium was paid when he was bound apprentice.

Limitation of complaints.

XVIII. No magistrate shall entertain a complaint on the part of a master against an apprentice under this Act, unless it be brought within one month after the cause of complaint arose; or, if the cause of complaint arose on board ship during a voyage, within one month after the arrival thereof at a port or place in the said territories: and no magistrate shall entertain a complaint on the part of an apprentice against his master, or the agent of his master, under this Act, unless it be brought within three months after the cause of complaint arose; or if the cause of complaint arose on board ship during a voyage, within three months after the arrival thereof at a port or place in the said territories.

Provision on the death of a master.

Rules to be observed when executors retain an apprentice.

XX. If such offer to keep the apprentice shall be made as aforesaid, the same shall be fully expressed and certified by the executors and administrators on the original contract of apprenticeship, and also on the office copies thereof, by the magistrate or registering officer; and the apprentice shall be bound to the executors or administrators so keeping him for the remaining term of his apprenticeship.

Apprentices entitled to maintenance for three months after death of master.

Apprentices discharged from obligation on bankruptcy or insolvency of master.

XXII. The apprentice of any person against whom a commission of bankruptcy shall be issued, or who shall be adjudged to have committed an act of insolvency during the apprenticeship, shall be discharged from all obligation under the contract of apprenticeship; and if any premium was paid on binding him as an apprentice, he, or the person by whom he was bound, shall be entitled to claim the amount thereof as a debt against the estate of the bankrupt or insolvent.

BOOK CIRCULAR,—No. XIII-2621 OF 1868.

FROM

T. W. SMYTH, ESQUIRE,
Officiating Registrar of the Chief Court of the Punjab,

To

ALL CIVIL COURTS IN THE PUNJAB.

Dated Lahore, 27th May, 1868.

Chief Court of the Punjab.
Present:—
C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

By Book Circular No. XXXII of 1866, Civil Courts were directed to continue the practice introduced by Circular No. 72, dated 9th September, 1858, of giving the parties to a suit a certificate of decree, free of charge and on plain paper.

2. It has been brought to the notice of the Chief Court that this certificate is not unfrequently given to persons who apply for execution of their decrees beyond the jurisdiction of the Courts by which they were passed, instead of a copy of the decree itself, as required by Section 285 of Act VIII. of 1859.

3. A certificate of decree in the form referred to is quite useless for the purposes of execution, and as it is not recognized by the Code of Civil Procedure, the Chief Court is pleased to direct all subordinate Civil Courts to discontinue the practice of furnishing suitors with such certificates in future.

4. No copy of the decree is required when execution is made by the Court by which the decree was passed, as the application should contain all the necessary particulars; but if execution of a decree is sought beyond the jurisdiction of the Court passing the same, the application should be accompanied by a copy of the decree endorsed on stamp paper of the value prescribed by Schedule B. of Act XXVI. of 1867 *(an Act to amend the law relating to Stamp Duties).*

5. It sometimes happens that an Officer omits to draw up a decretal order in the prescribed form at the time of pronouncing judgment, and leaves the district before execution has been sued out. A question has been referred to the Chief Court whether, in such a case, his successor is competent to draw up the decree, if a copy is required for execution beyond the jurisdiction of the Court. The Judges have ruled that the Court whose duty it is to execute the decree would have power to draw up a decree if the Officer who decided the case had omitted to do so, or to correct the decree if it has been manifestly drawn up contrary to the directions contained in the judgment.

By order of the Chief Court.
T. W. SMYTH,
Offg. Registrar.

It having been brought to the notice of the Chief Court that the scale of copyists' fees prescribed by Book Circular I of 1868 is not sufficiently remunerative, and that some difficulty is experienced in procuring copyists at such low rates, the Court is pleased to prescribe the following scale in supersession of that laid down in Rule VIII of the above Circular :—

English Copies.

	Rs.	A.	P.
200 words and under	0	6	0

The new Cart Road at Dhurmsala will be open for wheeled traffic on or about the 1st June, 1868. This road commences at the Kotwáli in the lower station (the old terminus of the Hoshiarpore and Dhurmsala Cart Road) and runs under the Convalescent Depôt Barracks past the Church to McLeod Gunge, in the upper station.

The length of the road from the Kotwàli to the Barracks is 4 miles, and from thence on to McLeod Gunge terminus about 1½ mile, making a total length of about 5½ miles.

The opening of this new road, while enabling carts to be taken the whole distancefrom Hoshiarpore to the upper station of Dhurmsala, obviates the inconvenience heretofore experienced when carts had to break bulk at the Kotwâli in the lower station and goods were carried from thence by coolies to the upper station.

SIMLA :
The 14th October, 1867.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas ; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of 1 oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant ; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom :—

(Signed) A. M. MONTEATH,
Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th

The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance*.

10. The following conditions will be observed in calculating charges, *viz.* :—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of 3½ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12 The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed 5½ feet square by 3½ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. Ordnance Department. Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper ... Calcutta.

Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of

packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

To

THE ACCOUNTANT GENERAL, FORT ST. GEORGE.

Fort William, the 26th May, 1868.

SIR,

I am directed to acknowledge the receipt of your letter dated 11th March, 1868, No. 6713, bringing to notice the case of Mr. Bird, who overstayed his authorized leave to England, but has been exempted by the Government of Madras from the consequent penalty imposed by the absentee rules; and enquiring whether the Local Government might not, without reference to the Government of India, direct such exemptions in cases in which public officers may exceed their authorized leave from circumstances over which they could exercise no control.

2. It is observed that Mr. Bird having had leave to Europe on medical certificate up to 28th November, 1867, left England, on the 24th October, 1867, with a view to return to his duty by the steamer advertised to leave Marseilles on the 28th idem. His departure from England was timed so as to admit of his reaching Madras, under ordinary circumstances, by the 25th November, 1867, or within the period of his leave; but through the unexpected detention of the steamer he overstayed his leave by one day. For that day the Government of Madras properly exempted Mr. Bird from any penalty for having exceeded his leave, and the Governor-General in Council authorizes you to act on any similar order of the Local Government in a case of the same kind.

ORDERED, that a copy of the above letter be furnished for information to the several Secretariats, the several Local Governments, the Comptroller General of Accounts, the several Accountants General, and the Deputy Accountants General in independent charge.

FOREIGN DEPARTMENT.

The 5th June, 1868.

No. 578.

Extract from the Proceedings of the Government of India, in the Foreign Department.

Read again the undermentioned papers regarding the levy of Nuzzerana on successions to Native States and Chiefships in India :—

Despatch from Secretary of State, dated 30th April, 1867, No. 74.
Political Proceedings A., June, 1867, No. 64.
" " A., Feb. 1868, No. 154-72.
Despatch to Secretary of State, dated 6th Feb. 1868, No. 21.
Read reply from Secretary of State, dated 8th April, No. 53.

OBSERVATIONS.—In reviewing certain correspondence between the Government of India and the Government of Bombay, regarding the jaghires of the Vinchoorkur family, the Secretary of State in his Despatch No. 74, dated 30th April, 1867, suggested that definite principles and rules should be laid down for the levy of Nuzzerana on successions to Native States, Chiefships, and Political Jaghires.

2. After consulting subordinate Governments and Political Officers throughout India, a series of rules was framed by order of His Excellency the Viceroy and Governor-General in Council, and forwarded for the consideration of Her Majesty's Government, who have now approved and sanctioned the principle of the rules, but have suggested some slight modifications, in the expediency of which His Excellency in Council concurs. The rules have, therefore, been amended and now stand as follows :—

Rules for the levy of "Nuzzerana" on successions to Native States and Chiefships in India.

I.—Nuzzerana shall be levied on successions in all Native States and Chiefships in India at the rates specified, subject to the exceptions hereinafter mentioned.

II.—In successions in the direct line, that is to say, where the son succeeds his father, or the grandson his grandfather, and the like, Nuzzerana shall be levied to an amount equivalent to one-half of the year's revenue of the State or Chiefship.

III.—In successions by collaterals, that is to say, by brothers, nephews, cousins, and the like; and in successions by adopted heirs; Nuzzerana shall be levied to an amount equivalent to one year's revenue of the State or Chiefship.

Exceptions.

The above prescribed Nuzzerana on successions shall not be levied in the classes of cases herein below stated :—

1st.—States and Chiefships between which and the British Government Treaties exist, or which are held under Treaty Engagements.

2nd.—States and Chiefships which already pay an annual Nuzzerana or tribute in any shape, save in cases where the said annual Nuzzerana shall be less than ten per cent. of the ordinary revenue, in which event the Nuzzerana on succession shall be levied and calculated on the net revenue, less the annual Nuzzerana.

3rd.—States and Chiefships where a Nuzzerana on successions is already leviable and fixed by existing arrangements as to amount.

4th.—Cases where the succession shall have followed within one year after the last preceding succession, in which event no Nuzzerana shall be levied; and cases where the succession shall have followed within two years of the last preceding succession, in which event the Nuzzerana shall be remitted in part or in whole according to the discretion of the Local Government.

3. RESOLUTION.—His Excellency the Viceroy and Governor-General in Council is pleased to resolve that the above Rules, which apply to Political holdings, be now promulgated for general information and guidance. All Governments, Administrations, and Political Officers will submit a Return of Chiefs within their respective jurisdiction, showing their position to the Rules in the subjoined form :—

Name of Chief or State.	Subject to the Rules.	SUBJECT TO THE EXCEPTIONS.			REMARKS.
		Exception. 1	Exception. 2	Exception. 3*	
					* Here state what the existing arrangements are.

4. With regard to estates situated within British territory, but not held on a Political tenure, and by whatsoever designation known, whether as Jaghires, Enams, Maafees, and the like, His Excellency in Council proposed to exempt these, save in cases where, under special or exceptional circumstances, the Local Government should decide that Nuzzerana ought to be levied. In many parts of India, these tenures have been strictly examined during British rule, and have been confirmed generally at a lower rate of assessment than the holders enjoyed under the Native Government. In these cases, therefore, the levy of Nuzzerana as a general rule would be inexpedient. There may, however, be cases in some parts of India in which the assessments which the holders of these estates are permitted to realize have never been reduced in amount, or in which the estates may be held under such conditions as would fairly justify the levy of Nuzzerana on successions. His Excellency in Council, therefore, proposed that the Local Governments should have the power to levy Nuzzerana in particular cases or classes of cases in which they may deem such a measure to be proper.

5. The Secretary of State has suggested that this question should be disposed of in the Revenue Department, and measures will now be taken accordingly to give effect to the wishes of Her Majesty's Government.

ORDER.—Ordered, that copy of the foregoing Resolution be forwarded to all Governments, Administrations, and Political Officers under this Department for information and guidance; and with a request that, as regards the tenures specified in paragraph 4, they will report definitely the circumstances under which it may be considered expedient to empower Local Governments to levy Nuzzerana.

"Subject to the subjoined regulations, Non-Commissioned Officers, private Soldiers, or Seamen belonging to Her Majesty's ships, can send and receive letters by British* Packet for a postage of 8 pie; but if any such letters have to pass through a Foreign country, they are subject in addition to the Foreign postage, whatever that may be."

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the Uni-

ted Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

CAMP, MADRAS, *3rd March, 1868.* } (Signed) A. M. MONTEATH, *Director General of the Post Office of India.*

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th. The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by

[..]il. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance*.

10. The following conditions will be observed in calculating charges, *viz.* :—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of $3\frac{1}{2}$ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed $5\frac{1}{2}$ feet square by $3\frac{1}{2}$ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the ..
- Commissariat Department.
- Ordnance Department.
- Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper ... Calcutta.

Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

SECOND SUPPLEMENT TO THE GOVERNMENT GAZETTE, PUNJAB AND ITS DEPENDENCIES.

LAHORE, 18TH JUNE, 1868.

PAPERS RELATIVE TO THE RAID ON THE MITHANKOT BORDER, NEAR HARRAND, ON THE 26TH JANUARY, 1867, AND THE ARRANGEMENTS SUBSEQUENTLY CONCLUDED WITH THE MURREE, BHUGTI, AND KHETRAN TRIBES.

Extract from Punjab Administration Report for the year 1866-67.

"On the 26th January, a band of about 1,000 marauders, under the leadership of Ghulam Hosein, a noted freebooter, invaded British territory. Owing to a well-organized system of intelligence, the villagers and troops were prepared for the raiders, and on their appearance, a detachment of the 5th Punjab Cavalry, on duty at the Harrand out-post, and a party of the *Gúrchani* clan (British subjects), 350 strong, and of the *Lúnd* tribe, were soon at the spot, and vigorously attacked the raiders and drove them into their hills with a loss of 200 men, including their leader, Ghulam Hosein. The loss on our side was trifling. It is anticipated that the signal chastisement of the raiders will secure the Dera Ghazi Khan border from molestation by the Murree tribe for some time to come.

The Government of India acknowledged their appreciation of the services of Jemadar Emam Khan, who commanded the detachment 5th Punjab Cavalry on this occasion, and granted the 3rd class of the Order of Merit to the men marginally noted*; and with reference to the good conduct of the Gúrchani and Lúnd Chiefs, the Government of India thus expressed its satisfaction :—

"The Governor-General in Council trusts that the punishment inflicted on the "marauders, the death of their leader, and this proof of the laudable alacrity of the tribes "within our border to aid the military in repelling lawless inroads, will have a marked "effect towards securing the peace of the border."

Copy of a letter from Lieutenant R. Sandeman, Offg. Deputy Commissioner, Dera Ghazi Khan, to Colonel S. F. Graham, Offg. Commissioner and Superintendent, Derajat Division, dated 11th September, 1867.

In my letters No. 32 and 126, I fully informed you of the measures adopted by me with reference to the conduct of the Murree, Boogtee, and Khetran tribes, in having allowed parties from each to join the late noted robber chieftain, Gholam Hossain, in his raid on Hurrund; my negociation with these tribes have now been brought to a conclusion, and I have the honor to lay before you the results.

2. But to make these results clear, I must again, as briefly as possible, refer to the part played by the Khetrans throughout the whole business, and give a short *resumé* of it.

3. After the defeat and death of the outlaw with 200 of his band before Hurrund, the survivors fled to Burkan, the capital of the Khetrans, and there sought and obtained an asylum. This of itself established their close connection with that tribe, and the understanding that existed between them.

4. It had also long been notorious that the property plundered by these outlaws and others, from the Punjab and Scinde, was easily disposed of to the Khetrans, who in turn sent it for sale into our territory with their annual Kaflahs, and thus got rid of it without danger of discovery. Indeed, so bad had matters become, as you yourself heard when visiting the district, that camels were said to be selling at Burkan for 10 rupees per head; these having been plundered from British territory.

5. In order to establish that these reports were not without foundation, I here record the fact that, prior to the raid on Hurrund, in pursuance of certain information I received, I seized a Khetran Kaflah of camels *en route* for Derah Ismail Khan. The people in charge of them had a safe conduct from our own Legarie Chief, Jumal Khan. After a careful enquiry, it was clearly proved that most of the animals had been plundered from our territory, and their owners claiming them, they were restored to them.

6. In order to put a stop to such a state of things, and in the hope of coming to a thorough understanding on the subject with the Khetrans, I met Babool Khan, the Chief of that tribe, by appointment at Sukki Surwur. Honorary Magistrate Jumal Khan, who had granted the safe conduct, was also present.

7. The excuses given by both Chiefs for what had occurred were exceedingly unsatisfactory. Babool Khan excused himself on the plea that the animals had been plundered by the Murrees, and disposed of by them to the Khetrans; it was therefore quite impossible to could tell that they were the property of our subjects. Jumal Khan exonerated himself on the grounds that he had perfect faith in Babool Khan's honesty of purpose; and in his capacity of Magistrate would never have given a safe conduct to those in charge of the Kaflah, had he believed it possible the camels could have been plundered property.

8. The whole transaction left a most disagreeable impression on my mind regarding the good faith of the two Chiefs; for I could not conceal from myself the fact that at the very time of this discovery Gholam Hossain and his band were residing in the Khetran country—Jumal Khan, under the terms of the former agreement arranged by my predecessor, being responsible for the outlaws' good conduct.

9. Fully taking into consideration the whole of the above circumstances, it appeared to me no longer a matter for doubt the kind of connection that existed between the Khetrans as a body and the outlaws; it therefore became urgently necessary that a thorough understanding should be come to with them on the subject.

10. For this purpose, as you are aware, the whole of the Khetran Chiefs met me at Jampore, and there confessed the guilt of the tribe in regard to the raid on Hurrund, and with your concurrence, as a punishment, they were fined Rs. 2,000—Jumal Khan being security for the payment of the money. The tribe also undertook to expel the survivors of the robber band from Khetran country within one month from the date of the meeting.

11. The Khetrans, as far as appearances went, carried out their agreement to the letter; the fine was paid, and the robbers left Burkan within the time fixed upon, and sought and obtained refuge with the Murree tribe.

12. From thence the outlaws endeavoured to send small parties to make depredations on our territory, but without success; for, being kept well informed by Gholam Moortuza, the Boogtee Chief, of their every movement, our people were invariably on the alert. Several of the robbers on showing themselves were attacked and destroyed; and they never succeeded in carrying off even a single head of cattle.

13. During the whole of this time I had been carrying on negociations with the Murree tribe. They had been informed by me that 15 of their tribe had been taken prisoners at Hurrund, and that their release would not be taken into consideration until the whole of the Chiefs in a body waited on me and gave satisfactory assurances for future good conduct.

14. Since annexation, the Murree tribe has never been admitted to friendly intercourse with our Government, but has been held, as it were, isolated from us. After a careful consideration of the past policy pursued in regard to this tribe, I was most anxious to try the experiment of coming to a good understanding with the Chiefs.

15. Why I considered that the entire exclusion of this tribe from our territory and the severance of all friendly relations between them and us had not been to the benefit of our subjects is fully entered into in the letters alluded to in the first para. of this letter. It is only necessary to add here that, whenever a larger raid than usual took place, or in the case of our of our subjects suffering severely at the hands of hillmen, it was the popular cry that the Murrees were the depredators, and this was invariably accepted as the truth; while the fact was—from the unsatisfactory state of our relations with them—we had no means of getting at the real state of the case.

16. The reason for the exclusion of the Murree tribe from all intercourse with us was apparently because the country from Sukki Surwur to Kogan lying in front of our border was occupied by Teyaries, Goorchanies, and Boogtees; while the Murrees, although in other respects situated, as regards us, like the Khetrans, did not, like them, trade with our territory, but lived by plundering: the policy therefore was to keep up good relations with those tribes in direct connection with us, and isolate the Murrees, in the hope that by so doing they would be entirely cut off from us.

17. That this hope has not been realized, I consider the records of my Office fully prove. No important raid since annexation has taken place that the Murrees were not engaged in it; the fact being, that they reside so near to our territory, and are so nearly connected with the tribes residing within it, that we cannot, however willing to do so, ignore their existence.

18. It is also a fact that all refugees from our territory seek at once refuge with the Murrees, and thereby, from there being no good understanding with the tribe, the Rajunpore border has ever been in a state of chronic excitement. Our district annals show that doubt regarding the probable conduct of the Murrees was the sole cause.

19. Besides these, there were other cogent reasons—which to enter upon would take up more space and time than it is desirable I should do in a report of this kind—for my desiring to open up friendly relations with the Murree tribe; the only way of doing so that appeared to me at all likely to succeed was to engage the interests of the Chiefs on our side.

20. The giving of rent-free lands to the Border Chiefs as well as places in the Militia had proved a successful measure. I had also received excellent service from Gholam Moortuzza, the Chief of the Boogtees, in return for having bestowed on him 11 places in the Militia; it appeared to me therefore likely to succeed were a like boon bestowed on the Murree Head Chief.

21. In pursuance of this policy, in the letter already referred to I proposed that an additional number of Sowars should be placed at my disposal, the cost of their entertainment to be defrayed from the Police savings. I was fortunate enough to obtain your entire approval to the general measure of engaging Hill Chiefs by such means in our interests; you therefore supported my application for Sowars, and an additional 20 were sanctioned by the Government of India.

22. I again fixed a day for a conference of the tribes who took part in the Hurrund raid, and this time it was appointed to be held at Rajunpore.

23. The Khetran, Boogtee, and all the Murree Chiefs, with the exception of Kurreem Khan, Mohuddum of the Byerannee section of the tribe, came in. The latter gave out that he was a friend of the outlaws and would never desert them.

24. The outlaws at first petitioned to be allowed to send in representatives to attend the conference and to sue for pardon; but they also desired that in doing so certain conditions should be granted them. These conditions it was impossible to listen to; they were therefore told in reply that, if they desired to be reconciled to the Government, they must abide by the conditions granted to Gholam Hossain at Dera, the Boogtee capital—the principal of which were, that certain stolen cattle then with them should be returned, and that they should for the future live with their own clan, the latter being responsible for their good conduct. Ultimately they asked permission to attend unconditionally, which was granted.

25. It would lengthen this report to too great an extent were I to relate the particulars of the conference, or to tell of the intrigues that were set on foot to prevent an amicable settlement being come to with the Murrees. It will readily be believed that it was contrary to the interests of many that the outlaws should find themselves coerced into submitting to my terms—the Murree Chiefs aiding me in the coercion, and in forcing them to return the stolen cattle. I will content myself with briefly recording the terms upon which the case was settled.

26. I addressed the Murree Chiefs and explained to them that what I required of them was that they should expel the outlaws from their territory, and give them and their families a safe conduct to their own tribe and country; and that Kurm Khan, the refractory Chief, should attend at my Court, pay his respects, and engage not to give them an asylum for the future. I agreed to release the prisoners on the stolen camels being returned and on the outlaws being reported as having left their tribe.

27. It may be said that these were easy terms to grant to a tribe who had so long harassed our border; but I think, if the matter is fairly considered, it will be admitted that in the present case it was not only fair to deal with them gently, but undoubtedly also to the interests of Government to do so.

28. As already stated, they had never been received by our officers before; while they are the most powerful tribe on that part of our border. Moreover, we have no means of coercing them excepting by force of arms. It therefore appeared to me most desirable that an open rupture should be carefully avoided, and equally so that a party of men such as the outlaws should not be allowed, if I could fairly prevent it, to obtain an asylum with such a people. The seeds of future trouble and annoyance to our subjects, did it take place, would most certainly have been sown.

29. This I consider will be so apparent that further explanation will be unnecessary: suffice it is to say that the outlaws, if residing with the Murrees, are never more than two days' journey from our border, and their residence with them would of necessity keep our border in a constant state of alarm.

30. It may possibly be argued that the Khetrans were heavily fined while the offence was the same. A close inspection of the offence will shew that their conduct and that of the Murrees is by no means analogous. The Khetrans are intimately connected with us and derive great benefits from the connection; while, on the other hand, the Murrees have been, since annexation, treated more in the light of foes than friends.

31. The Murree Chiefs after consulting together agreed to my terms, and ratified the agreement by oath on the Koran.

32. Directly that Khuttoo Khan, the late Jemadar of the Militia, and the other representatives of the outlaws, discovered what agreement had been come to with the Murree tribe, they knew their game was up.

33. Khuttoo Khan placed his head at the feet of Emam Bux Khan, the Chief of the Muzaries, and begged of him to intercede with me for his pardon. Khuttoo also, when admitted to an interview with me, asked for forgiveness, and in token of his sincerity produced some specimens of coal he had found in the neighbouring hills. I so far forgave him as to allow of his residing within our territory at Rojan, on the security of Emam Bux Khan.

34. The terms I granted to the outlaws were those fixed upon at Dera, the Boogtee capital, in Sir Henry Green's Camp, *viz.*, that they were to return with their families and flocks to their own country, and for the future reside with their tribe, who had agreed to be responsible for their future good conduct. They were to make good the Dreshuk camels plundered last year, and which valued nearly 6,000 rupees. They were also to return certain property plundered from the Mazaries.

35. I have since been informed by Mr. Bruce that the Chief of the Boogtee tribe, Gholam Moortuzza, had reported the return of the outlaws to their tribe, and that the stolen camels had been sent into Rojan.

36. Before dismissing the Murree and Boogtee Chiefs, I bestowed on them suitable presents; and in pursuance of my already expressed intention to open up friendly relations with the Murrees, made arrangements to place at the Murree capital of Kuhan ten Police Sowars.

37. I also was enabled to bestow on the Chief of the Murrees five places in the Frontier Militia.

38. A like number of places in the Militia were given to Gholam Moortuzza, and also ten Police Sowars placed at his capital town of Dera. This Chief has done excellent service of late, and Sir Henry Green has expressed to me his satisfaction with the way he has been conducting himself.

39. The Police Sowars stationed at the capital towns of these two tribes will, as directed by you, be entirely under the control of the Civil Officers. The Militia will be on exactly the same footing as other Militia Sowars belonging to any other Chief.

40. The Khetran Chiefs as well as the outlaws were dismissed without presents. I expressed to Babool Khan my great regret at this, but exhorted him to redeem the good name of himself and tribe by every means in his power, which he promised to do. Babool Khan I believe at heart to be well disposed, and that the present conduct of himself and tribe has principally been caused from attending to evil counsellors.

41. The giving of Sowars to the Murree Chief and stationing the Police ones at his capital town is entirely an experimental measure, and if it does not succeed can at any moment be discontinued, when we will be no worse off than we were before. In the meantime the experiment should have a fair trial, and much patience had with the tribe; for it ought not to be forgotten that they are 15 years behind their neighbours in knowledge of us and our customs.

42. I, however, confidently believe that, with firm and judicious treatment, we will find them quite as amenable as any of the other tribes, and quite as desirous of our friendship; at the same time, knowing well what a barbarous people they are, I am far from supposing that this new state of things will come about at once.

43. There will be many difficulties to contend with, and our present arrangements will receive many rude shocks and interruptions before the social condition of the tribe or their relations with our Government are improved.

44. From what I saw of the Murree Chiefs during the interviews I had with them, I am quite certain as a body they are most desirous of our friendship; and the following is a pleasing trait in their character.

45. In the year 1857, during the mutinies, a Murree raid took place on the Dreshuk border, in which Bijur Khan, the Chief of the Dreshuks, was slain. Their conduct on that occasion the Murrees, when with me, did not forget; but sent a message to say that with my permission they wished, according to Belooch custom, to send a deputation to ask the pardon of

the young Chief for the death of his father; for now they were pledged of the Government, it was not fitting they should be on unfriendly terms with any British Chief.

46. I replied that, if the Dreshuk Chief had no objections, I had none. I afterwards heard that Tomindar Ghuzzea Khan with several of his Chiefs went to Asnee to Meerun Khan, the young Chief of the Dreshuks, and made up the quarrel according to Belooch custom. I was also informed that this is the most honorable way the Beloochees have of settling such a quarrel when the aggressors are, as in the case of the Dreshuks and Murrees, by far the most powerful tribe of the two.

47. The Punjab and Scinde borders are so intimately connected in all matters having reference to the conduct of the Murree and Boogtee tribes, that throughout all these proceedings I have had much correspondence with Sir Henry Green, C. B., the Political Superintendent of Scinde, regarding them; and have received from him the most cordial assistance and support. Only the other day he wrote me that he had informed the Boogtee tribe that any depredations on Punjab territory would be considered by him in the same light as if they had been made on Scinde territory.

48. Such an understanding between the Political Authorities of Scinde and the Punjab is the essence of our strength; and in my opinion is essential to the peace and good administration of that part of our border. I have therefore endeavoured in every way possible to cultivate friendly relations with the Scinde Authorities; for I very soon felt after taking charge of the border that their friendship was of more value than that of all the Belooch Chiefs on it.

49. General Wild and Major Paget, in their letters reporting the Hurrund raid, strongly recommended that the Goorchanee and Loond Chiefs should be rewarded, and the condition of the former Chief fully considered. I have not forgotten this, and will lay the claims of these Chiefs before you in a future letter.

50. Major Paget has had many years' experience on the Rajunpore border. I fully consulted him regarding the policy I intended to adopt with reference to our future relations with the Murrees. His opinions were as freely given as asked, and in the course pursued by me, I believe we were of one accord. I trust I am not exceeding my province in expressing here my sense of obligation to him for his cordial assistance.

51. Mr. Bruce, the Assistant Commissioner in charge of Rajunpore, has during these negociations had necessarily much additional work in connection with border affairs. His energy and zeal have never flagged for one instant; while he has ably assisted in bringing matters to what I trust it is not too much to say a successful conclusion.

52. I believe it will be acknowledged on all sides that the late Gholam Hossain was at the head of the most powerful robber confederacy ever known on this border; their depredations extending into the Punjab, Scinde, and Kelat. We have an example of what Gholam Hossain's individual influence on the border really was, if we consider the fact that he was able to collect, including his own band, 1,200 men from the Murree, Khetran, and Boogtee tribes for his descent on Hurrund.

53. This confederacy has been broken up and dispersed, the leaders having either been killed or forced to come in and submit; while a large amount of stolen property has been restored.

54. This I feel confident will not be without its effect on all the tribes who were concerned in the raid, and I confidently trust our renewed relations with them will prove of such a nature as to ensure us for a time at least, comparatively speaking, peace and security for life and property on the Rajunpore border.

Extract of a letter from Lieutenant-Colonel S. F. Graham, Offg. Commissioner and Superintendent, Derajat Division, to T. H. Thornton, Esquire, Secretary to Government, Punjab.—No. 51, dated Dera Ismail Khan, 6th May, 1868.

In continuation of this office letter, No. 18, dated the 11th February, 1867, I have the honor to forward the letters, as per margin, from Captain Sandeman, Officiating Deputy Commissioner of Dera Ghazi Khan, reporting on the progress and conclusion of his arrangements with the Murree, Boogtee, and Khetran tribes, consequent on their united raid in British territory under the leadership of the noted freebooter, Gholam Hoossain Khan, Boogtee.

No. 136, dated 1st April, 1867, from Offg. Deputy Commissioner Dera Ghazi Khan.
No. 156, dated 29th April, 1867, from Do. Do.
No. , dated 11th September, 1867, from ditto ditto.

5. As regards the Hurrund raid, it will be seen that an organized and extensive robber confederacy, the organization and growth of several years, in which the worst characters of three powerful tribes had united, to the number of 1,200 men, under a very capable leader, has

been dispersed, their leader with 200 of his band slain, and the survivors compelled to return to their own tribes, under engagements entered into with their Chiefs which will ensure their future control; that plundered property to a large amount has been recovered; and that one of these independent tribes has submitted to a considerable fine.

6. The policy inaugurated by Captain Sandeman of including the Murree tribe in our amicable relations with the tribes on that frontier is a remarkable feature of the Report, and the merit of it is due alone to that officer.

7. I believe it has been the policy of every officer who has hitherto served on that frontier (among whom I must include myself) to exclude the Murrees from all share in our political relations with the other independent tribes; to isolate them, in fact, and cut them off from any intercourse with us, as too distant, and too lawless and unmanageable a tribe to deal with; and this policy we have endeavoured to carry out by means of the intermediate Boogtees and Khetrans, with what result is vividly, and I believe correctly, portrayed in paras. 15-18 of Captain Sandeman's Report, dated 11th September, 1867.

8. I have no hesitation in saying that I regard Captain Sandeman's as the wisest and soundest policy; indeed no other could have fitted into the comprehensive scheme devised by that officer for the better administration of that portion of the border, which consists of accord and concert and joint action with the political authorities of Scinde, and the maintenance of friendly relations with *all* the independent tribes on that border.

9. I believe the fact to be, without any disparagement of the able officers who have preceded us, that as time passes, and experience is gained from the past, we attain to a better knowledge of frontier politics, and are enabled to establish a sounder, more comprehensive, and safer policy.

10. In this view, considering Captain Sandeman's experience and judgment entitled to weight, and seeing how earnestly, sensibly, and patiently he pursued his course,—in which he still sought my advice and instructions,—I contented myself with putting the matter fairly before him, and, adding the results of my longer experience on other parts of the frontier, left him unfettered to choose his own policy, which I am now heartily willing to support.

11. I have endeavoured to supply any deficiencies in this report by marginal notes on Captain Sandeman's Reports, and now desire to conclude by commending this officer's services to the notice of the Government.

III.—Subject to the above limit, one year's furlough shall be placed to the credit of each Officer for every four years of actual service.

IV.—No furlough shall be taken before the completion of eight years' actual service except under Rule VIII.

V.—Furlough shall not be repeated until three years from the date of the last return from long extraordinary leave, or long furlough, except under Rule VIII. Leave taken under Chapters II. and III., but no other leave, shall be reckoned as part of the said three years.

VI.—The maximum term of furlough to be taken at any one time shall be two years.

VII.—Except as hereinafter provided, an Officer when on furlough shall retain a lien on his substantive appointment or on an appointment of similar character, and not less salary, and he shall be granted allowances at the rate of 50 per cent. of his average salary for the previous three years, or for the period which has elapsed since his last return from long furlough, or long extraordinary leave, if that period be less than three years.

In calculating such average, the time spent and the allowances drawn under any Leave, excepting Privilege Leave under Chapter II., shall be omitted.

Provided that no Officer on furlough shall draw more than £1,200, or less than £300 per annum.

VIII.—Under Medical Certificate—

(*a.*)—Furlough may be taken on the above-mentioned conditions, without reference to the amount at credit under Rule III.

(*b.*)—Furlough for a period not exceeding one year may be taken, even if less than three years have elapsed since the last return from long extraordinary leave or long furlough. When on furlough under this clause, an Officer will not retain a lien on his appointment, and will be entitled only to subsistence allowance, unless he has completed six months' actual service since his last return from long extraordinary leave or long furlough, and there remain some

leave to his credit under Rule III., in which case the Officer will retain a lien on his appointment, and will draw allowances as calculated under Rule VII., until that credit be exhausted, but in no case for a period exceeding one year

(*c.*)—Furlough taken without Medical Certificate, or under clause (*a*) of this Rule, may be extended beyond two years for a period not exceeding one year. When on furlough under this clause, an Officer will not retain a lien on his appointment, and will be entitled only to subsistence allowance.

IX.—Furlough taken or extended under Rule VIII. is subject to the provision of Rule II.

X.—Furlough taken in India will be reckoned from the date of the Officer quitting his station to the date of his return thereto. Furlough taken out of India will be reckoned from the date of embarkation to the date of return.

In the event of the furlough being taken partly in India and partly out of India, the commencement and termination of the furlough will be determined by the above Rules, according as the furlough begins or ends in or out of India.

XI.—For the interval elapsing between departure from his station and the commencement of furlough and between the termination of furlough and the re-arrival at his station, an Officer shall be allowed subsidiary leave not ordinarily exceeding in each case thirty days. During those periods, his allowances will be calculated in the same way as his furlough allowances, but without limitation as to maximum and minimum. Provided that, if the Officer has, under these Rules, lost his lien on his appointment, he shall draw subsistence allowance of his rank. Subsidiary leave shall count as service and residence.

XII.—Applications for furlough will, in all cases, be submitted to the Government to which the applicant is subordinate, and will be dealt with in such manner as the Governor-General of India in Council may from time to time prescribe.

XIII.—Subject to the exigencies of the service, both as regards the number of furloughs available at any one time and as regards individual applications, of which exigencies the Government of India, Madras, or Bombay, as the case may be, shall be exclusively the judge, furloughs will be granted under these Rules.

XIV.—All applications for furlough under Medical Certificate, in accordance with these Rules, will be granted without restriction.

XV.—If, owing to the exigencies of the service, it may be necessary to place any limit on the number of Officers who may be absent on furlough at the same time, applications not supported by Medical Certificate will be granted in the following order:—

The applicant to whose credit the greatest amount of furlough remains under Rule III. shall have the preference.

If two or more applicants are on an equality in this respect, the preference shall be given to the applicant whose actual service in India is longest, reckoning in the case of an Officer who has not taken long extraordinary leave or furlough, from the date of his arrival in India, and in the case of an Officer who has taken long extraordinary leave or long furlough, from the date of his last return from such leave or furlough.

If two or more applicants are equal in these respects, the preference shall be given to the senior in the Gradation List.

XVI.—The term of *residence* qualifying for pension shall be 21 years, but no leave, except privilege leave and subsidiary leave, shall count as residence.

XVII.—The term of *service* qualifying for pension shall be 25 years.

CHAPTER II.

Privilege Leave.

XVIII.—Subject to the exigencies of the State, an Officer who has completed eleven months' continuous duty may take privilege leave for one month without deduction from his salary, retaining a lien on his appointment, whether substantive or officiating. Provided that, in the case of his holding an officiating appointment, such lien and his acting allowance will cease on the resumption of charge by the Officer to whom the substantive appointment belongs.

XIX.—In the same manner and under the same conditions two or three months' privilege leave may be taken when an Officer has completed continuous duty of twenty-two or thirty-three months respectively.

XX.—Privilege leave may, at the discretion of the Local Government, be taken in separate instalments. No second instalment shall be taken until after the completion of six months' continuous duty from the expiry of the first instalment. In this case the eleven months qualifying for fresh privilege leave will be reckoned from the expiry of the first instalment, the period of the second instalment being omitted from the calculation.

Provided that the whole privilege leave taken at any one time shall not exceed three months, and that no accumulation of privilege leave beyond that period shall be admitted.

XXI.—If an Officer shall overstay his privilege leave, he shall forfeit all salary during the time of his remaining so absent; and if he shall so continue absent for more than one week, his office shall become vacant.

XXII.—Privilege leave shall be reckoned as residence and service.

CHAPTER III.

Special Leave.

XXIII.—Special leave, on urgent private affairs, may be granted at the discretion of the Local Government for a period not exceeding six months. In respect of retention of a lien on

appointment, of allowances drawn during the leave, and of subsidiary leave, the conditions of special leave shall be the same as those prescribed for furlough. Special leave shall not be reckoned as residence.

XXIV.—Rule XXI. shall, *mutatis mutandis*, apply to an Officer over-staying special leave.

XXV.—Special leave may be repeated without allowances after intervals of at least six years' actual service.

CHAPTER IV.

General.

XXVI.—Furlough, privilege leave, and special leave shall not be taken as such in continuation of each other; but if an Officer absent on one of these classes of leave be allowed to change it for another, the whole period of his absence shall be held to be under the class of leave for which it was changed.

XXVII.—Subject to considerations of State, there will be no restriction as to the places where an Officer may reside when on leave.

XXVIII.—Leave allowance shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

CHAPTER V.

Temporary Rules.

XXIX.—Whatever aggregate amount out of the three years' furlough and three years' sick leave, under the Rules until now in force, at present remains to be taken by an Officer under the said Rules, shall remain to be taken by him under Rules now promulgated.

XXX.—Any Officer now in the Service shall, when next proceeding on furlough, elect whether he will draw allowances at the higher minimum rate of £500 per annum (not exceeding his total salary at the time). If he shall so elect, he will, in any future furlough, be limited, as to allowance, to the lower maximum rate of £1,000 per annum.

XXXI.—Any Officer now absent on leave, who has no appointment, may, on his return and until he again holds an appointment carrying equal pay to that of the substantive appointment which he last held, draw the subsistence allowance of his rank, together with 75 per cent. of the pay of any appointment in which he shall officiate. Provided that the total salary so drawn by him shall not exceed the pay of the appointment in which he is officiating. This Rule shall apply to any Officer who may have already returned from furlough.

XXXII.—Any Officer now absent on furlough, or under medical certificate, may elect whether the remainder of his leave shall be taken under these Rules from the date of their promulgation. If he shall so elect, Rule XXX. shall not apply to him.

No. 534.

The Governor-General in Council is pleased to promulgate the following orders authorizing revised rates of acting allowances for Covenanted Civil Officers in supersession of all previous rules on the subject.

The revised rates will take effect from 1st July, 1868.

Rules regarding Acting Allowances.

I.—An Officer holding a substantive appointment and officiating in an appointment of a higher grade or class, shall draw acting allowance calculated at 30 per cent. on the first Rs. 2,000, and 20 per cent. on the remainder of the pay of the appointment in which he is officiating.

Provided that, if the acting allowance so calculated do not amount to two-thirds of the difference between the pay of the two appointments, it shall be raised to two-thirds.

Provided further that in no case shall the whole salary so drawn exceed the pay of the appointment in which the Officer is officiating.

II.—An Officer holding no substantive, but only an officiating, appointment, shall, subject to the provisoes in Rule I., draw, in addition to the subsistence allowance of his rank, 50 per cent. of the pay of the appointment in which he is officiating.

III.—In the case of an Officer officiating in an appointment the pay of which is progressive, his acting allowances shall be calculated on the mean pay of the said appointment, provided that the whole salary so drawn shall not exceed the minimum pay of the said appointment.

MILITARY DEPARTMENT.

Simla, the 17th June, 1868.

No. 598 *of* 1868.—The undermentioned Officers of the Bengal Staff Corps, having completed 26 years' service, are promoted to the rank of Lieutenant Colonel, from the dates specified, under the provisions of G. G. O. No. 808 of the 26th September, 1866, subject to Her Majesty's approval:—

* * * * *

Major Thomas Warren Mercer, 11th June, 1868.

* * * * *

Major Andrew Lawrence Busk, 12th June, 1868.

* * * * *

No. 613 *of* 1868.—Under sanction from the Right Hon'ble the Secretary of State for India, the following Rules relative to the absence of Military Officers on leave are substituted for those hitherto in force, and will be applicable to all Officers who elect to adopt them and who belong to the several Indian Staff Corps and to the Indian Army, as well as to those Officers of Her Majesty's British Forces in India who are holding permanent staff appointments not of a regimental nature.*

* NOTE I.—The provision in Rule XI by which Furlough pay is to be given to Officers absent on Furlough on urgent private affairs, not having been before the Secretary of State, is to be considered to be altogether subject to his approval.

Her Majesty's Government will be requested to decide how far the Rules may be considered to apply to other Officers of Her Majesty's British Forces serving in India.

I. The distinction with respect to allowances hitherto drawn between Furlough on Private Affairs and Sick Leave is abolished, both kinds of leave being included under the general term Furlough, provision, however being made for the obtainment of Furlough, under medical certificate, without all the restrictions applicable to Furlough, when taken without medical certificate.

II. Leave taken under the Rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

III. The Rules now prescribed do not affect the provisions of Act XXXIII. of George III., Chapter 52, Section 70; but an Absentee cannot retain his appointment, and draw absentee allowances, except under the Rules now prescribed.* Nor do they affect the regulations by which General Officers can only obtain limited periods of eave without forfeiting their commands.

IV. Leave of absence will, in future, be of three kinds, viz;—

I.—Furlough in or out of India.
II.—General Leave on Private Affairs or Sick Certificate in India or short leave to sea.
III.—Privilege Leave.

CHAPTER I.

Furlough.

V. An Officer drawing Staff pay in addition to pay of rank, proceeding on Furlough, will be allowed pay at the rate of 50 per cent. of the salary of his substantive office. But an Officer on civil employ or drawing consolidated salary will be allowed 50 per cent. of the average salary drawn by him for three years prior to his proceeding on Furlough. No absentee shall in either case draw more than £ 1,200, or less than £ 250, per annum. The term salary will signify the total amount drawn by an Officer, whether as consolidated pay, or Staff allowances in addition to pay, but will not include any extra or special allowances. It is to be clearly understood that an Officer absent on Furlough, who may be transferred to another Office during his absence, shall be entitled, for the entire period of his Furlough, to pay at the rate sanctioned to him when leaving India, provided that an Officer whose term of office shall lapse during his Furlough shall cease to draw his half Staff salary from the date of such lapse. An Officer will also be entitled to the benefit of his promotion to a higher Staff Corps or Regimental rank whilst on Furlough, subject to the maximum limit.

Officers not in Staff employ will receive half the Indian pay of their rank, provided that in no case will an Officer entitled to Furlough receive less than the above minimum of £250 per annum.

NOTE.—The annual allowance of £50 heretofore granted in certain cases to Subalterns will cease to be drawn with reference to the amount fixed as the *minimum* of Furlough pay.

VI. All grants of Furlough on Private Affairs are subject to the exigencies of the Public Service, of which exigency the Government is to be exclusively the judge, and to any regulations that may be found necessary for limiting the number of Absentees.

VII. The maximum amount of Furlough on Private Affairs to be taken at any one time, carrying pay and retention of appointment, will be two years.

VIII. A period of at least three years' service after return from last Furlough of not less than one year's duration must be completed before Furlough can again be taken unless obtained under medical certificate (see Rules XIII. and XIV.).

IX. An Officer will be eligible for two years' Furlough on the completion of eight years' actual service in India, for a third year after six years' actual service from the date of his return to duty, and for a fourth or fifth year after similar intervals of six years. The grant of Furlough to an Officer eligible for it will be subject only to the conditions specified in Rule VI. The fact of having taken Furlough on medical certificate will not affect the grant of these Furloughs, except as to the condition laid down in Rules VIII., XIII., and XVI.

X. An Officer eligible for Furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of Furlough o which he may be entitled.

Illustrations.

(1).—An Officer who has served nine years in India is entitled to two years' Furlough. He takes only one year, and after his return remains in India for five years. He is then eligible for two years Furlough as follows:—

Total Service in India ...	14 years.
Furlough due on that Service...	3 "
Furlough already taken ...	1 "
Balance for which he is eligible,	2 "

* NOTE 2.—The Section referred to is quoted below:—

Section 70.—" And be it further enacted, That no Person " who shall have held any Civil or Military Station whatever " in *India*, in the Service of the said United Company, being " under the Rank or Degree of a Member of Council or Com- " mander-in-Chief of the Forces, and who, having departed " from *India* by leave of the Governor-General in Council, " shall not return to *India* within the space of five Years next " after such departure, shall be entitled to any Rank or " Restoration of Office, or be capable of again serving in " *India*, either in the *European* or Native Corps of Troops " or in the Civil Line of the Company's Service, unless, in " the case of any Civil Servant of the Company, it shall be " proved to the satisfaction of the Court of Directors that " such Absence was occasioned by Sickness or Infirmity, or " unless such Person be permitted to return with his Rank " to *India* by a Vote or Resolution passed by way of Ballot, " by three Parts in four of the Proprietors assembled in " General Court, specially convened for that purpose, whereof " eight days' previous Notice of the time and purpose of such " meeting shall be given in *The London Gazette*, or unless, " in the case of any Military Officer, it shall be proved to " the satisfaction of the said Court of Directors, and the " Board of Commissioners for the Affairs of *India*, that such " Absence was occasioned by Sickness or Infirmity, or some " inevitable Accident."

(2).—An Officer who has served 20 years in India without taking Furlough is entitled to four years' Furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of Furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

XI. Furlough on urgent Private Affairs for six months with pay equivalent to the British regimental pay of his rank, to be extended to a year if necessary, may be granted, when the Officer is not eligible for ordinary Furlough. The said period may form part of the periods of eight and six years referred to in Rule IX.

XII. Subject to State considerations, there will be no restriction as to the places to which an Officer may resort during Furlough.

XIII. Absence on Medical Certificate for a longer period than two years at one time, or departure on such Furlough within three years of the date of return from a previous Furlough of not less than one year, will involve forfeiture of appointment. Such Furlough may, however, be extended to a third year on English pay.

XIV. An Officer not entitled to Furlough, whose health may necessitate his taking it, may, under the usual Medical Certificate, obtain such amount as may be duly certified to be necessary for the restoration of his health, but will only receive English Furlough pay.

XV. An Officer entitled to Furlough, whose health may necessitate his absence from India, will be compelled to take leave as Furlough under Rule IX but without forfeiture of any special advantages of passage money, &c., to which he would be entitled now, if proceeding on Medical Certificate. Any extension of this Furlough, beyond the period to which he may be entitled under Rule IX., will be regarded, in all respects, as Furlough on Medical Certificate. Such extension will not be allowed to take effect, until the Officer shall have exhausted the entire amount of his available Furlough on Private Affairs.

XVI. The aggregate amount of Furlough with pay and retention of appointment, whether on Private Affairs or on Medical Certificate, that may be granted to an Officer during his service, will be limited to eight years.

XVII. If taken in India, Furlough will be reckoned from the date of the Absentee quitting his Station to the date of his return thereto: if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his disembarkation in India.

XVIII. Preparatory leave to embark for Europe or elsewhere on Furlough will be granted for any period not ordinarily exceeding 30 days. Leave to the same limit, to enable him to rejoin on his return from Furlough, will be granted from the date of his disembarkation in India.

XIX. Furlough allowances shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX. Advances of Furlough pay will continue to be made in India to those Officers who desire it, for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date.

XXI. The Last Pay Certificate issued to each Officer who may be granted Furlough, whether on Private Affairs or on Medical Certificate, will specify the rate of the pay and Staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

XXII. An Officer acting in India for an Absentee will be restricted for the entire period of such acting to the half Staff salary of the appointment in which he may be acting, in addition to the full pay of his rank, and the half Staff salary of his own appointment if he possess one. The Staff salary granted to an Acting Officer will, however, in no such case be less than Rs. 100 per mensem.

XXIII. The privilege heretofore granted to Military Officers of counting the proportion of leave noted in the margin as service for Pension is retained. The periods of service qualifying for Pension remain unaltered.

XXIV.—In computing the Furlough on Private Affairs to which an Officer who has already enjoyed some portion of such Furlough will be entitled under these Rules, it will be necessary to deduct the total amount of the Furlough on Private Affairs of which he may have availed himself during his service from the total periods to which, under Rule IX., he can lay claim. The balance will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

Illustration.

(1).—An Officer, who had obtained under the existing Rules two years' Furlough after ten years' service, returns to India on the date on which this order is promulgated. He accepts its conditions, and serves four years longer in India. On the expiration of that term, he can take one year's Furlough, thus—

(2.)—An Officer of two years' service has proceeded on Sick Certificate to England for 20 months, extended afterwards to two years. He returns, serves six years in In-

dia, takes two years' Furlough, and returns to India about the time of the promulgation of these Rules, which he accepts. He must serve six years before he can take an additional year's Furlough, thus—

Chapter II.

General Leave on Private Affairs and Sick Certificate in India.

XXV. An Officer will be eligible, as at present, to take leave on Private Affairs or Sick Certificate in India, for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief, or of the Government under which he may be serving. During the entire period of his absence on this account, the Officer will be entitled, as at present, to his full pay, and a moiety of his Staff salary. Leave taken under this Rule will form no part of the eight years' aggregate Furlough. If this indulgence should be taken advantage of for a third year consecutively, the Officer will lose his Staff appointment.

XXVI. Leave on Sick Certificate for a period exceeding six months, capable of extension, under renewed Medical Certificate, to a limit of one year, may be granted to any Officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these Rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an Officer is entitled in his entire period of service, but will not be regarded as Furlough, nor will it affect the intervals entitling to Furlough laid down in Rule IX. During this leave the Absentee will draw a moiety of his Staff salary in addition to the pay of his rank.

XXVII. Short leave not exceeding three months on Private Affairs or Sick Certificate may also be taken to sea, on the above condition, but absence from India for any longer period will be treated as Furlough.

XXVIII. All general leave taken in India counts as part of the leave reckoning against service for Pension.

Chapter III.

Privilege Leave.

XXIX. Privilege Leave may be granted, as at present, for sixty days in each year, to all Officers in Military employ, without deduction from the salaries and emoluments drawn by them. General Leave, in extension of Privilege Leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the Officer proceeded on Privilege Leave. Privilege Leave may, however, be converted into General Leave with the sanction of the Commander-in-Chief or the Government.

XXX. In the case of the Stations noted in the margin, Privilege Leave may, as at present, be granted for ninety days to Officers of local Corps, or of Corps which are usually employed in one or other of the districts named.

Assam.	Bunnoo.
Shillong.	Dera Ismael Khan.
Erinpoora.	Dera Ghazi Khan.
Deolee.	Rajanpore.
Khairwara.	Jacobabad.
Khotra.	

XXXI. An Officer is at liberty to proceed wherever he may desire on Privilege Leave, provided he can ensure his return before the expiration of his leave.

XXXII. Privilege Leave cannot be taken in continuation of Furlough, nor can Furlough be obtained in continuation of Privilege Leave. If Furlough be obtained by an Officer while absent on Privilege Leave, the Privilege Leave will be converted into General Leave, the Officer for the period sacrificing a moiety of his Staff salary.

Military Officers in Civil Employ.

XXXIII. Military Officers in Civil or Political employ taking leave in India come, as respects periods of leave obtainable and amount of pay to be granted, under the Civil Leave Rules. When they take leave out of India, they come under the Military Leave Rules.

Subsidiary Rule.

XXXIV.—Officers of the Indian Military and Medical Services will be required generally to notify their intention to accept these Rules, or to adhere to those now existing, on the first occasion of their taking Furlough or General Leave after the publication of this Order. Officers who may determine to abide by existing Rules will be allowed to proceed on Furlough on the conditions laid down in Rules VII., VIII., and XIII. to the extent to which they may be entitled under the Furlough Regulations of 1854, and at the rates of pay contemplated in those Regulations, but retaining their appointments. The principle laid down in Rule XV. must, however, be applied in those cases.

The foregoing Rules will take effect from the 1st July, 1868, as respects retention of appointment and terms under which leave will be granted, but half Staff allowances will not be available for Officers now on leave in cases where the acting Officer has already come into receipt of the full Staff salary.

The Hon'ble F. B. Kemp in the Chair,

1. The Secretary read the notice calling the Meeting, and the memorandum of the Managers referred to in that notice.

2. The Secretary also read communications from the following Mofussil Committees and from individual Members bearing upon the subject of the Managers' proposals and on a pamphlet circulated by Mr. M. H. Court and laid on the table, suggesting a different set of proposals for consideration :—

From the Civilians of the Punjab.

Ditto	ditto	Ghazeepore.
Ditto	ditto	Bhaugulpore.
Ditto	ditto	Agra.
Ditto	ditto	Cawnpore.
Ditto	ditto	Banda.
Ditto	ditto	Goruckpore.

Ditto	ditto	Azimghur.
Ditto	ditto	Baraitch.
Ditto	ditto	Rajshahye.
Ditto	ditto	Mussoorie.
Ditto	ditto	Berhampore, &c.

3. Mr. H. F. Harrison moved and Mr. C. D. Field seconded the following Resolution :—

"That the scheme proposed by the Managers as the basis of the memorial for increased pensions be adopted."

Mr. S. Hogg moved and Mr. H. Bell seconded a motion that—"In the Managers' proposals as given on page 1 of their memorandum, the words "but that a Fund be also formed.... down to.... "sums individually contributed," be omitted, and the remaining part of the proposition form the basis of the memorial."

Considerable discussion ensued, in which many Members took part. Some were in favor of abolishing the Fund entirely, but the majority wished to leave this an open question. The Managers' proposal contemplated the continuance or formation of a Fund in some shape or other. It was urged that on this question the sense of the Service ought to be distinctly taken.

It was pointed out on behalf of the Managers that the connection at present subsisting between Government and the Fund was so intimate that it was impossible and absurd to go up to the Secretary of State with a memorial praying for increased pensions but making no mention of or reference to the Fund or any proposals for its disposal. The first thing to do was to settle the question of the Fund.

The Managers had made a definite proposal for its continuance on an independent basis.

The Chairman read Rule 22nd to the Meeting, and said that in his opinion Mr. Hogg's proposal was a substantive resolution diametrically opposed to an essential part of the proposition before the Meeting. As such it should have been duly advertised for discussion. The proper course for Mr. Hogg and his supporters to adopt was to negative directly the Managers' proposal and then to give due notice of the counter proposition and get a Special General Meeting convened to discuss it.

Much discussion hereupon followed, in the course of which numerous tentative amendments were put forward and withdrawn; the general tendency of the whole being to accept the Managers' proposals in regard to the mode of increase of pension to be applied for, but to reserve for consideration the question of the abolition of the Fund and the formation of a new Fund as suggested by the Managers. Mr. Hogg ultimately moved "that this Meeting do adjourn until the sense of the service on the question of the continuance of the Fund in its present or in a modified form be taken."

This on being put to the vote was lost, there being 9 votes for it, and 18 against it.

Further indeterminate discussion ensued, in which it was questioned whether the Mofussil Members who had given proxies in favor of the Managers' scheme could be said to have given their voice decidedly in favor of the continuance or abolition of the Fund in some shape, that issue in its simple form not having been laid before them.

Ultimately Mr. Harrison's motion was pro formâ put to the vote, when there appeared [illegible] votes in favor of it. Under the Rules the votes of proxies were thus excluded. On proceeding to tell the votes against the resolution, many Members objected that this was unnecessary. They did not wish to oppose the Managers' proposals as a whole. The effect of the voting was to negative the scheme of the Managers, and so the question was left open for further consideration.

4. The Secretary read a letter from the Government of India suggesting an amendment of Article 10 of the rules in regard to invalid Annuities. The following was what the Managers proposed to substitute for the present Rule, *viz* :—

"10. Invalid pensions will be granted by the Managers whenever the fact that the Secretary of State has permitted a Subscriber to retire upon an annuity of that discription has been formally intimated to them by the Government of India."

Carried *nem. con.*

* NOTE.—In the following list of Austrian Post Offices in Turkey, those places have been omitted where there are French Post Offices, as correspondence directed to them is ordinarily sent through the French Post Office at Alexandria :—

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th. The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance.*

10. The following conditions will be observed in calculating charges, *viz.* :—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of $3\frac{1}{2}$ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed $5\frac{1}{2}$ feet square by $3\frac{1}{2}$ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the ..
- Commissariat Department.
- Ordnance Department.
- Quarter Master General's Department.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

(Signed) A. M. MONTEATH,

Director General of the Post Office of India.

CAMP, MADRAS,
3rd March, 1868.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th

The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance*.

10. The following conditions will be observed in calculating charges, *viz.* :—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of $3\frac{1}{2}$ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed $5\frac{1}{2}$ feet square by $3\frac{1}{2}$ feet in depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the ..
- Commissariat Department.
- Ordnance Department.
- Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.
Military Store-keeper ... Calcutta.
Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

Notice.

GOVERNMENT BULLOCK TRAIN.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.,* 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance.*

10. The following conditions will be observed in calculating charges, *viz. :—*

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of 3½ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed 5½ feet square by 3½ feet in depth.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. / Ordnance Department. / Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper ... Calcutta.

Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

Director General of the Post Office.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie. Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of 1 oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

	Not exceeding ½ oz.	Exceeding ½ oz. and not exceeding 1 oz.	Exceeding 1 oz. and not exceeding 1½ ozs.	Exceeding 1½ ozs. and not exceeding 2 ozs.	For every additional ½ oz.

By French Packet,	Same as viâ Marseilles by British Packet.				

Camp, Madras, 3rd March, 1868. (Signed) A. M. Monteath, *Director General of the Post Office of India.*

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

Special rates of postage chargeable on correspondence of Officers of the Army in India, addressed to, or received from, the United Kingdom.

The following Rules and Table of Rates are published for general information. They are based on the Treasury Warrant bearing date the 27th September, 1867, and include a subsequent modification made by Her Majesty's Post Master General under which the scale of charges increases after the first ounce by half ounces instead of by whole ounces.

2. The conditions entitling a letter to the privileged rates hereinafter mentioned are as follows, *viz.* :—

7. Letters for which the privilege may be claimed, but without complete fulfilment of the above conditions, will be treated as ordinary covers.

No. 1816.—The following Acts and orders are re-published for general information:—

A. D. 1851. ACT VIII.

AN ACT *for enabling Government to Levy Tolls on Public Roads and Bridges*: PASSED *by the Honourable the President of the Council of India in Council, on the 4th July*, 1851, *with the Assent of the Most Noble the Governor-General of India.*

Preamble.

WHEREAS it is expedient to enable Government to levy tolls upon roads and bridges, it is enacted as follows:—

I. [Repeal of certain Acts in force in Bombay.]

Local Governments to fix the rates of tolls on roads and bridges.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such tolls under the management of such persons as may appear to them proper; and all persons employed in the management and collection of such tolls shall be liable to the same responsibilities as would belong to them if employed in the collection of the land revenue.

Levy of toll by seizure and sale.

III. In case of non-payment of any such toll on demand, the officer appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the toll; and if any toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the officer appointed to superintend the collection of the said toll, who may sell the property seized for discharge of the toll and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property; and the said officer, on receipt of the property, shall forthwith issue a notice that at noon of the next day, exclusive of Sunday, or any close holiday, he will sell the property by auction. Provided that if, at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and double the toll payable by him, the said officer shall forthwith release the property seized.

Troops, military stores, and police officers exempt.

IV. No tolls shall be paid for the passage of troops and military stores and equipages on their march, or of police officers on duty, or of any person or property in their custody; but no other exemption from payment of the tolls levied under this Act shall be allowed.

Police Officers to assist toll collectors.

V. All police officers shall be bound to assist the toll collectors, when required, in the execution of this Act; and for that purpose shall have the same power which they have in the exercise of their common police duties.

Punishment for unlawfully levying toll or excess of toll.

VI. Every person, other than the persons appointed to collect the tolls under this Act, who shall levy or demand any toll on any public road or bridge, or for passing through any bazaar situated thereon, and every person who shall unlawfully and extortionately demand or take any other or higher

toll than the lawful toll, or under colour of this Act, seize or sell any property, knowing such seizure or ales to be unlawful, or in any manner unlawfully extort money, or any valuable thing, from any person under colour of this Act, shall be liable, on conviction before a magistrate, to imprisonment for any term not exceeding six calendar months, or to fine not exceeding two hundred rupees, any part of which fine may be awarded by the magistrate to the person aggrieved; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court of the zilah.

Table of tolls to be exhibited at toll-gate.

VII. A table of the tolls authorized to be taken at any toll-gate or station shall be put up in a conspicuous place near such gate or station, legibly written or printed in English words and figures, and also in those of the vernacular language of the district, to which shall be annexed, written or printed in like manner, a statement of the penalties for refusing to pay the tolls and for taking any unlawful toll.

Appropriation of tolls.

VIII. The tolls levied under this Act shall be deemed public revenue; but the net proceeds thereof shall be applied wholly to the construction, repair, and maintenance of roads and bridges, within the Presidency in which they are levied.

The Accountant General, Madras, having reported to this Department the proceedings of the Local Government, dated the 22nd April 1868, regarding the allowances of Mr. Swinton, the Civil and Sessions Judge of Guntoor, and his *locum tenens*, Mr. Leman, I am directed to state that, as the decision contained in those proceedings involves no extra expense, the Governor-General in Council will not interfere. But His Excellency in Council is pleased to rule, for the future, that when a public officer is either permanently or temporarily transferred to a new station, and the joining-time to which he is entitled under rule expires during a recess or holidays, he must report his arrival at the new station within the prescribed period of joining-time, or forfeit his allowances for the period by which the joining-time is exceeded.

The 13th July, 1868.

No. 1930.—The Dispensary at Sheikh Budín has been opened for the season of 1868, and will in future be opened from 1st May to 1st November of every year.

The following extract from the *Gazette of India*, dated the 6th June, 1868, is re-published for general information :—

MILITARY DEPARTMENT.

The 5th June, 1868.

No. 550 *of* 1868.—With the sanction of Her Majesty's Government, His Excellency the Governor-General in Council is pleased to authorize certain modifications in the organization of the

Subordinate Medical Department in Her Majesty's Indian Service, and to lay down a revised and enhanced scale of pay and pensions for that Department.

2.—The system heretofore existing in the Bengal and Bombay Presidencies, under which the purveying duties were performed by the Medical Subordinate, will cease; and these duties will be undertaken, as has heretofore been the practice in the Madras Presidency, by the Commissariat Department, through the agency of a body of Hospital Purveyors.

3. The grade of Hospital Steward, which was constituted for these purveying duties, will be abolished. All the existing members of that grade, who have passed or may be able within six months to pass the examination to qualify them for the grade of Apothecary, will be admitted into the latter grade if they desire it.

4. Those who are unable to qualify themselves by passing the prescribed examination within the given time, or who may not desire to enter the Apothecary grade, will be allowed the retiring pension of their grade, as Hospital Steward, without reference to their length of service; or if they have served fifteen years, the invalid pay of their grade, should they prefer remaining in India.

5. The body of Hospital Purveyors will be divided into classes in the following proportions, and on the scale of pay specified :—

The 1st Class, one-eighth of the total number, at Rs. 45 per mensem.

2nd Class, three-eighths of the total number, at Rs. 30 per mensem.

3rd Class, one-half of the total number, at Rs. 20 per mensem.

6. The Subordinate Medical Establishments at the three Presidencies will be divided into two classes :—

The first to be designated the "Apothecary" class for general employment with European Troops, Hospitals, Depôts, &c., including the Subordinate Medical Department in Bengal, the corresponding portion of the medical establishment in Madras, and the Warrant Medical Officers and Apprentices in Bombay.

The second to be designated the "Hospital Assistant" class for general duty with Native Troops and Native Civil Hospitals, including the present "Native Doctors" in Bengal, "Dressers" in Madras, and "Hospital Assistants" in Bombay.

7. The "Apothecary" class will consist of—

Senior Apothecaries (in the proportion of one-tenth of the effective establishment of Apothecaries). But for the next ten years the number now allowed to each Presidency will not, under any circumstances, be reduced.

Apothecaries — 1st Class (after 5 years' service as Apothecary). 2nd Class (below 5 years' service as Apothecary).

Assistant Apothecaries — 1st Class (after 5 years' service as Assistant Apothecary). 2nd Class (below 5 years' service as Assistant Apothecary).

Passed Hospital Apothecaries.

Hospital Apprentices.

8. All these grades, with the exception of the Hospital Apprentices, will hold the rank of Warrant Officers, and receive warrants, which will give them a rank above all Non-Commissioned Officers.

9. Passed Hospital Apprentices, when in subordinate medical charge of a body of troops, will have temporary warrant rank as Assistant Apothecaries whilst so employed.

10. The grade of Honorary Assistant Surgeon will form no portion of the regular Medical Subordinate Establishment, but will continue to be given specially to those deemed worthy of the distinction as heretofore. When a Medical Warrant Officer attains this honorary rank, he will no longer be employed as a medical subordinate with a regiment, or corresponding body of European Troops, and will be supernumerary to the fixed establishment.

11. The strength of the "Apothecary" class at the several Presidencies will be fixed by the respective Governments, subject to the approval of the Government of India, on the following basis :—

12. The effective strength will comprise the numbers of the several grades actually necessary for the duties with European Troops regimentally, and in station hospitals, with depôts, sanitaria, and medical store depôts, as also with the Indian Marine and Telegraph Departments, together with an additional margin of 15 per cent. in each grade to provide for detachments and other temporary duties, and for absentees on general or sick leave.

13. All who may be employed in civil or miscellaneous duties, other than military or those above specified, will be extra to the regular establishment, and will be *seconded,* their names being borne in the Army Lists in *italics.* In the event of a senior Apothecary being so *seconded,* a promotion will be made in his room.

14. The regimental and other military establishments in the three Presidencies will be the same, *viz.*—

For a European Regiment of Cavalry or Infantry, a Brigade of Artillery or a large Depôt, or Sanitarium equal to a regiment—

1 *Apothecary.*
1 *Assistant Apothecary.*
1 *Passed Apprentice.*
1 *Hospital Apprentice at least, and more if available.*

For a detached Battery of Artillery, or a small Depôt or Sanitarium—

1 *Assistant Apothecary.*

For a Garrison or Cantonment Hospital, or Presidency Medical Store Depôt—

1 *Apothecary.*
1 *Assistant Apothecary.*

For the Head Quarters of the Corps of Sappers and Miners—

1 *Apothecary or Assistant Apothecary.*

For Provincial Medical Store Depots—

1 *Apothecary.*

15. The grade of second Apothecary at Madras will be abolished, the members being merged in that of Apothecary.

16. The practice obtaining at Bombay of maintaining a separate establishment for the

Medical Store Depots will also be discontinued, the members so employed joining the regular establishment according to their standing.

17. The future pay of the members of the "Apothecary" class will be a consolidated sum, to cover all expenses, except those specially noted below.

18. When on regimental or corresponding duty, all subordinates will be supplied with free quarters, or, when marching, with camp equipage. Hospital Apprentices will also receive a ration allowance of Rupees 10 per mensem, when not dieted in the hospital to which they may be attached, or in the Medical College. This latter grade will further be provided with the necessary barrack furniture, the usual allowance of bedding, and three suits of uniform clothing annually, one for cold weather and two for summer wear, free of cost.

19. The consolidated monthly rates of pay will be—

		Rs.

One-fourth of the above salaries to be forfeited during absence, whether on general leave or medical certificate.

20. In addition to the ordinary rates of pay a field allowance of Rupees 30 per mensem will be granted to all the Medical Warrant Grades when marching or in the field.

21. A similar amount will be granted, as a staff or employed allowance, to those grades when senior with or in subordinate medical charge of the Hospital of a British Regiment or detachment of British Troops, or of a Battery of Artillery, or a Depôt or Sanitarium, or when attached to a General Hospital or Medical Store Depôt.

23. These retiring and invalid pensions are inclusive of any pension which, as Warrant Officers, the recipients may be entitled to from Lord Clive's Fund.

24. Members of the "Apothecary" class, who have completed 25 years' service, exclusive of the period passed in the grade of Hospital Apprentice, will, on retirement, be granted the honorary rank of Assistant Surgeon, if specially recommended for that distinction.

25. Medical Warrant Officers will not be entitled to retire until they have served 30 years in the Department, exclusive of the period served as Hospital Apprentice, unless they are reported by a Medical Committee to be unfit for further effective duty.

26. If invalided in India, they must have served 15 years, exclusive of the period passed as Hospital Apprentice, to entitle them to the benefits of the invalid pension, unless they are invalided in consequence of wounds or injuries received or disorders contracted on service or in the execution of their duties, when their individual cases will be specially considered.

29. No Honorary Assistant Surgeon or member of the "Apothecary" class will hereafter be permanently appointed to the charge of a civil

[...]ation who has not gone through the regulated course of study in a Medical College.

30. In the event of an Honorary Assistant Surgeon or member of the "Apothecary" class being placed in temporary independent medical charge of a Native Regiment, or a detachment of European or Native Troops, constituting the ordinary charge of a Covenanted Medical Officer, he will, if he holds a diploma, be entitled to a salary of Rupees 450 per mensem, or, if he has no diploma, to an addition of Rupees 50 per mensem to his departmental pay, together with any additional staff or marching allowance to which he may be entitled.

31. Should an Honorary Assistant Surgeon or other member of the "Apothecary" class holding a diploma, be allowed to retain independent medical charge of a Native corps for upwards of 5 years, his salary will be increased to Rupees 600.

"Hospital Assistant" Class.

32. This branch of the Subordinate Medical Department will consist of 1st, 2nd, and 3rd Class Hospital Assistants, the classes being regulated by length of service, and of medical pupils.

33. The regular establishment will comprise the number requisite for and employed on military duties, or on those connected with the Indian Marine and Telegraph Departments, together with a margin of 15 per cent. to meet extra and temporary duties and absentees. All the members of this branch required for civil or miscellaneous duties will be extra to the regular establishment, and will be *seconded*, their names being borne in italics on the list.

34. The grade of Sub-Assistant Surgeon will not be considered as forming a portion of the regular establishment of the "Hospital Assistant" class; but when by their conduct and attainments they can prove themselves well qualified for advancement, a certain number of Hospital Assistants may, if specially recommended, be allowed—the exigencies of the service permitting—to attend the Medical College of their Presidency for a period not exceeding two years, with a view to their qualifying for the grade of Sub-Assistant Surgeon.—See paragraph 47.

36. The monthly pay of this branch will also be consolidated, and on the following scale :—

	For those qualified in the English language.	For those not qualified in the English language.
	Rs.	Rs.
1st Class Hospital Assistants of above 14 years' service ...	60	40
2nd Class do. do. of above 7 years' service ...	40	30
3rd Class do. do. under 7 years' service ...	25	20
Native Medical pupil, 1st year ...	7	5
Native Medical pupil, 2nd year	8	6
Native Medical pupil in Co lege or Medical School, 1st year ...	9	7
Native Medical pupil in College or Medical School, 2nd year ...	10	8
Passed Medical pupils ...	16	12

The foregoing allowance to medical pupils includes ration money.

Hospital Assistants will draw as field batta, those of the 1st class Rupees 10, and the rest Rupees 5 per mensem, when marching in the field, or on foreign service. When on general or sick leave, they will forfeit one-fourth of their salaries.

37. Accommodation will be furnished for medical pupils in Hospital and also in College, if required. One suit of uniform clothing will likewise be supplied to them annually.

38. The scale of pension for the Hospital Assistants will be—

One-third of the average pay of preceding 5 years after 15 years' service, and one-half after 25 years' service as Hospital Assistants if invalided by a competent Medical Committee, counting from the date of their passing for the grade of Hospital Assistant.

After 30 years' service, one-half of the average pay of preceding 5 years, without the necessity of producing a medical certificate.

If invalided on account of wounds or injuries received on service, they will be allowed—

One-third of the average pay of preceding 5 years, if under 15 years' service; one-half, if above 15 years' service as Hospital Assistant; and the full amount after 25 years' service.

39. Hospital Assistants who have been advanced to the grade of Sub-Assistant Surgeon, will be entitled to retire after completing the requisite service under the Uncovenanted Service Rules, counting their service from the date of passing their examination as Hospital Assistants.

40. Hospital Assistants will hold rank below all Native Commissioned and above all Native Non-Commissioned.

Training and Education.

41. With a view to ensure a certain amount of professional training, independent of hospital

practice, all Hospital Apprentices and Native medical pupils will, subject to the exigencies of the service, be required to pass a given period at one of the Medical Colleges of their respective Presidencies, and attend a regular course of lectures. They will, moreover, be required to pass a standard examination in such College, before they can obtain promotion to the grade of Assistant Apothecary, or Hospital Assistant, respectively.

42. Both classes will, as heretofore, be required to pass a preliminary examination prior to entrance into the service under the existing rules. Hospital Apprentices will then join a European Regimental Hospital, and Native medical pupils a Native Regimental Hospital or Civil Dispensary. After 2 years' employment in these capacities, if favorably reported on, they will be allowed to join the Medical College, where Hospital Apprentices will be required to serve 3, and medical pupils 2, years.

43. Hospital Apprentices, after passing the requisite examination, will receive the designation and pay of "passed Hospital Apprentice," and will revert to regimental employ or join General or Station Hospitals, until promoted to the grade of Assistant Apothecary.

44. In like manner, Native medical pupils will, on completing their College career, and passing the prescribed examination, receive the designation and pay of "passed Medical Pupils," unless or until they are promoted to the grade of 3rd Class Hospital Assistant. In such case they also will join a military or civil hospital, as subordinates, until they receive promotion.

45. On proceeding to and from the Medical College, both classes will receive free passages or a travelling allowance.

46. In order to afford junior members of the "Apothecary" class of undoubted ability and good character an opening to further advancement, a limited number of Assistant Apothecaries after having served 5 years in that grade may, if they are specially recommended as likely to profit by the measure, and if the exigencies of the service permit, be allowed to attend the Medical College for a further period not exceeding 2 years to qualify themselves for the grade of Sub-Assistant Surgeon. On appointment to that grade, they will be struck off the establishment of the hospital class, and join the civil body of Sub-Assistant Surgeons under the usual conditions.

47. A limited number of Hospital Assistants will also be allowed to return to the Medical College for a like purpose. A previous service of 7 years in the grade of Hospital Assistant is indispensable, as likewise is a competent practical knowledge of the English language. This opportunity of advancement will only be extended to such members of the service as are reported specially deserving by their general conduct and qualifications, and who have kept up their professional knowledge by the study of English works on Medicine and Surgery, and who are likely to be able to pass the requisite examination within the prescribed period of 2 years.

Notice.

Government Bullock Train.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the bagg[age] allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at [the] ordinary rates.

9. The fares of passengers as well as the char[ges] for extra baggage *must be paid in advance.*

10. The following conditions will be obser[ved] in calculating charges, *viz.*:—

(1). No package, however small, will be charged a less rate than half a maund, but a ... consisting of more than one package, ... the same party and bearing the same add[ress] will be charged according to aggregate we[ight] with a booking fee of 2 annas on each pa[ckage] in addition.

(2). Fractional parts of a maund below half a m[aund] will be charged as half a maund, and ... half a maund as a maund.

(3). Light packages may at the discretion of ... Government Agent be charged by measure[ment] at the rate of 3½ cubic feet per ma[und] and the hire for their carriage must be ... paid.

(4). No package will be conveyed between any ... stations for less than 4 annas.

11. Articles liable to injury by pressure or ... the usage to which they are necessarily subject ... in the process of loading, unloading, &c., should be securely packed in substantial cases, and th[ose] liable to injury by damp or wet should be pl[aced] in water-proof coverings.

12. The address of packages must be ... English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed ... the lines marginally ... (where carts are used inst[ead] of wagons) must not ... 5½ feet square by 3½ ... depth.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

Government wheeled ... cles, such as Artillery ... bulances, will be charged ... as stores; each two-wheeled vehicle being ... ed as equivalent to 10 maunds, and each ... wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be ... by the number of carts ... wheeled)* or wagons ... wheeled) supplied on ... tion: the charge for ... wagon being reckoned at ... rate payable for 30 ... of goods, and the charge for each cart at the ... payable for 15 maunds. The wagons or ... engaged may be filled with troops and ... in such way as is convenient, subject only ... condition that the aggregate weight ... exceed 30 maunds for a wagon and 15 ... a cart, and to any local regulations in ... weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be ... for Government passengers on the ... ditions as for troops.

16. Troops sent singly or in small numbers as passengers will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. / Ordnance Department. / Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper ... Calcutta.

Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

(Signed) A. M. Monteath,

Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ* France, and *viâ Trieste* or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of the intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General, London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those, *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pie per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kindom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southampton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

GENERAL DEPARTMENT.

The 1st July, 1868.

No. 1816.—The following Acts and orders are re-published for general information:—

A. D. 1851. ACT VIII.

AN ACT *for enabling Government to Levy Tolls on Public Roads and Bridges:* PASSED *by the Honourable the President of the Council of India in Council, on the 4th July*, 1851, *with the Assent of the Most Noble the Governor-General of India.*

Preamble.

WHEREAS it is expedient to enable Government to levy tolls upon roads and bridges, it is enacted as follows :—

I. [Repeal of certain Acts in force in Bombay.]

Local Governments to fix the rates of tolls on roads and bridges.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such tolls under the management of such persons as may appear to them proper; and all persons employed in the management and collection of such tolls shall be liable to the same responsibilities as would belong to them if employed in the collection of the land revenue.

Levy of toll by seizure and sale.

III. In case of non-payment of any such toll on demand, the officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the toll; and if any toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the officer appointed to superintend the collection of the said toll, who may sell the property seized for discharge of the toll and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property; and the said officer, on receipt of the property, shall forthwith issue a notice that at noon of the next day, exclusive of Sunday, or any close holiday, he will sell the property by auction. Provided that if, at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and double the toll payable by him, the said officer shall forthwith release the property seized.

Troops, military stores, and police officers exempt.

IV. No tolls shall be paid for the passage of troops and military stores and equipages on their march, or of police officers on duty, or of any person or property in their custody; but no other exemption from payment of the tolls levied under this Act shall be allowed.

Police Officers to assist toll collectors.

V. All police officers shall be bound to assist the toll collectors, when required, in the execution of this Act; and for that purpose shall have the same power which they have in the exercise of their common police duties.

Punishment for unlawfully levying toll or excess of toll.

VI. Every person, other than the persons appointed to collect the tolls under this Act, who shall levy or demand any toll on any public road or bridge, or for passing through any bazaar situated thereon, and every person who shall unlawfully and extortionately demand or take any other or higher toll than the lawful toll, or under colour of this Act, seize or sell any property, knowing such seizure or sales to be unlawful, or in any manner unlawfully extort money, or any valuable thing, from any person under colour of this Act, shall be liable, on conviction before a magistrate, to imprisonment for any term not exceeding six calendar months, or to fine not exceeding two hundred rupees, any part of which fine may be awarded by the magistrate to the person aggrieved; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court of the zilah.

Table of tolls to be exhibited at toll-gate.

VII. A table of the tolls authorised to be taken at any toll-gate or station shall be put up in a conspicuous place near such gate or station, legibly written or printed in English words and figures, and also in those of the vernacular language of the district, to which shall be annexed, written or printed in like manner, a statement of the penalties for refusing to pay the tolls and for taking any unlawful toll.

Appropriation of tolls.

VIII. The tolls levied under this Act shall be deemed public revenue, but the net proceeds thereof shall be applied wholly to the construction, repair, and maintenance of roads

and bridges, within the Presidency in which they are levied.

FINANCIAL DEPARTMENT.

The 17th July, 1868.

No. 1133.

Extract from the Proceedings of the Government of Bombay, in the Financial Department,— No. 914, *dated 24th June*, 1868.

Read the following letter:—

FROM DOSABHOY FRAMJEE, Esq., Collr. of the Tax on Professions and Trades, to the Chief Secy. to the Govt. of Bombay.—No. 137, dated 13th June, 1868.

I have the honor to request the instructions of Government on the subject of allowing discount under the circumstances below stated.

2. Section 13 of the Certificate Act (No. IX. of 1868) enjoins the Collector to prepare, as soon as may be after the 1st day of May, a list of the persons liable to take out certificates under the Act.

3. Clause I of Section 25 provides for the payment of the tax where the amount equals or exceeds Rs. 40 by two instalments; the first instalment to be paid on *some day not later than* 15 *days after the name of the person paying the same shall have appeared in the list* mentioned in Section 13, and the second instalment on the 1st day of November.

4. Clause II provides that if in any such case *the whole amount be paid on or before the day on which the first instalment is to be paid*, the person paying *such whole amount* shall be entitled to a discount of two and a half per cent. on the amount of the second instalment.

5. In strict conformity to the Act, therefore, if a person's name was entered in the list on the 2nd of May, he would be liable to pay the first instalment on the 17th of May; and if such person paid the amount of the second instalmention the same day, he would be entitled to a discount of two and a half per cent. on the latter sum.

6. But, excepting in few cases, not one of those from whom I have already collected the tax paid *the same within* 15 *days from the date on which their names were entered in the list*, and they had, therefore, to be served with the notices of demand mentioned in Section 17. After the receipt of such notices, the tax has been freely paid for the whole year.

7. The question therefore for consideration is, whether the full tax not having been paid on the date on which the first instalment was due, as required by Clause II of Section 25 above-quoted, *but after the receipt of the notice of demand*, the person paying the sum for the whole year is entitled to the discount upon the amount of the second instalment.

8. Having addressed the Collector in charge of the Certificate Tax at Calcutta to ascertain the practice observed by him, that Officer, in a letter No. 48, dated 26th ultimo, has replied as follows:—

"I should make no difference as regards discount, whether a person paid his second instalment before or after notice."

9. It appears to me however that, under the strict reading of the Act, the discount is not admissible in those cases in which the second instalment was not paid on or before the day on which the first instalment became due, and, therefore, I solicit the decision of Government on the point.

RESOLUTION.—The privilege of paying by instalments (as well as the corresponding one of receiving discount on the second instalment if paid in advance) seems to have been held out as an inducement to speedy payment without the trouble of serving notices. The privilege cannot be taken advantage of unless the amount is paid within 15 days of the preparation of the list, and the power of issuing notices does not accrue till the privilege of paying by instalments lapses. It seems, therefore, clear that no person on whom a notice has been duly served can exercise the privilege of paying by instalments, or receive discount. The opinion of the Collector is, therefore, approved by this Government. But as a different course is apparently adopted in Calcutta, copies of these papers should be submitted to the Government of India.

2. These papers may be published for general information in the *Government Gazette*, as the knowledge of the conditions under which the privilege of payment by instalments may be made use of will perhaps lead to more speedy payment of the tax in future years.

No. 915.

Endorsed by the Govt. of Bombay.

Submitted to the Government of India.

The opinion of the Government of Bombay appears to be correct, and is accordingly adopted by this Government.

ORDERED, that the foregoing Resolution be communicated to the Government of Bombay and to the other Local Governments and the several Administrations.

Also that it be published in the *Gazette of India.*

To

ALL REGISTRARS OF ASSURANCES
IN THE PANJAB.

Sir,—A case having occurred in Oudh of false personation before a Sub-Registrar, I have the honor to request your particular attention to the provisions of section 36 of Act XX. of 1866, relating to the steps to be taken by Registering Officers for satisfying themselves of the identity of persons presenting themselves as executants of documents for which registration is sought.

2. It is the most important part of a Registering Officer's duty to satisfy himself that the persons so presenting themselves are actually those whom the documents purport to have been executed by. If this be carefully done in each case by the Registering Officer himself, and not left to his Mohurrirs to do, an effectual check on false personations is provided.

3. It will no doubt frequently occur that the parties presenting themselves are personally unknown to the Registering Officer, and it will be his duty in all such cases to require the parties to produce witnesses to their identity, who are either personally known to him or to some other person who is so.

4. The same course should be observed in the case of representatives, assigns, or agents; and also when Powers of Attorney are presented for execution before a Registering Officer under the provisions of section 35 of the Act.

5. You are requested to communicate these instructions to your subordinates, and to take every opportunity of informing yourself that they are attended to.

I have, &c.,
W. KIRKE,
Registrar General.

Dated Lahore, 22nd July, 1868.

Present:—

C. Boulnois, Esquire,
D. Simson, Esquire, } *Judges.*

The Chief Court having been informed that the Tahsildars of one Dis were in the habit of hearing all suits for land th annual jumma of which did not exceed Rs. 10 the Judges deem it necessary to point out that the market value of the land in dispute, and not the annual jumma, determines the jurisdiction of the Court.

2. In estimating the market value of the property, Act XXVI. of 1867 pre scribes that in suits for land paying revenue to Government eight times the revenue so payable, and in suits for land not paying revenue to Government twenty times the annual net profits of such land, shall be taken to be the market value thereof, unless and until the contrary shall be proved—*(Note (a), Art* 11, *Section 6.)*

3. The Court may, however, of its own motion or on the application of any party to the suit, institute an enquiry in order to ascertain the market value or annual net profits of the land in dispute, and for this purpose it may issue a com mission, under Section 180 of the Code of Civil Procedure, to any proper person directing him to make such local or other investigation as may be necessary and to report thereon to the Court, and the decision of the Court as to the market value or annual net profits shall be final. It will only be in exceptional cases, however, that such an enquiry would be necessary or proper.

4. Appellate Courts are requested to see that these rules are strictly attended to by the Courts subordinate to them, and also that no Tahsildar or other Officer is allowed to try a suit beyond his jurisdiction.

By order of the Chief Court,

A. D. 1851. ACT VIII.

An Act for enabling Government to Levy Tolls on Public Roads and Bridges: Passed *by the Honourable the President of the Council of India in Council, on the 4th July*, 1851, *with the Assent of the Most Noble the Governor-General of India.*

Preamble.

Whereas it is expedient to enable Government to levy tolls upon roads and bridges, it is enacted as follows:—

I. [Repeal of certain Acts in force in Bombay.]

Local Governments to fix the rates of tolls on roads and bridges.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such tolls under the management of such persons as may appear to them proper: and all persons employed in the management and collection of such tolls shall be liable to the same responsibilities as would belong to them if employed in the collection of the land revenue.

Levy of toll by seizure and sale.

III. In case of non-payment of any such toll on demand, the officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the toll; and if any toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the officer appointed to superintend the collection of the said toll, who may sell the property seized for discharge of the toll and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property; and the said officer, on receipt of the property, shall forthwith issue a notice that at noon of the next day, exclusive of Sunday, or any close holiday, he will sell the property by auction. Provided that if, at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and of double the toll payable by him, the said officer shall forthwith release the property seized.

Troops, military stores, and police officers exempt.

IV. No tolls shall be paid for the passage of troops and military stores and equipages on their march, or of police officers on duty, or of any person or property in their custody; but no other exemption from payment of the tolls levied under this Act shall be allowed.

Police Officers to assist toll collectors.

V. All police officers shall be bound to assist the toll collectors, when required, in the execution of this Act; and for that purpose shall have the same power which they have in the exercise of their common police duties.

Punishment for unlawfully levying toll or excess of toll.

VI. Every person, other than the persons appointed to collect the tolls under this Act, who shall levy or demand any toll on any public road or bridge, or for passing through any bazaar situated thereon, and also every person who shall unlawfully and extortionately demand or take any other or higher toll than the lawful toll, or under colour of this Act, seize or sell any property, knowing such seizure or sales to be unlawful, or in any manner unlawfully extort money, or any valuable thing, from any person under colour of this Act, shall be liable, on conviction before a magistrate, to imprisonment for any term not exceeding six calendar months, or to fine not exceeding two hundred rupees, any part of which fine may be awarded by the magistrate to the person aggrieved; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court of the zilah.

Table of tolls to be exhibited at toll-gate.

VII. A table of the tolls authorized to be taken at any toll-gate or station shall be put up in a conspicuous place near such gate or station, legibly written or printed in English words and figures, and also in those of

the vernacular language of the district, to which shall be annexed, written or printed in like manner, a statement of the penalties for refusing to pay the tolls and for taking any unlawful toll.

Appropriation of tolls.

VIII. The tolls levied under this Act shall be deemed public revenue; but the net proceeds thereof shall be applied wholly to the construction, repair, and maintenance of roads and bridges, within the Presidency in which they are levied.

May, 7th.	A set of relics from the Akra mound in the Bunnoo district, consisting of small burnt clay figures (grotesque), one a figure with a high Afghán cap; also fragments of sculptured slate. The locality is described as follows :— "The mound of Akra proper rises abruptly from a level plain about 9 miles south of the Cantonment of Bunnoo. It is about 200 or 250 feet in height above the level of the plain, and is composed of fragments of burnt bricks, tiles, stones, cement, &c.; on the Bunnoo side of this mound are a collection of lower ones composed of the same material. "From the traces of the action of fire on the remains, and the fact that human bones and articles of vertu are sometimes found amongst them, there can be no doubt that the place was suddenly and totally destroyed, and then abandoned. "As yet no systematic attempts have been made to discover whether or not these interesting mounds contain any great antiquarian treasure: coins, for the most part copper, are found all over the surface of the mounds after every heavy fall of rain. MILITARY. INDIA OFFICE;

No. 184. *London, 28th May*, 1868.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,—I have considered in Council your letter No. 61 of 22nd February last, enquiring whether the period of probation in a military appointment required to qualify an Officer for admission to the Staff Corps is, or is not, to include leave in India (privilege leave excepted) ; also whether the circumstance of an Officer going on such leave, if it be excluded, should affect the date from which he would otherwise be gazetted to the Corps.

2. As observed by you, the term of probation is intended both to enable the Officer to acquire a knowledge of the service or department in which it is passed, and to test his general fitness for it.

3. I therefore concur with your Government in opinion that all leave, except privilege leave, be excluded from the year's probation required for admission to the Staff Corps, but that the date of final admission to the Corps need not be affected on that account.

The following extracts from the *Gazette of India*, dated the 1st August, 1868, are re-published for general information :—

No. 1490.

Read—

Letter from the Deputy Accountant General, Central Provinces, No. 1146, dated 25th June, 1868, enquiring whether deputation allowances to Military Officers in Civil employ acting in appointments the salary of which is consolidated are to be regulated according to the Rules for Covenanted Civil Servants.

Letter from Accountant General, British Burmah, No. 154, dated 7th July, 1868, on the same subject.

Read again—

Orders in this Department, No. 534, dated the 16th June, 1868, authorizing revised rates of acting allowances for Covenanted Civil Officers.

OBSERVATIONS.—The Governor-General in Council observes that Civil appointments held by Military Officers are of two kinds—

1*st*.—Those of which the salary is consolidated.

2*nd*.—Those which carry staff allowances.

A Military Officer acting in either of these kinds of appointments may substantively be himself in one of the three following positions:—

1*st*.—Simply a Regimental or Staff Corps Officer out of employ, and drawing only the pay of his rank.

2*nd*.—In staff employ, Civil or Military, drawing staff allowances in addition to the pay of his rank.

3*rd*.—Holding an appointment, of which the pay is consolidated.

The Governor-General in Council is of opinion that Military Officers when acting in Civil appointments the pay of which is consolidated should draw acting allowances, so far as possible under Civil Rules; and that when acting in Civil appointments carrying a staff salary, they should draw acting allowances as if acting in a Military appointment carrying a staff salary.

RESOLUTION.—The following Rules regulating the acting allowances of Military Officers acting in Civil appointments shall be adopted with effect from the 1st July, 1868:—

I.—A Military Officer acting in a Civil appointment the salary of which is consolidated shall, in respect of acting allowances, be subject to the Rules promulgated in Orders No. 534, of the Financial Department, dated the 16th June, 1868, regarding the acting allowances of Covenanted Civil Officers. If such Officer hold a substantive appointment carrying staff allowances, and not consolidated, he will lose half the staff allowance of that apppintment.

II.—The subsistence allowance referred to in Rules II. of the said Rules shall be the Indian pay and allowances of the rank of the Officers: Provided that in no case shall a Military Officer draw under that rule a greater or smaller salary than would be drawn by a Covenanted Civil Servant of the corresponding grade as noted in the margin.

Captains and Subalterns correspond with Covenanted Civil Servants of less than 8 years' standing.

Majors correspond with Covenanted Civil Servants of 8 or less than 12 years' standing.

Officers above the rank of Majors correspond with Covenanted Civil Servants of 12 or more years' standing.

III.—A Military Officer acting in a Civil appointment to which staff allowances are attached and are not consolidated shall, in respect of acting allowances, be subject to the Rules which govern the acting allowances of Military Officers acting in Military appointments to which staff allowances are attached.

IV.—If a Military Officer acting in a Civil appointment hold a substantive appointment the salary of which is consolidated, the difference between the Indian pay and allowance of his rank, and the full salary of his substantive appointment, shall, for the purposes of Rule III., be held to be his staff salary.

ORDERED, that the above Resolution be published in the *Gazette of India*, and communicated to all Accountants General and Deputy Accountants General in independent charge, and to the Comptroller General of Accounts.

The 31*st July*, 1868.

XIV. If owing to the exigencies of the service, it may be necessary to place any limit on the number of Chaplains who may be absent on furlough at the same time, applications not supported by medical certificate shall be granted in the following order:—

The applicant, to whose credit the greatest amount of furlough remains under Rule III. shall have the preference.

If two or more applicants are on an equality in this respect, the preference shall be given to the applicant whose actual service in India is longest, reckoning, in the case of a Chaplain who has not taken long extraordinary leave, or long furlough, from the date of his arrival in India, and in the case of a Chaplain who has taken long extraordinary leave, or long furlough, from the date of his last return from such leave or furlough.

If two or more applicants are equal in both respects, the preference shall be given to the senior in the Gradation List.

CHAPTER II.

Privilege Leave.

XV. Subject to the exigencies of the State, a Chaplain who has completed five months' continuous duty may take privilege leave for a month without deduction from his salary or house-rent, but with loss of conveyance and jail allowances.

XVI. In the same manner, and under the same conditions, two or three months' privilege leave may be taken when a Chaplain has completed continuous duty of ten months and fifteen months respectively.

XVII. If a Chaplain shall overstay his privilege leave, he shall forfeit all salary during the time of his remaining so absent.

CHAPTER III.

Special Leave.

XVIII. Special leave on urgent private affairs may be granted at the discretion of the Government for a period not exceeding six months. In respect of allowances to be drawn during the leave and of subsidiary leave, the conditions of special leave shall be the same as those prescribed for furlough under Rules VII. and XI.

XIX. Rule XVII. shall, *mutatis mutandis*, apply to a Chaplain overstaying special leave.

XX. Special leave may be repeated with allowances after intervals of at least six years' actual service.

CHAPTER IV.

General.

XXI. Applications for leave shall in all cases be submitted in such manner as the Governor-General of India in Council may from time to time prescribe.

XXII. Furlough, privilege leave, and special leave shall not be taken as such in continuation of each other; but if a Chaplain absent on one of these classes of leave be allowed to change it for another, the whole period of his absence shall be held to be under the class of leave for which it was changed.

XXIII. Subject to considerations of State, there shall be no restriction as to the places where a Chaplain may reside when on leave.

XXIV. Leave allowance shall be payable monthly, if payment is taken in India, and quarterly, if payment is taken in England. When furlough is taken in England, an advance of the first quarter's allowances may be made in India. Such advance shall not be recoverable in case of death.

XXV. The term of *residence* qualifying for pension shall be, in the case of Chaplains appointed before the 11th January, 1854, 15 years, and in the case of Chaplains appointed on or after that date, 17 years, but no leave, except privilege leave and subsidiary leave, shall count as residence.

XXVI. The term of *service* qualifying for pension shall be in the case of Chaplains appointed before the 11th January, 1854, 18 years, and in the case of Chaplains appointed on or after that date, 20 years. No. 1816.—The following Acts and orders are re-published for general information :—

A. D. 1851. ACT VIII.

AN ACT *for enabling Government to Levy Tolls on Public Roads and Bridges*: PASSED *by the Honourable the President of the Council of India in Council, on the 4th July, 1851, with the Assent of the Most Noble the Governor-General of India.*

Preamble.

WHEREAS it is expedient to enable Government to levy tolls upon roads and bridges, it is enacted as follows :—

I. [Repeal of certain Acts in force in Bombay.]

Local Governments to fix the rates of tolls on roads and bridges.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been

or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such tolls under the management of such persons as may appear to them proper: and all persons employed in the management and collection of such tolls shall be liable to the same responsibilities as would belong to them if employed in the collection of the land revenue.

Levy of toll by seizure and sale.

III. In case of non-payment of any such toll on demand, the officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the toll; and if any toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the officer appointed to superintend the collection of the said toll, who may sell the property seized for discharge of the toll and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property: and the said officer, on receipt of the property, shall forthwith issue a notice that at noon of the next day, exclusive of Sunday or any close holiday, he will sell the property by auction. Provided that, if at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and of double the toll payable by him, the said officer shall forthwith release the property seized.

Troops, military stores, and police officers exempt.

IV. No tolls shall be paid for the passage of troops and military stores and equipages on their march, or of police officers on duty, or of any person or property in their custody; but no other exemption from payment of the tolls levied under this Act shall be allowed.

Police Officers to assist toll collectors.

V. All police officers shall be bound to assist the toll collectors, when required, in the execution of this Act; and for that purpose shall have the same power which they have in the exercise of their common police duties.

Punishment for unlawfully levying toll or excess of toll.

VI. Every person, other than the persons appointed to collect the tolls under this Act, who shall levy or demand any toll on any public road or bridge, or for passing through any bazar situated thereon, and also every person who shall unlawfully and extortionately demand or take any other or higher toll than the lawful toll, or under colour of this Act seize or sell any property, knowing such seizure or sale to be unlawful, or in any manner unlawfully extort money, or any valuable thing, from any person under colour of this Act, shall be liable, on conviction before a magistrate, to imprisonment for any term not exceeding six calendar months, or to fine not exceeding two hundred rupees, any part of which fine may be awarded by the magistrate to the person aggrieved; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court of the zilah.

Table of tolls to be exhibited at toll-gate.

VII. A table of the tolls authorized to be taken at any toll-gate or station shall be put up in a conspicuous place near such gate or station, legibly written or printed in English words and figures, and also in those of the vernacular language of the district, to which shall be annexed, written or printed in like manner, a statement of the penalties for refusing to pay the tolls and for taking any unlawful toll.

Appropriation of tolls.

VIII. The tolls levied under this Act shall be deemed public revenue; but the net proceeds thereof shall be applied wholly to the construction, repair, and maintenance of roads and bridges, within the Presidency in which they are levied.

ACT No. XV. of 1864.

Passed by the Governor-General of India in Council.

(Received the assent of the Governor-General on the 24th March, 1864.)

An Act to Amend Act VIII of 1851, *(for enabling Government to levy Tolls on Public Roads and Bridges.)*

Preamble.

Whereas by Act VIII of 1851 *(for enabling Government to levy Tolls on Public Roads and Bridges)* authority was given for the levy of certain rates of toll, not exceeding the rates mentioned in the Schedule annexed to that Act; and whereas it is expedient to make certain alterations in respect to the rates in the said Schedule mentioned; It is enacted as follows:—

Schedule of Act VIII of 1851 repealed and another Schedule substituted.

I. In any place to which this Act shall be extended by the Local Government, the Schedule to the said Act VIII of 1851 shall be of no effect, except as to any proceedings pending at the time at which this Act shall be so extended, and except as to any rate of toll levied theretofore: and all the provisions of the said Act applicable or referring to the rates of toll mentioned in the said Schedule shall be applicable and refer to the rates of toll mentioned in the Schedule to this Act annexed, which shall be read with and taken as part of the said Act VIII of 1851.

Collectors of Tolls may compound for tolls leviable under Act VIII of 1851 or this Act.

II. Any person entrusted with the management of the collection of tolls under Act VIII of 1851 may in his discretion compound for any period not exceeding one year with any person for a certain sum to be paid by such person for himself or for any vehicle or animal kept by him, in lieu of the rates of toll specified in the Schedule of the said Act VIII of 1851 or in the Schedule to this Act.

III. The local Government may extend this Act to any place in which the said Act VIII of 1851 is in force: and the local Government of any place in which the said Act VIII of 1851 is not in force may extend the said Act VIII of 1851 and this Act to such place.

This Act where to have operation.

IV. For the purposes of this Act, the words "Local Government" shall denote the person authorized by law to administer executive government in any part of the territories vested in Her Majesty by the Statute 21 and 22 Vic., cap. 106, entitled "An Act for the better government of India."

RESOLUTION.—The rates of acting allowances for Officers of the Covenanted Civil Service and of Military Officers acting in Civil appointments having been lately revised, the Governor-General in Council deems it expedient that the acting allowances of Officers of the Uncovenanted Service acting in similar posts should be put on the same footing. His Excellency in Council is therefore pleased to resolve that when an Officer of the Uncovenanted Service acts in such posts as are held by Covenanted Civil Officers, or by Military Officers in Civil employ, they shall, in respect of acting allowances, be subject to the rules prescribed in Orders No. 534 of this Department, dated the 16th June, 1868, regarding the acting allowances for Covenanted Civil Officers. With reference to Rule II. of the said Rules, it will be understood that no Uncovenanted Officer will be held to be entitled to subsistence allowance in virtue of this Resolution.

These orders will not apply to the Civil Account Department.

ORDERED, that the foregoing Resolution be communicated to the several Local Governments and Administrations, to the Comptroller General of Accounts, and to the several Accountants General and Deputy Accountants General in independent charge.

FINANCIAL. INDIA OFFICE;

No. 290. *London, 9th July*, 1868.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,—I have considered in Council your Military letter, dated the 9th March last, No. 96, submitting a recommendation from the Bombay Government that Major Raitt, Superintendent of the House of Correction at Bombay, should be exempted from the operation of the rule which requires that Military pensions shall merge in Civil salaries, and you state that that Officer's case affords a striking illustration of the hardship of the rule, which you earnestly trust Her Majesty's Government may see fit to rescind.

2. In compliance with your recommendation and that of the Government of Bombay, I will not object to Major Raitt's drawing his pension of £241-12 per annum, in addition to the salary of Rs. 300 per mensem attached to the appointment he is now holding.

3. I am also willing, in accordance with your strong recommendation, to authorize the following modification of the rule. When an Officer who has retired on a pension obtained, not on medical certificate, but after a prescribed period of service, is subsequently employed in any public capacity, he shall be permitted to draw the pension, in addition to the salary of the office in which he may be appointed ; but in the event of a Military Officer resigning the service after he has been appointed to a Civil office, he must at the same time vacate that office. He may, however, be re-appointed to the office, not as a matter of course, but only in the event of your considering it decidedly for the benefit of the public service.

I have, &c.,

(Sd.) STAFFORD H. NORTHCOTE.

ORDERED, that the above be communicated to the Foreign, Home, Military, and Public Works Departments ; the several Local Governments and Administrations ; the Comptroller-General of Accounts, and the several Accountants General and Deputy Accountants General in independent charge.

Also, that it be published in the *Gazette of India*.

The 7th August, 1868.

No. 1653.

The Governor-General in Council is pleased to promulgate the following Rules regarding travelling allowances to Chaplains.

The Rules will take effect from the 1st day of August, 1868:—

I.—Travelling allowances at the rate of 4 annas a mile per road, and 3 annas a mile per rail, will be allowed to a Chaplain who has already no charge for his joining a station to which he may be appointed either substantively or officiating; also to a Chaplain on his permanent transfer from one appointment to another under the orders of Government, and not at his own request. Provided that on return from furlough or any other leave, a Chaplain will join his station at his own expense. If his appointment has been changed during his absence, he will draw travelling allowance for the excess distance, if any, between his old and new station from the Presidency at the rates above mentioned.

II.—If, while absent on privilege leave, a Chaplain is required to perform duty for an absentee at a station other than his own, he will draw travelling allowance at the rates in Rule I. from his own station to that at which he is required to do duty.

III.—Travelling allowance at 12 annas a mile by road, and 3 annas a mile by rail, will be given to a Chaplain sent to officiate at other stations, or visiting out-stations, provided he proceeds further then 5 miles if in receipt, at his own station, of conveyance allowance, or farther than 3 miles if not in receipt of that allowance. This rule is applicable to Chaplains of the Church of Scotland, Clergymen of the Additional Clergy Society, Missionaries of the Society for the Propagation of the Gospel, and the Church Missionary Society, and Roman Catholic Priests when visiting out-stations.

IV.—If any Chaplain or other person to whom Rule III. applies obtains a free pass on any railway for visiting railway stations on the line, his travelling allowance by rail will be limited to 1½ anna per mile.

V.—A Chaplain officiating at a station to which a conveyance allowance is attached will draw that allowance during his stay at the station.

VI.—A Chaplain may exchange the mileage admissible under Rule III. for an allowance of Rs. 6 a day for the period of absence from his principal station ; but should he do so, he will not be entitled to any conveyance allowance under Rule V.

VII.—A Chaplain in receipt of conveyance allowance for a station will forfeit it when absent from his station on gazetted leave, but not when visiting another station and retaining substantive charge of his own.

A. D. 1851. ACT VIII.

AN ACT *for enabling Government to Levy Tolls on Public Roads and Bridges*: PASSED *by the Honourable the President of the Council of India in Council, on the 4th July,* 1851, *with the Assent of the Most Noble the Governor-General of India.*

Preamble.

WHEREAS it is expedient to enable Government to levy tolls upon roads and bridges, it is enacted as follows :—

I. [Repeal of certain Acts in force in Bombay.]

Local Governments to fix the rates of tolls on roads and bridges.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such tolls under the management of such persons as may appear to them proper: and all persons employed in the management and collection of such tolls shall be liable to the same responsibilities as would belong to them if employed in the collection of the land revenue.

Levy of toll by seizure and sale.

III. In case of non-payment of any such toll on demand, the officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the toll; and if any toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the officer appointed to superintend the collection of the said toll, who may sell the property seized for discharge of the toll and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property: and the said officer, on receipt of the property, shall forthwith issue a notice that at noon of the next day, exclusive of Sunday or any close holiday, he will sell the property by auction. Provided that, if at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and of double the toll payable by him, the said officer shall forthwith release the property seized.

Troops, military stores, and police officers exempt.

IV. No tolls shall be paid for the passage of troops and military stores and equipages on their march, or of police officers on duty, or of any person or property in their custody; but no other exemption from payment of the tolls levied under this Act shall be allowed.

Police Officers to assist toll collectors.

V. All police officers shall be bound to assist the toll collectors, when required, in the execution of this Act; and for that purpose shall have the same power which they have in the exercise of their common police duties.

Punishment for unlawfully levying toll or excess of toll.

VI. Every person, other than the person appointed to collect the tolls under this Act, who shall levy or demand any toll on any public road or bridge, or for passing through any bazaar situated thereon, and also every person who shall unlawfully and extortionately demand or take any other or higher toll than the lawful toll, or under colour of this Act seize or sell any property, knowing such seizure or sale to be unlawful, or in any manner unlawfully extort money, or any valuable thing, from any person under colour of this Act, shall be liable, on conviction before a magistrate, to imprisonment for any term not exceeding six calendar months, or to fine not exceeding two hundred rupees, any part of which fine may be awarded by the magistrate to the person aggrieved; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court of the zilah.

Table of tolls to be exhibited at toll-gate.

VII. A table of the tolls authorized to be taken at any toll-gate or station shall be put up in a conspicuous place near such gate or station, legibly written or printed in English words and figures, and also in those of the vernacular language of the district, to which shall be annexed, written or printed in like manner, a statement of the penalties for refusing to pay the tolls and for taking any unlawful toll.

Appropriation of tolls.

VIII. The tolls levied under this Act shall be deemed public revenue; but the net proceeds thereof shall be applied wholly to the construction, repair, and maintenance of roads and bridges, within the Presidency in which they are levied.

No. 2188.—The following Rules relating to Church Committees, laid down by the Government of India for the Diocese of Calcutta, are published for general information:—

RULES RELATING TO CHURCH COMMITTEES.

From these Rules, St. John's Church, Calcutta, is excepted, where the present constitution shall remain unaltered. And if in any station, from its small size or other causes, it may seem hardly possible to carry out these Rules, the Chaplain, or Minister, shall make a representation on the subject to the Bishop.

I. In any station where there is a Government Chaplain, or a Church which is the property of Government, and in every other station (where there is a Clergyman), there may be appointed not less than two nor more than four laymen, with the title of the Church Committee, to assist the Chaplain, or Minister, in the discharge of such duties as are not necessary parts of his spiritual office. If there be more than one Church, a separate Committee shall be nominated for each.

II. As a rule, Members of the Church Committee shall be two in number; additional Members shall only be appointed in exceptional circumstances and on the recommendation of the Bishop.

III. In every station, the Chaplain, or Minister, shall nominate one Member of the Committee.

IV. The other Member or Members shall be appointed as follows:—

(a.) In a purely Military station, where there are European troops, the Commanding Officer of the station, if willing to act, otherwise the Military Officer next in rank, who may be so willing, shall nominate the second Member.

(b.) In a station where there are no European troops (or merely a Detachment to garrison a fort, as at Lahore or Lucknow Civil Lines), the chief Civil authority of the station, if willing to act, otherwise the Civil Officer next to him in position, shall nominate the other Member.

(c.) In a mixed station, where there are both European troops and a civil community, the other Members or Member of the Church Committee shall be appointed by a Committee of Selection, consisting of the chief Civil and Military authorities of the Station, who may be willing to act on such Committee of Selection, and a third person, to be nominated by the Chaplain, or Minister, from the non-official and Uncovenanted community. The powers of this Committee shall be strictly limited to the selection of a Member or Members of the Church Committee.

V. A Member of the Church Committee should be a member of the congregation of the Church, on the Committee of which he is nominated.

VI. The Church Committee shall be appointed annually in Easter week, except in stations where that time of the year is unsuitable. In these stations, the Bishop, on the representation of the Chaplain, or Minister, may fix another time of appointment. The Members of the past or of the previous year's Church Committee shall be eligible for re-appointment.

But the Bishop and the Archdeacon, who are now ex-officio Members of the Vestries of St. Paul's and St. John's, shall continue so.

VII. The Chaplain or Minister and Church Committee together constitute the Vestry of the Church or station.

Moreover, any Clergyman resident in a station, but not in spiritual charge of it, may be elected to serve upon the Vestry by the other Members. The Chaplain, or Minister, is Chairman of the Vestry, with a casting vote in addition to his own, unless the Bishop or Archdeacon is present.

VIII. The Vestry should meet not less than once a quarter.

IX. The Vestry will have no legal status as a corporate body, and no powers beyond those specified in these rules.

X. The duties of a Member of the Church Committee shall be:—

(a.) To take part with the Chaplain, or Minister, in the distribution of money gathered at the offertory, in accordance with the rubric, at the end of the communion service, due attention being paid to any particular recommendation made by the Bishop.

(b.) To take part also in the management and expenditure of any other Church funds, such as pew rents, where these exist.

(c.) To share with the Minister the duty and responsibility of assigning the seats in the Church, and reserving official seats for such persons and their families as may be indicated in any order of Government.

(d.) To make representation to the Bishop on matters connected with the ecclesiastical affairs of the station, to meet him or the Archdeacon on visitation (with the Chaplain or Minister) for conference on such matters, and to answer such circulars and letters of enquiry as the Bishop or Archdeacon may address to them.

(e.) To consult with the Chaplain, or Minister, on all matters connected with the fabric of the Church and Parsonage, if the building be public property.

(f.) To assist in collecting the alms of the Congregation, and in drawing up an annual report of their amount and distribution, to be published to the Congregation and sent to the Bishop.

(g.) If the Chaplain, or Minister, has left the station without making any arrangements for divine service, or is prevented from doing so, to make such arrangements.

(h.) During the temporary absence of the Chaplain, or Minister, or during a vacancy, to take charge of the Church plate, books, linen, and all other property, and deliver them up with an inventory to the new Chaplain, or Minister.

XI. Should the nominee of the Chaplain (or in a mixed station, in the non-official Member to which appointment is made by the Committee of Selection) vacate his office during a vacancy in the incumbency of the station or Church, the other Member or Members shall nominate a colleague or non-official Member of Committee to act provisionally till the new Chaplain, or Minister, arrives, who may or may not adopt the appointment.

XII. When an interpretation of any doubtful point in these Rules is required, resort is to be had to the Bishop; and all the powers here vested in the Bishop may be exercised in his absence by the Archdeacon or Commissary.

It is to be understood that the performance of the duties of the Church Committee is purely voluntary, nor is it incumbent on any person, whether a servant of Government or otherwise, to serve on any Church Committee or Committee of Selection.

No. 1289.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

Leave and Allowances.

To

THE ACCOUNTANT GENERAL, BENGAL.

Simla, the 31*st July* 1868.

Sir,—In reply to your letter No. 533, dated 29th June, 1868, enquiring how deputation allowances is to be calculated in cases of appointments in classes, I am directed to state that, under the terms of Rule I. of the new Rules for acting allowances, the plan of calculating acting allowances on the average of classes or grades is abolished, and that the acting allowances will, under that Rule, be calculated on the pay of the grade in which the officer is acting. If the Local Government appoint an officer to act as a first class Magistrate, the acting allowance would be calculated on the pay of a first class Magistrate ; but it would not be obligatory on the Local Government to appoint, say, a Joint Magistrate to act as a first class Magistrate, simply because the officer in whose place he was acting was a first class Magistrate.

2. The classes are personal, and not local. The Local Government would probably appoint a second class Magistrate to act for the first class Magistrate on leave, so far as allowances were concerned, and would appoint a Joint Magistrate to act for the second class Magistrate, although the Joint Magistrate might be sent to the station where the first class Magistrate was employed.

Ordered, that a copy of the above be sent to all other Accountants General and Deputy Accountants General in independent charge, and to the Comptroller General of Accounts.

Also to all the Local Governments and Administrations.

Leave and Allowances.

To

THE ACCOUNTANT GENERAL, BENGAL.

Simla, the 31*st July*, 1868.

Sir,—I am directed to acknowledge the receipt of your letter No. 534, dated 29th June, 1868, enquiring whether an officer holding an officiating appointment, and taking leave under Section XVIII. of the new Furlough Rules for the Covenanted Civil Service, will, while absent, draw his acting allowance if another officer is appointed to act in his stead for the substantive incumbent.

2. In reply, I am to inform you that it was fully intended that the rule should be strictly carried out, and that acting allowances should continue to be drawn by an officer on privilege leave, even though another officer were appointed to act for him.

Ordered, that a copy of the above be sent to the Comptroller General of Accounts, and the other local Accountants General and Deputy Accountants General in independent charge.

Also to all the Local Governments and Administrations.

The 12th August, 1868.

No. 2202.—The following orders are published for general information :—

Copy of a letter No. 1310, dated 31st July, 1868, from the Under-Secretary to the Government of India, Financial Department, to the Secretary to the Government of the Punjab.

In reply to Under-Secretary Lieutenant Colonel Hutchinson's letter, No. 1691, dated 8th instant, pointing out that in the Punjab, particularly in the smaller and more remote sudder stations, there is a great want of suitable house accommodation for the European Civil Officers of Government, I am desired to state that, under the circumstances represented, the Governor General in Council is pleased to extend to the Punjab the system of loans sanctioned for the erection of substantial dwellings in Berar and Bengal.

Copy of Notification of the Government of India, in the Financial Department, No. 3115, dated 20th December, 1867.

The Governor-General in Council is pleased to notify that the advances which have already been made and which may hereafter be sanctioned to the Civil, Police, and Medical Officers of the Hyderabad Assigned Districts under orders passed in the Foreign and Financial Departments on the 3rd January and 20th March, 1867, respectively, to enable such Officers to erect small substantial houses of residence, are hereby declared to be subject to the following conditions :—

1. All such advances must be *bonâ fide* required for the purpose of building suitable houses for the personal residence of the Officers concerned, and if more is advanced than shall be actually expended for the purpose, the surplus shall be refunded to Government.

2. Such advances shall not in the aggregate exceed six months' salary.

3. The whole advance is repayable in two years.

4. Repayment will be made by Treasury Officers deducting monthly instalments equal to one twenty-fourth part of the advance.

5. In order to secure Government from loss consequent on an Officer dying or quitting the service prior to complete repayment of the advance, the house so built must be mortgaged to Government, by whom the mortgage will be released when the full amount of the advance has been liquidated.

6. In the event of an Officer quitting the service, or of his decease, before the whole advance has been liquidated, the house so built will become the property of Government, except in the cases following :—

The Officer may, within one month after his retirement in India, or within six months after his retirement in Europe, or his Executors or Administrators in the event of his decease in the service, may, within six months after his death, submit a request that the house may be put up for sale at an upset price sufficient to cover the balance due. Thereupon the house will be put up for sale, the amount required being specified in the advertisement of sale. The Officer or his representatives must undertake to bear all the expenses of sale, advertisement, &c. Any proceeds realized over the amount remaining due will be paid to the Officer or his representatives.

7. Any Officer quitting or removed from the station where he has built a house before the whole amount of the advance has been liquidated, will continue liable to the deduction of his monthly instalment until the advance has been repaid, but with the special sanction of Government he may be allowed to dispose of the house, provided he is thereby enabled to clear off the whole amount due at once, or to transfer it to any Officer of his own or higher rank. The future deductions will be made from the salary of such Officer.

8. No Officer will, under any circumstances, be allowed a second advance whilst any amount remains due on a previous one.

9. All applications for such advances must be made through the Departmental superior, who will record his opinion as to the necessity for the assistance solicited. The Officer must certify that the sum is to be expended in building only, and that, should there be any surplus funds after the house is completed, they will be at once refunded to Government.

10. The last pay certificate granted to Officers under advances must specify the original amount of such advance, the amount repaid, and the balance remaining due.

11. A form of mortgage bond, with necessary instructions for executing it, will be issued to Officers who may wish to avail themselves of the advance.

The 12th August, 1868.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southampton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

A. D. 1851. ACT VIII.

AN ACT *for enabling Government to Levy Tolls on Public Roads and Bridges* : PASSED *by the Honourable the President of the Council of India in Council, on the 4th July,* 1851, *with the Assent of the Most Noble the Governor-General of India.*

Preamble.

WHEREAS it is expedient to enable Government to levy tolls upon roads and bridges, it is enacted as follows :—

I. [Repeal of certain Acts in force in Bombay.]

Local Governments to fix the rates of tolls on roads and bridges.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such tolls under the management of such persons as may appear to them proper : and all persons employed in the management and collection of such tolls shall be liable to the same responsibilities as would belong to them if employed in the collection of the land revenue.

Levy of toll by seizure and sale.

III. In case of non-payment of any such toll on demand, the officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the toll; and if any toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the officer appointed to superintend the collection of the said toll, who may sell the property seized for discharge of the toll and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property: and the said officer, on receipt of the property, shall forthwith issue a notice that at noon of the next day, exclusive of Sunday or any close holiday, he will sell the property by auction. Provided that, if at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and of double the toll payable by him, the said officer shall forthwith release the property seized.

Troops, military stores, and police officers exempt.

IV. No tolls shall be paid for the passage of troops and military stores and equipages on their march, or of police officers on duty, or of any person or property in their custody; but no other exemption from payment of the tolls levied under this Act shall be allowed.

Police Officers to assist toll collectors.

V. All police officers shall be bound to assist the toll collectors, when required, in the execution of this Act; and for that purpose shall have the same power which they have in the exercise of their common police duties.

Punishment for unlawfully levying toll or excess of toll.

VI. Every person, other than the persons appointed to collect the tolls under this Act, who shall levy or demand any toll on any public road or bridge, or for passing through any bazaar situated thereon, and also every person who shall unlawfully and extortionately demand or take any other or higher toll than the lawful toll, or under colour of this Act seize or sell any property, knowing such seizure or sale to be unlawful, or in any manner unlawfully extort money, or any valuable thing, from any person under colour of this Act, shall be liable, on conviction before a magistrate, to imprisonment for any term not exceeding six calendar months, or to fine not exceeding two hundred rupees, any part of which fine may be awarded by the magistrate to the person aggrieved; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court of the zilah.

Table of tolls to be exhibited at toll-gate.

VII. A table of the tolls authorized to be taken at any toll-gate or station shall be put up in a conspicuous place near such gate or station, legibly written or printed in English words and figures, and also in those of the vernacular language of the district, to which shall be annexed, written or printed in like manner,

statement of the penalties for refusing to pay the tolls and for taking any unlawful toll.

Appropriation of tolls.

VIII. The tolls levied under this Act shall be deemed public revenue; but the net proceeds thereof shall be applied wholly to the construction, repair, and maintenance of roads and bridges, within the Presidency in which they are levied.

ACT No. XV. OF 1864.

PASSED BY THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

(Received the assent of the Governor-General on the 24th March, 1864.)

An Act to Amend Act VIII of 1851, (for enabling Government to levy Tolls on Public Roads and Bridges.)

Preamble.

Collectors of Tolls may compound for tolls leviable under Act VIII of 1851 or this Act.

II. Any person entrusted with the management of the collection of tolls under Act VIII of 1851 may in his discretion compound for any period not exceeding one year with any person for a certain sum to be paid by such person for himself or for any vehicle or animal kept by him, in lieu of the rates of toll specified in the Schedule of the said Act VIII of 1851 or in the Schedule to this Act.

This Act where to have operation.

---

* Evidence of health and character must bear date not earlier than the 1st January, 1869.

† It should be understood that candidates are at liberty to name, at their pleasure, any or all of these branches of knowledge, and that no subjects are *obligatory*.

‡ "Nothing can be further from our wish than to hold out premiums for knowledge of wide surface and of small depth. *We are of opinion that a candidate ought to be allowed no credit at all for taking up a subject in which he is a mere smatterer.*"—Report of Committee of 1854.

8. The marks obtained by each candidate in respect of each of the subjects in which he shall have been examined will be added up, and the names of the candidates who shall have obtained a greater aggregate number of marks than any of the remaining candidates will be set forth in order of merit, and such candidates shall be deemed to be selected candidates for the Civil Service of India, provided they are in other respects duly qualified : and shall be permitted to choose,* according to the order in which they stand, as long as a choice remains, the Presidency (and in Bengal, the division of the Presidency) to which they shall be appointed.

9 Selected candidates before proceeding to India will be on probation for two years, during which time they will be examined periodically with the view of testing their progress in the following subjects† :—

Vernacular‡ Languages of India (each)	400
2. The History and Geography of India ...	350
3. Law	1,250
4. Political Economy	350

In these examinations, as in the open competition, the merit of the candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one examination. The examination will be conducted by means of printed questions and written answers, and by *vivâ voce* examination, as may be deemed necessary. The last of these examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a selected candidate is qualified for the Civil Service of India.

10. Any candidate who, at any of the periodical examinations, shall appear to have wilfully neglected his duties, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

11. No candidate will be permitted to proceed to India before he shall have passed the Final Examination and received a certificate of qualification from the Civil Service Commissioners, or after he shall have attained the age of twenty-four years.

12. The selected candidates who at the Final Examination shall be found to have a competent knowledge of the subjects specified in Regulation 9 shall be adjudged to have passed, and to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force at the time for the Civil Service of India, and shall be of sound bodily health and good moral character. The Civil Service Commissioners will require such further evidence on these points as they may deem necessary before granting their certificate of qualification.

13. The seniority in the Civil Service of India of the selected candidates shall be determined according to the order in which they stand on the list resulting from the Final Examination.

14. Applications from persons desirous to be admitted as candidates are to be addressed to the Secretary to the Civil Service Commissioners, London, S. W.

For a candidate under age, a surety will be required.*

(3).—*After passing the Final Examination, each candidate will be required to attend again at the India Office, with the view of entering into covenants and giving a bond for 1,000l., jointly with two sureties for the due fulfilment of the same. The stamps payable by civilians on these documents amount to 3l. 10s.*

No. 1728.

Read a letter from the Officiating Deputy Accountant General, Punjab, No. 53, dated the 23rd ultimo, enquiring "whether it is necessary that untaken leave should be cancelled by an order in the Gazette."

RESOLUTION.—The Governor-General in Council is pleased to rule for the future that untaken leave shall be cancelled by the authority which sanctioned it.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and communicated to the Foreign, Home, Military, and Public Works Departments; the Governments of Bengal, Madras, Bombay, the North-Western Provinces, and the Punjab; the Comptroller General of Accounts; the Director General of the Post Office of India; the Mint Master, Calcutta;

* This right must be exercised immediately after the result of the examination is announced on such day as may be fixed by the Civil Service Commissioners.

† Full instructions as to the course of study to be pursued will be issued to the successful candidates as soon as possible after the result of the open competition is declared.

‡ Including, besides the languages prescribed for the several Presidencies, such other languages as may, with the approval of the Commissioners, be taken up as subjects of examination.

the Head Commissioner of Paper Currency, Calcutta; the Accountants General in Bengal, Madras, Bombay, the North-Western Provinces, the Punjab, and British Burmah; and the Deputy Accountants General in the Central Provinces, Hyderabad, and Mysore.

Ordered, also, that a copy of the letter mentioned above be forwarded to the Military Department, with reference to paragraphs 4 and 5.

The 13th August, 1868.

No. 1754.

Read letter from the Accountant General, Madras, No. 654, dated the 25th June, 1868, enquiring whether paragraph 2 of the letter of this Government, No. 3527, dated the 1st November, 1867, to the Government of Bombay, was intended to supersede the orders conveyed in letter No. 1854, dated 9th August, 1867, addressed to the Government of Madras.

Read again Proceedings in this Department of August, 1867, Nos. 20 to 22, and of November, 1867, Nos. 3 & 4.

OBSERVATIONS.—The Governor-General in Council observes that the orders dated 9th August, 1867, were in wider terms than those dated 1st November, 1867, since, under the former, Medical Warrant Officers were absolutely exempted from assessment under the License Tax Act, whether employed in the Civil or Military Department, while, under the later orders, the exemption was limited to Medical Warrant Officers serving in the Civil Department (without any special salary) on the pay which they would have received in the Military Department.

By Act IX. of 1868, all Military Officers whose pay and allowances do not exceed Rs. 6,000 per annum, and who are not in Civil employment other than in the Police, are exempted from taxation, and this must be held to include Warrant Officers.

Also by the same Act, all Non-Commissioned Officers and Privates whose pay and allowances do not exceed Rs. 6,000 are exempt, without any reservation as to the nature of their employment. But there is in the Act no exemption of Warrant Officers in Civil employ other than the Police.

The Governor-General in Council is of opinion that Warrant Officers should not, in this respect, be on a worse footing than Non-Commissioned Officers or Soldiers.

Although, by the Act, Non-Commissioned Officers and Soldiers are exempted if their pay and allowances do not exceed Rs. 6,000, practically no Non-Commissioned Officer or Soldier draws higher pay and allowances than Rs. 300 per mensem.

RESOLUTION.—The Governor-General in Council, under the powers reserved to him in Section 4 of Act IX. of 1868, hereby cancels the above quoted orders of August and November, 1867, in respect of the said Act, and is pleased to declare that all Warrant Officers in Civil employ other than the Police, whose pay and allowances do not exceed Rs. 300 per mensem, shall be exempted from the operation of Act IX. of 1868 in respect of such pay and allowances.

If the pay and allowances of any Warrant Officer in Civil employ other than the Police exceed Rs. 300 per mensem, but do not exceed the sum he would have received in the Military Department, such pay and allowances shall likewise be exempt from assessment under Act IX. of 1868, up to the limit of Rs. 6,000 per annum.

ORDERED, that the foregoing Resolution be communicated to the other Departments of the Government of India; the several Local Governments and Administrations; the Comptroller General of Accounts; the several Accountants General, and the Deputy Accountants General in independent charge.

Also that it be published in the *Gazette of India*.

BENGAL CIVIL FUND.

At an adjourned Half-yearly Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall on Saturday, the 8th August, 1868—

PRESENT:

H. D. SANDEMAN, ESQ.,	P. D. DICKENS, ESQ.,
E. F. HARRISON, ESQ.,	A. MACKENZIE, ESQ.,
R. B. CHAPMAN, ESQ.,	W. M. SOUTTAR, ESQ.,
S. C. BAYLEY, ESQ.,	AND
L. R. TOTTENHAM, ESQ.,	W. H. VERNER, ESQ.,
J. MONRO, ESQ.,	

R. B. CHAPMAN, ESQ., *in the Chair*—

Read the following Report submitted by the Managers:—

"The Managers submit their proceedings for the past half-year for the consideration and sanction of the Meeting.

"Subject to the approval of the Subscribers they have admitted to the benefits of the Fund under the new Rules the following families:—

"The widow of the late Mr. W. M. Dirom, (annuitant of 1855,) who died in England on the 9th February last.

Mrs. Dirom ...	£ 300
Mrs. Roberts ...	£ 300
Seven children ...	£ 590
	£ 890

"The widow and seven children (three sons and four daughters) of the late Mr. A. A. Roberts, who died at Hyderabad on the 10th May last.

"Mr. A. C. Barnard has incurred the penalty under Rule 6 of exclusion of his wife and children from the benefits of the Fund on account of his not having reported his marriage and the births of his children within the prescribed six months.

"Mr. Barnard was married on the 19th December, 1865, and two children were born to him, one on the 30th January, 1867, and the other on the 25th March, 1868, (the younger child has since died.)

"Mr. Barnard urges 'that his intention always was to report his marriage from England, but he put it off and forgot it and did not do so; he was very ill shortly after his marriage and unable to write, and that is how it was not reported at first.'

"The above case is submitted for the decision of the Meeting.

"Lieutenant Hodgson has applied on behalf of Mrs. Hodgson, the wife of Mr. R. F. Hodgson, an annuitant of 1858, that she may be allowed to make up by instalments the arrears of subscription due to the Fund by her husband, and pay his quarterly subscription regularly, and asks, if this were allowed, whether in case of her husband's death before the arrears were liquidated she could be allowed the benefits of the Fund on paying up the balance."

"Mr. Hodgson at retirement made up his subscription balance to the prescribed sum of Rs. 25,000 to entitle his family to the benefits of the Fund, but he has not kept up his interest in the Fund by the payment of periodical subscriptions from his annuity. The arrears from 1st May 1858, up to 30th October next, with interest amount to Rs. 5,571-2-2.

"The Managers have informed Lieutenant Hodgson that, as the case appears to them to be one not distinctly provided for under the Rules, they will refer it for decision to the General Meeting of Subscribers to be held in January next, giving due notice of the same under Article [illegible] of the Rules."

"The valuation of the assets and liabilities of the Fund for the quinquennial period ending 1867-68 is fast approaching completion, and the Managers hope to be able to lay before the General Meeting in January proposals for the reduction of the subscriptions to, or increase of the benefits of, the Fund, as may appear most advisable."

1. Moved by Mr. Tottenham, seconded by Mr. Souttar, and carried, that the proceedings of the Managers in admitting the families of the late Messrs. Dirom and Roberts to the benefits of the Fund be confirmed.

2. Moved by Mr. S. C. Bayley, seconded by Mr. Monro, and carried, that the wife and family of Mr. A. C. Barnard be admitted to the benefits of the Fund on his paying the minimum fines imposed by the Rules, and arrear subscriptions, with interest to date of realization.

3. Moved by Mr. Tottenham, seconded by Mr. Dickens, and carried, that Mr. S. C. Bayley (in place of Mr. V. H. Schalch) and Mr. W. M. Souttar (in place of Mr. J. A. Crawford) be elected Managers for the current half-year.

A vote of thanks was passed to the Chairman.

R. B. CHAPMAN,
Chairman.

Simla, the 9th July, 1868.

Postal Notice.

The following revised Regulations respecting the correspondence of *Commissioned Officers of the Army*, conveyed to or from *the United Kingdom* by *British packet*, and the correspondence of *Soldiers and Seamen* conveyed to or from *places abroad* by *British packet*, is published for general information :—

Special Rates of Postage chargeable on Correspondence of Officers of the Army in India, addressed to or received from the United Kingdom by British packet.

The following Rules and Table of Rates are published for general information. They are based on a Treasury Warrant bearing date the 27th September, 1867 (with a subsequent modification made by Her Majesty's Post Master General under which the scale of charge increases after the first ounce by half ounces instead of by whole ounces), and on a Treasury Warrant bearing date the 1st May, 1868.

2. The conditions entitling a letter to the privileged rates hereinafter mentioned are as follows, *viz.* :—

I.—Letters posted in India.

(*a*).—The sender must be a Commissioned or Warrant Officer, or a Superintending or 1st Class School Officer of the Army actually employed (otherwise than in Civil employ) in Her Majesty's Service in India.

(*b*).—The letter must be one addressed to the United Kingdom.

(*c*).—The letter must bear by way of superscription—

1*st*.—The signature of the officer who sends the letter;

2*nd*.—The signature of the Commanding Officer of the Regiment, Corps, or Detachment in which the sender is serving, or of the local head of the Department to which he belongs.

3*rd*.—A specification by the Commanding Officer or local head of the name of the Regiment, Corps, or Detachment in which the Officer is serving, or of the Department to which he belongs.

II.—Letters delivered in India.

(*a*).—The letter must be one which has been posted in the United Kingdom.

(*b*).—It must be addressed to a Commissioned or Warrant Officer, or a Superintending or 1st Class School Master of the Army actually employed (otherwise than in Civil employ) in Her Majesty's Service in India.

4. As regards the term "Civil employ," all Military Officers serving under the orders of the Civil Administration (*i. e.*, not under the orders of the Commander-in-Chief) are regarded as being in Civil employ. SIR,—I am directed to acknowledge the receipt of your communication No. 1049, dated the 17th ultimo, referring for orders an enquiry from the Collector of Kurrachee, to the effect, whether a merchant, who has several establishments, some of them within and others out of British India, is to be assessed for Certificate Tax under Act IX. of 1868 on the profits derived from all his establishments, or on those only which are derived from the establishments within India.

2. In reply, I am to state that the Governor General in Council agrees in the opinion of the Local Government that there is no reason why a merchant should not be taxed on the general profits arising to him from all his establishments, whether in this country or elsewhere. But I am to observe that profits made out of India and never brought in should not be included in his assessment.

SIR,—Doubts having been raised by some officers as to the legality of introducing Act III. of 1857 into Cantonments, I am desired to point out that, as the Act is perfectly general in its application, there is no objection to the establishment of pounds in Cantonments under its provisions. The only difficulty in the way of the adoption of this course is the proviso contained in Section 4 of the Act that the pounds shall be under the control of the Magistrate of trict. To meet this, I am to suggest pounds are established in Cantonments, cal Governments and Administration issue such orders as, without infringing will give the actual management of the to the Cantonment authorities, and transferring to the Cantonment funds realized in Cantonment pounds.

No. 86.

India Office, London, 21st May, 1868.

To HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

SIR,—I have read with much interest the correspondence enclosed in the letter of your Excellency's Government in the Foreign (General) Department, No. 9, dated the 3rd of March, relating to the fair recently held at Palampore, in the Kangra District of the Punjab, with the object of developing commercial intercourse between Northern India and Eastern Turkistan.

2. I learn with much satisfaction that this fair, the suggestion of which emanated from Mr. Forsyth, has been attended with such good results, that the Lieutenant-Governor of the Punjab has recommended, and your Excellency has sanctioned, the establishment of an annual fair at Peshawar.

3. There are at the present time many encouraging circumstances, such as the more settled political condition of the country beyond the Himalayan ranges, the greatly improved state of the roads in the Punjab, the further development of the Railway system, and the increased facilities of water communication by the line of the Indus, which will greatly facilitate the commercial intercourse which you are so desirous to promote. I trust, therefore, that the enlargement in future years of the experiment now reported will be attended with all the benefits to trade anticipated by the Government of the Punjab.

4. In giving effect to these arrangements, your Excellency will, I am sure, lose no opportunity of impressing upon your officers, and through them upon the Chiefs and people of the countries beyond the frontier, that it is the desire of the British Government, by these measures, to develope the resources and to improve the manufactures of neighboring states, as well as of our own ; there being reason to apprehend that some mistrust may prevail with respect to our designs, if we do not demonstrate to them the reciprocal benefits to be derived from this extension of our commercial relation.

5. In refusing to sanction the despatch of an Agent, European or Native, to Yarkand, your Excellency acted with sound discretion.

6. The commendations bestowed by your Government and by the Lieutenant-Governor of the Punjab upon Mr. Forsyth and the Officers who worked with him in instituting the Palampore Fair appears to Her Majesty's Government to have been well deserved.

I have, &c.

Postal Notice.

The following revised Regulations respecting the correspondence of *Commissioned Officers of the Army*, conveyed to or from *the United Kingdom* by *British packet*, and the correspondence of *Soldiers and Seamen* conveyed to or from *places abroad* by *British packet*, is published for general information :—

Special Rates of Postage chargeable on Correspondence of Officers of the Army in India, addressed to or received from the United Kingdom by British packet.

They are based on a Treasury Warrant bearing date the 27th September, 1867 (with a subsequent modification made by Her Majesty's Post Master General under which the scale of charges increases after the first ounce by half ounces instead of by whole ounces), and on a Treasury Warrant bearing date the 1st May, 1868.

2. The conditions entitling a letter to the privileged rates hereinafter mentioned are as follows, *viz.* :—

4. As regards the term "Civil employ," all Military Officers serving under the orders of the Civil Administration (*i. e.*, not under the orders of the Commander-in-Chief) are regarded as being in Civil employ. Notice.

Government Bullock Train.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance*.

10. The following conditions will be observed in calculating charges, *viz.*:—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address will be charged according to aggregate weight with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of 3½ cubic feet per maund and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The addresses of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages or [illegible] which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed 5½ feet square by 3½ feet in depth.

Government wheeled vehicles, such as Artillery Ambulances, will be charged in ... as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

Colgong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines north of Lahore.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16. Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. Ordnance Department. Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department,
Military Store-keeper ... Calcutta.
Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be required for troops, with the station of address.

Director General of the Post Office.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

(Signed) A. M. MONTEATH,
Director General of the Post Office of India.

CAMP, MADRAS,
3rd March, 1868.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns and it applies only to letters sent to or through the United Kingdom. The charges, for instance on letters sent to Foreign Europe *viâ* France or *viâ Trieste*, or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those, *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pie per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding $1\frac{1}{2}$ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southampton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

Read the undermentioned papers :—

Resolution No. 3524, passed in this Department on the 15th December, 1865, prescribing rules for the provision of free passage to public officers in Civil employ travelling on duty by sea.

Resolution No. 1467, passed in this Department on the 23rd July, 1866, prescribing rules in supersession of those contained in the Resolution No. 3524, of the 15th December, 1865.

Letter from Mr. H. A. Mangles, Accountant General, British Burmah, No. 1296, dated the 24th June, 1868, soliciting the extension to Covenanted Civil Servants of the benefit of that portion of the rules of the 30th December, 1865, which declared that Military Officers in Civil employ would be allowed a free passage "when, being employed at a station beyond sea, they may be obliged to return to their Presidency in progress to Europe or to a hill station on leave on medical certificate, and also when they re-join their station on return from that leave."

RESOLUTION.—Premising that Mr. Mangles has erroneously referred to the obsolete Resolution of December, 1866, instead of the Resolution of the 23rd July, 1866, the Governor-General in Council observes that the new rules for the grant of leave of absence to Military Officers render it unnecessary to allow them a free passage under the circumstances described in the extract quoted above from the order of December, 1865, and is accordingly pleased to rescind the portion of the order of the 23rd July, 1866, in which that concession was repeated.

It is hereby notified for general information that the Government Bullock Train in the N. W. Provinces and the Punjab will be re-opened on the 16th instant (April) for the conveyance of troops, stores, and passengers, and will be available to the public at the same rates as those charged to Government Departments.

2. The subjoined list (marked A) of Bullock Train Agencies includes those already established as well as the Agencies to be opened on the 16th. The Agencies are all under the charge of the Post Masters or Deputy Post Masters of the places named.

3. Packages can be forwarded either prepaid or bearing between any of the Offices mentioned in the list.

4. The rates of charge can be ascertained by reference to any of the Agencies. The rates for some of the principal lines will be found in the subjoined Statement (marked B).

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A) the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or another Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying half rates the baggage allowance will be half, *i. e.*, 10 seers.

8. Extra baggage can be sent as goods at the ordinary rates.

9. The fares of passengers as well as the charge for extra baggage *must be paid in advance.*

10. The following conditions will be observed in calculating charges, *viz.*:—

(1). No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package, made by the same party and bearing the same address, will be charged according to aggregate weight with a booking fee of 2 annas on each package in addition.

(2). Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(3). Light packages may at the discretion of the Government Agent be charged by measurement at the rate of $3\frac{1}{2}$ cubic feet per maund, and the hire for their carriage must be prepaid.

(4). No package will be conveyed between any two stations for less than 4 annas.

11. Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

12. The address of packages must be in English, and so written or painted as not to be easily rubbed off.

13. Packages which have to be conveyed over the lines marginally noted (where carts are used instead of wagons) must not exceed $5\frac{1}{2}$ feet square by $3\frac{1}{4}$ feet in depth.

Coigong to Punkabary and intermediate Stations. Umballa to Kalka and Simla and other Hill Stations in that direction. Goona to Indore. Jullunder to Beeas. All lines North of Lahore.

Government wheeled vehicles, such as Artillery Ambulances, will be charged for as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds.

14. The charges for Troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition: the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on Hill Roads or Bridges.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

15. Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

16 Troops sent singly or in small numbers *as passengers* will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties: but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the .. { Commissariat Department. Ordnance Department. Quarter Master General's Department.

Station Staff Officer—where there is no Officer of the Quarter Master General's Department,
Military Store-keeper ... Calcutta.
Clothing Agent .. .. Calcutta.

18. Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be required for troops, with the station of address.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, and the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom:—

Letters addressed to the United Kingdom.

CAMP, MADRAS, 3rd March, 18[illegible]

(Signed) A. M. MONTEATH, *Director General of the Post Office of India.*

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns, and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ* France or *viâ Trieste*, or through the British, French, and Austrian Post Offices at Alexandria, or to Malta or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those, *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pie per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding $1\frac{1}{2}$ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southampton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

Communication from the Military Department, No. 199, dated the 10th ultimo, recommending the issue of an order requiring previous notice of an intended burial to be sent to the Chaplain in charge of the Burial Ground, or, in the absence of the Chaplain, to the officer who may be in actual charge.

Letter to the Archdeacon, No. 410, dated the 24th ultimo, forwarding for opinion a draft Rule to give effect to the above suggestion.

Letter from the Archdeacon, dated the 10th instant, conveying the Lord Bishop's approval of the Rule in question.

Resolution.—A new Rule to the above effect should be added as Rule IV. of the Revised Burial Ground Rules of July, 1864, which will now run as follows :—

Rules for Burial Grounds in the Diocese of Calcutta.

I. The Chaplain of the Station has the care of the General Cemetery, points out to the proper officer when the walls need repairing, weeds, grass, or jungle clearing away, and the remains of decayed tombs removing. It is his duty to see that the Cemetery is kept in proper order. In the absence of the Chaplain, the officer who repairs the walls has the care of the Cemetery.

N. B.—These Rules apply, in places where there is no Chaplain, to Ministers of the Additional Clergy Society, and to any other Clergymen who are appointed to the charge of English congregations, and also receive part of their salary from Government.

II. The Chowkeedar ... Church Establishment, and ... ment through the Chaplain, ... pointed or dismissed.

III. The Chaplain buries ... denominations whose friends ... using always the service of the ... land. In all Military Stations ... Cemetery is set apart by the ... ment for the use of Roman Catho... tions. Also, if there are ... Christians at a station not of ... V. The Chaplain has the ... advice of the Executive Engineer ... repairs the walls, to appoint ... sary, a person as undertaker, ... for the digging and filling ... building brick or masonry ... of the ground, at rates to be ... the Chaplain and Executive Officer ... with any scale which may ... the regiment at the station.

VI. Till a suitable person ... take this office, or during a ... the Executive Engineer or ... other Civil Officer of the ... to appoint some man of ... to take the duty temporarily.

VII. The undertaker shall engage, if the Chaplain think it necessary, to have one or more graves and coffins always ready in case of sudden emergencies, and the graves kept covered by a frame-work of boards provided from the Executive Engineer's Department, and to have the graves dug at least six feet deep where it is practicable. The name and residence of the undertaker and his scale of charges are to be posted up at the entrance of the Cemetery for the information of the public. He is to keep a plan of the Church of England portion of the Cemetery, with references written upon it to a book in which the names of parties entered are recorded; this plan and book being kept with the Church Registers.

VIII. Monuments may be erected by any party, with or without the services of the appointed undertaker. The Chaplain must approve of the inscription, and also of the dimensions of any monument to be erected in the Church of England portion of the Cemetery. The dimensions must not be so large as to occupy much space. Brick monuments are to be discouraged, as soon coming to decay in this country; stone or even wooden ones are much to be preferred; also *pucka* monuments over *kutcha* graves are prohibited, as they almost invariably fall in during some following rainy season. The inscription should be submitted for approval before it is cut, as parties have been known to become liable to great expense by neglecting this precaution.

IX. The Chaplain should communicate with the friends of the deceased when a monument needs repairing; and if it falls into a ruinous condition, and no party will undertake to restore it, the ruined monument must be made level with the ground during the next repairs, and any slab it contained must be placed over the grave in simple masonry, or be inserted in the wall, by the Government officer.

X. Every reasonable effort should be made by the Chaplain not only to keep the Cemetery in decent order, but to preserve its character as the resting-place of the remains of departed friends, by suggesting appropriate designs for monuments, and by planting the ground with suitable trees. The money procured by the sale of the grass may be laid out in such improvements.

XI. The Cemetery should be inspected once in a half-year by the Chaplain in company with the Executive Engineer, the plan and book kept by the undertaker being also examined, and a report made to the Archdeacon, and recorded in the Ecclesiastical Record Book of the Station, and also in the Engineer's Office.

XII. It is desirable that Officers Commanding Regiments or Detachments should be instructed to cause a report to be made to the nearest Civil Officer of graves dug for soldiers on march, that measures may be taken for their effectual protection and preservation.

XIII. At stations where there is no Chaplain or other Clergyman in the pay of Government, the Magistrate or Deputy Commissioner, and at out-stations any subordinate officer to be nominated by him, will have charge of the Cemetery and see that it is kept in proper order and repair.

XIV. The Chowkeedar of the Cemetery in such stations will be appointed or dismissed by the officer in charge, and will be paid by the Government through him.

XV. The Chowkeedar will keep the key of the Cemetery under the direction of the officer in charge.

XVI. The officer in charge of the Cemetery will perform all the duties assigned to the Chaplain by Rules IV., V., VI., VII., VIII., and IX., with the exception of the aproval of the inscriptions, which are to be forwarded to the Archdeacon, and not cut till his sanction is obtained.

XVII. Commissioners of Divisions should inspect Cemeteries thus placed under the care of Magistrates or Deputy Commissioners in the course of their annual tours, and should bring to the notice of the Local Government any instances of Cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair or disorder. These Cemeteries are, however, as much subject to the visitations and supervision of the Bishop and Archdeacon as those at Military and other Stations to which Chaplains and Ministers in the pay of Government are appointed.

XVIII. Commissioners are also authorized to visit Cemeteries under the care of Chaplains and other Ministers, to make sugestions to the Clergymen in charge, and, if deemed necessary, to report to the Archdeacon regarding their condition.

XIX. The above Rules do not apply to the Presidency Cemeteries, which have Rules of their own.

ORDERED that a copy of this Resolution be forwarded to the Governments of Bengal, the North-Western Provinces, and the Punjab; the Chief Commissioners of Oudh, the Central Provinces, and British Burmah; the Resident at Hyderabad; the Commissioner of Coorg; and the Archdeacon of Calcutta.

Ordered, also, that a copy of this Resolution be forwarded to the Military Department, and that the original papers received from that Department with No. 199, dated 10th July, be returned.

Ordered, further, that a copy of this Resolution, as well as of the correspondence leading to it, be forwarded to the Governments of Madras and Bombay for information.

RESOLUTION.—His Excellency the Viceroy and Governor-General in Council ... the object aimed at by the Resolution of the 31st of January, 1867, which was ... Governments, Administrations, Departments, and Agencies, was to give facilities ... of the decrees of Civil tribunals obtained by British subjects in our own territory ... influence of the several political authorities with the Provinces and the Chiefs ... which the debtor had absconded, or in which he was possessed of property.

2. It then appeared that several political officers objected to the Resolution ... and the subject again came under the consideration of the Government on the 10th ...

3. On that occasion the Governor-General in Council explained the ... which the decrees of Courts of one nation or country are recognized by the Courts of ... try, and the Government declared its opinion that there was no reason why the ... principle should not be recognized in India. The Governor-General in Council ... modify and explain the Resolution of the 31st January preceding, by proposing ... for the guidance of the political authorities, and by inviting their opinions on the ... tion. The rules, it may be stated, comprised the following provisions:—

I.—Where there were regular Courts in Native States, the holder of a decree ... a British tribunal was himself to apply to such Native Courts for ... his decree.

II.—Where there were no regular Courts, the decree-holder was to bring the ... notice of the Native ruler, through the political representative of the ... ernment, who was to recommend to the Native Chief or Prince that ... be given to the decree in whatever way the system of administering ... State would permit.

III.—The practice of reciprocity in execution of decrees between our own ... bunals was, if possible, to be adopted.

4. The replies to the circular above-mentioned of the 10th of April, inviting ... suggestions, have been received, and have been fully considered by the Governor-General in Council.

5. The opinions of the experienced officers consulted on this question differ ... both as to the propriety of issuing the proposed instructions, and as to the possibility ... the end which the Government had in contemplation.

6. The Governor-General in Council sees no reason whatever to question the ... and equity of the principle laid down in the circular of the 10th April, 1867, nor ... hope that, in process of time, regular tribunals may gradually be established in all ... States, which shall eventually secure the confidence of suitors, which shall be ... for the execution of the decrees of British tribunals, and which, in their ... decrees such as would, in ordinary cases, be respected by our own Judges.

7. But looking to the weighty objections urged by several able and experienced ... the adoption of the second provision of the circular in question, to the inexpediency ... Native Princes and Chiefs to the constant official pressure of the British representatives ... irritation and complications to which such a course might possibly give rise, and ... that, in the end, the legitimate influence of high Civil or Military Officers may ...

...erted from its proper scope, the Government of India is not prepared to insist on carrying out ... instructions which it had previously contemplated in the interest of honest and successful ... In future, then, all administrations and political representatives of the British Government will be guided solely by the following instructions :—

8. The rule contemplated for cases and States where regular tribunals exist will still be maintained. Holders of decrees obtained in British tribunals must present them themselves, or by their lawfully-constituted agents, for execution before such tribunals, without in any way invoking ... or relying on the influence of the British representative. The question of reciprocity in the execution of decrees is one which the tribunals of the respective Governments must decide.

9. Where there are no regular tribunals, the political representative will, as a general rule, abstain from putting any pressure on, or using his influence with, the Chief or the Durbar, in order to the execution of a decree obtained in British territory.

10. Nor ought this determination to inflict any real hardship on claimants who successfully have resorted to our Courts for redress.

11. In many cases, where large sums of money are claimed from debtors resident in British territory, such persons, if they abscond into Native States, leave either property or partners behind them in the said British territory, against whom execution may at once be taken out; and in all cases where plaintiffs apprehend that a defaulting debtor may abscond, or may convey away his property, the provisions of Act VIII. of 1859, regarding the attachment of property while a suit is pending, afford to all litigants who are properly alive to their rights and position during litigation a fair and adequate security against eventual loss by evasion or default.

12. There may occur, however, the Governor-General in Council observes, some flagrant cases in which a defaulting and absconding debtor possesses large means within the limits of Native territories, in which the default and evasion may be marked by acts of gross fraud and flagrant dishonesty, and in which, by deceit or artifice, he may have reduced the honest creditor to ruin, or have left him without the slightest prospect of redress ; and there may be other peculiar circumstances which, in the judgment of the political officer, might render interposition on his part expedient.

13. In such cases, the representative of the British power may, when applied to, most properly use his discretion in pointing out to the Chief and the Durbar the special circumstances which render intervention desirable, and may urge them to compel the defaulter to discharge his liabilities. In cases of remarkable difficulty or doubt, the political authority may, if he thinks fit, refer the matter to Government for orders before taking any action.

14. But it must be clearly understood that these cases will form the exception and not the rule, and that the political authority will only adopt this course when he is fully satisfied that the case is distinguished by exceptional circumstances, and that the claimant has been the victim of fraud and trickery, and has, practically, no other means of obtaining his rights.

15. In such marked cases, the Governor-General in Council does not doubt that the moral influence and advice of the British official may be properly exerted, and that the Durbar will recognize the propriety of insisting that the evading debtor shall come to some satisfactory arrangement with his creditors.

16. The Resolution of the 31st of January is hereby cancelled, and all officers will henceforth be guided by the principles above laid down.

ORDERED.—Ordered that a copy of the above **Resolution be forwarded to all Departments**, Governments, Administrations, and Agencies.*

POST MASTER GENERAL'S OFFICE :
Dated Lahore, 17*th March*, 1868.

Postal Notice.

Under instructions this day received from Her Majesty's Postmaster General, it is notified for the information of the public that the single rate of postage on letters sent between the United Kingdom and India *viâ* Southampton has been raised from 4 annas to 6 annas, the rate on those forwarded *viâ* Marseilles by British Packet or by French Packet being in like manner raised from 6 annas 8 pie to 8 annas 8 pie.

Unpaid letters, whether forwarded *viâ* Southampton, *viâ* Marseilles, or by French Packet, will be liable, in addition to the foregoing rates, to a fine of 6 annas ; and insufficiently paid letters will be liable to the deficient postage and a like fine of 6 annas.

All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will in like manner be subject to an additional charge of 2 annas per ½ oz. over and above the rates which have heretofore been chargeable in India.

It has also been decided to alter the scale of progression, charging letters above the weight of ½ oz., and to adopt a scale of charge rising by half ounces.

The above changes have been ordered with effect from the 1st instant ; letters posted in India on or after that date being subject to the new rates.

The following Table shows the rates chargeable in India, under the abovementioned provisions, on letters addressed to the United Kingdom :—

(Signed) A. M. MONTEATH,

Director General of the Post Office of India.

Notes.—The change in rates does not, as will be observed, affect Newspapers, Books, or Patterns ; and it applies only to letters sent to or through the United Kingdom. The charges, for instance, on letters sent to Foreign Europe *viâ France* or *viâ Trieste*, or through the British, French, and Austrian Post Offices at Alexandria, or to Malta, or Gibraltar, or British Colonies in Asia, are not affected by the present alteration.

Adverting to the lateness of the receipt of intimation of the changes notified above with effect from the 1st March, it has been suggested to the London Post Office that no fine should be levied on letters prepaid at the old rates which may be sent from India by the Bombay Mail of the 7th March.

Postal Notice.

No. 1.—With reference to recent instructions received from Her Majesty's Post Master General London, relative to enhanced rate of overland postage, it is intimated that the single rate of postage on letters sent between the United Kingdom and India, *viâ* Southampton, will be raised from six pence, or four annas, to nine pence, or six annas, per half ounce, and on those *viâ* Marseilles from ten pence, or six annas eight pies, to one shilling and a penny, or eight annas and eight pies, per half ounce.

2.—Unpaid letters *viâ* Southampton or Marseilles will be liable, in addition to the foregoing rates, to a fine of nine pence, or six annas; and insufficiently paid letters will be liable to the deficient postage and a like fine of nine pence, or six annas.

3.—All letters forwarded from India through the United Kingdom to Foreign Countries or British Colonies will, in like manner, be subject to an additional charge of three pence, or two annas, over and above the rates which are now being collected in India.

4.—The scale of progression for charging letters above the weight of half an ounce will be by half ounces; that is to say, a letter weighing above one ounce, and not exceeding 1½ ounce, which, under the old scale, would be chargeable with four rates of postage (one rupee *viâ* Southampton, and one rupee ten annas and eight pies *viâ* Marseilles), will, under the new scale, be leviable with only three rates (one rupee two annas *viâ* Southampton, and one rupee ten annas *viâ* Marseilles).

5.—This increase of postage will take effect on the 1st April next, and all letters posted on and after that day will be chargeable accordingly.

RESOLUTION.—His Excellency the Viceroy and Governor-General in Council observes that these references originated with a case which occurred at Allahabad, where an Officer wished to part with his house to a Native under circumstances not open to any suspicion, and with a remark from the Home Department, to the effect that some change or relaxation of the rule which prohibits the sale of property to Natives by public servants under any circumstances seemed desirable. At present, under the Notification of the 3rd of December, 1858, drawn up in consequence of the orders of the late Court of Directors, sales of property to Natives are strictly prohibited, and Officers are thereby directed to refer all transactions, in regard to which they have any doubts, for the orders of superior authority.

2. His Excellency in Council observes that the weight of authority on the part of the various Administrations and Departments which have lately been consulted on this subject is decidedly in favor of some modification of the existing rule, or, at least, of more clearly and accurately defining the course to be pursued in such cases. There can be no doubt that the restrictions imposed hitherto on such transactions have been, to a certain extent, beneficial, and that the Government of India, though it can place a full reliance on the fair dealing, honour, and integrity of its civil and military services, has a right to expect not only that all such transactions shall be correct and unimpeachable in themselves, but that they shall not run any risk of misconstruction at the hands of designing, ignorant, or credulous persons.

3. The Government of India is also well aware, as pointed out by some of the high authorities consulted, that many officials who on joining their stations have become the owners of houses, either under an absolute necessity, or from laudable motives of convenience and comfort, may, on quitting the district or province to which they have been for some time attached, literally find no purchasers for their property except Natives of wealth or substance. When such transactions openly and avowedly take place, no evil consequences, His Excellency in Council thinks, need ever ensue under proper precautions.

4. The following rules have therefore been drawn up in supersession of the existing rule, and are hereby published for general information. They must be considered applicable to European public servants of all descriptions, Civil, Military, and Uncovenanted :—

5. I.—Whenever a public servant wishes to dispose of a house, bungalow, elephant, horse or carriage, or other valuable property to any Native within his jurisdiction, or within the limits of the district in which he is employed on the public service, and from which he is not about to remove, he must report his intention to the Local Government to which he is subordinate, stating the facts and circumstances, and the price offered for the article to be sold. The Local Government will then pass such orders on the reference as may seem fit and proper.

II.—Whenever a public servant is about to quit his station or district permanently, or for a considerable period, and wishes to dispose of his house, bungalow, elephant, carriages, and horses, and the like property of value to Native purchasers, he shall report his intention to the Commissioner or the head local authority to which he may be immediately subordinate, and that authority will use its discretion in allowing the transaction, or in reporting the circumstance to the Local Government for further orders.

III.—Whenever a public servant, on quitting his station or district, wishes to dispose of his furniture, household goods, live-

stock, &c., he is at full liberty to do so either by circulating lists of such property amongst the community generally, or by having the same put up to public auction, without reference to any authority whatever. All that is necessary is that the transaction should be open and patent to every body on the spot.

IV.—Rule No. 1 is to be considered applicable to purchases equally with sales.

6. The observance of the above rules will, His Excellency in Council thinks, fully meet the inconveniences and exigencies to which gentlemen of acknowledged honour and probity would be put on many occasions if debarred from such transactions, while at the same time they will be a sufficient safeguard against any abuse, any imputation of unfair or interested dealings, or any possibility of misconception on the part of the non-official community.

ORDER.—Ordered, that a copy of the above Resolution be sent to all Governments, Administrations, and Agencies, for information and guidance.

Home Department. Financial " Military " Public Works "	Ordered further, that a copy of the above be sent to the Departments noted in the margin for information.

5. Packages may be forwarded *prepaid by rail* to any Government Bullock Train Office on the line of Railway for onward transmission. Thus a person sending a package from any station on the E. I. Railway line to (say) Simla may send it himself *prepaid* by rail to Delhi, addressing it to the care of the Government Bullock Train Agent at Delhi, and forwarding to him by letter (which should be registered) the Railway receipt, together with instructions to forward the package *bearing* to its destination. If the package above referred to be sent from a Railway Station where the Government maintains a Bullock Train Agency (*vide* list of Agencies marked A), the sender may of course book it (prepaid or bearing) for the whole distance, inclusive of the Railway transit: but it is always in his option to book it himself by rail to the Government Agency from which it has to be forwarded by road: and this course will be less expensive to the senders of those classes of goods which are conveyed by Railway at privileged rates on declaration of contents.

6. Similarly, a person wishing to send a package from (say) Indore to Patna or any other Railway Station at which the Government does not maintain a Bullock Train Agency can book it *prepaid* by Bullock Train to Agra, sending instructions to the Government Bullock Train Agent there to forward it *bearing* to Patna by rail. The Railway receipt will be sent by post "Bearing."

7. Passengers proceeding by Bullock Train will be booked only for road transit, and will be charged at the rate payable for 3 maunds of goods. No charge will be made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age will be charged half the fare of an adult. Passengers by Bullock Train will be allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free: for children from 2 to 12 years of age paying ... allowance will be half, *i. e.*, 10 ...

16. Troops sent singly or in small numbers as passengers will be charged at the same rates as passengers, and will be allowed to carry, as baggage, the authorized kit.

17. Government Officers must pay for the use of the Bullock Train in the same way as private parties; but troops, passengers, or goods forwarded under a requisition signed by an authorized Officer will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Military Store-keeper ... Calcutta.

The undermentioned correspondence regarding the allowances of Military Officers in staff employ during absence on preparatory leave :—

From the Accountant General, Bengal, to the Secretary to the Government of India, Financial Department,—No. 1303, dated 9th September, 1868.

I have the honor, by direction of the Accountant General, to observe that the new rules for the grant of leave to Military Officers are silent as to the rate of allowance to be paid to Officers on preparatory leave under Section XVIII; considering, however, that that description of leave is analogous to general leave taken in India, this Officer has in three cases passed to Officers proceeding on the former leave full Military pay and allowances and half staff salary. I am to beg the favor of being informed whether this procedure has the sanction of Government.

Forwarded to the Military Department for approval.

Office Memo. from Military Department, to Secretary to Government of India, Financial Department,—No. 216, dated 12th October, 1868.

In returning the enclosure of docket No. 2560, dated 18th September, 1868, the undersigned is directed to inform the Financial Department that the allowances of an Officer taking leave preparatory to furlough have always been regulated on the principle applying to general leave ; that is, an Officer is entitled during such leave to the Staff Corps pay of his rank and a moiety of his staff salary.

2. The proceeding of the Examiner of Claims appears therefore to have been correct.

ORDERED, that the above-mentioned correspondence be published in the *Gazette of India*, and communicated to the Comptroller General of Accounts, the Accountants General in Madras, Bombay, the North-Western Provinces, the Punjab, and British Burmah; and to the Deputy Accountants General in the Central Provinces, Hyderabad, and Mysore.

To

ALL MAGISTRATES IN THE PUNJAB.

Dated Lahore, 24th October,

Chief Court of the Punjab.

Present:
C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

From a review of a number of cases which have recently come before the Court, the Judges have reason to apprehend that the provisions of the Code of Criminal Procedure with regard to the examination of complainants are constantly overlooked by some Magistrates, and that summonses and warrants are issued against persons without the necessary precaution being taken of previously examining the complainant, and of reducing his examination into writing, as required by Section 66 of the Code.

2. A neglect of the salutary provisions of the law in the above respect not only leads to much confusion and irregularity in the subsequent proceedings of the case, but also entails much hardship and annoyance on many innocent persons who are summoned to attend Court on insufficient grounds. The large number of acquittals in petty criminal cases may also, in a great measure, be ascribed to the same cause.

3. The attention of all Subordinate Magistrates is therefore called to Sections 66 and 67 of the Code of Criminal Procedure on the subject, and also to the following extracts from the Criminal Reports of the Chief Court and of the High Court, North-Western Provinces for the year 1867. The Judges trust that they will not again have occasion to notice such irregularities in procedure.

By order of the Chief Court,

T. W. SMYTH,

Offg. Registrar.

EXTRACT *(paras. 89 and 90) from the Criminal Report of the Chief Court, Punjab, for the year*

89. "But although the law is susceptible of amendment on the above point, we have reason to fear that Magistrates are partly to blame for the reckless manner in which persons are summoned in petty criminal cases. The complainant should invariably be examined and his examination reduced to writing, as directed by Section 66, Criminal Procedure Code, before a summons is issued; and Magistrates should be careful not to summon indiscriminately all of persons charged with assault, unless on good and sufficient grounds. The Magistrate may refuse to summon the accused, if in his opinion there is no sufficient ground for proceeding against him.

90. "The Chief Court also observes that very little use had been made of the provisions of Section 270, Criminal Procedure Code, in awarding amends to accused persons. In only 146 cases did the Magistrate, in his order dismissing the complaint as frivolous and vexatious, award amends to the accused person under that Section. Considering the very large number of complaints dismissed by some Courts, it is strange that Magistrates did not exercise more freely the discretion with which they are invested under that very useful Section of the Code. The Judges of the Chief Court consider that, if the provisions of that Section were more generally enforced, it would deter many complainants from instituting complaints which they are unable to substantiate when confronted with the accused in Court."

Extract (*paras.* 19 *to* 28) *from the Criminal Report of the High Court of Judicature, North-Western Provinces, for the year* 1867.

19. "The Court notices with satisfaction any improvement in this respect: for the large ... of innocent persons who are needlessly summoned into the Criminal Courts, and ... the annoyance and disgrace of a criminal prosecution, for the gratification of private ..., or for the determination of some dispute which forms appropriate matter for a civil ..., a blot upon the administration of justice in India.

20. "In order to check this evil, the Court believes that ample means are provided by law ... it has endeavoured to impress upon all Judicial Officers by often repeated instructions.

21. "First, the Code of Criminal Procedure provides that the Magistrate, on receiving a ...int, shall, before issuing summons or warrant on an accused person, examine the complainant, ... the examination to writing; and shall only issue a summons or warrant when there is ... ground for proceeding; otherwise he shall dismiss the complaint.

22. "Now it appears from the report of one Magistrate that it is the practice in his ...—and the practice is, the Court fears, not confined to his district—to receive petitions at ... of each day's work, and to pass orders upon them without due attention to the provisions ... He urges that, inasmuch as some two hundred petitions are daily presented, it would ... impossible to get through them, if the Magistrate stops to catechise the complainants.' ... Court can hardly believe that any Magistrate in these Provinces receives so many as 200 ... a day; but whether this be so or not, one thing is clear, that, in the district referred to, a ... provision of the law is systematically overlooked. In issuing summonses or warrants, Magistrates are required to proceed with deliberation and discretion, having regard to the ...ience and injury which may be occasioned to innocent persons if the precaution which the ... is neglected.

23. "If the Magisterial staff is too weak to carry out the duties imposed upon it by law ...sentation should be made to the Government. But a thorough examination of the complainant ... not unfrequently show that his complaint is groundless, or not one to be entertained in a ...inal Court; and by such an examination the Magistrate's time will be in the end economised.

24. "At the same time, while the Court condemns the indiscriminate issue of process upon ... complaint, it warns Magistrates against the converse error into which they may be led by ... reminding the Court's instructions, or the desire to show good returns,—namely, the summary ...al of complaints without enquiry, upon a hastily conceived or pretended impression that ... are groundless or unfit for investigation in a Criminal Court. It may be necessary to warn ... younger Magistrates against such hasty procedure.

25. "Secondly, as a means of repressing improper recourse to the Criminal Courts, the Code of Criminal Procedure empowers the Magistrates to award amends to be paid by the ...plainant to the accused in cases of frivolous or vexatious complaints. This power is at present ...ited to cases where complaint is made of an offence punishable with imprisonment not ...eding six months. The Court is of opinion that the power might be advantageously extended ... cases where complaint is made of other offences. This provision of the law is expressly ...ended, and is well suited, to accomplish the object, for the attainment of which an institution fee ... been considered necessary. And it has this advantage that, whereas the institution fee vexes ... good and the bad alike, the penalty inflicted at the end of the suit falls only where it is deserved.

26. "The Court has been surprised to find, on an examination of the District Returns, ... little use is made of the Section. It may be that the Magistrates dislike to act on their own ...tion, although it is not necessary that any charge should be preferred by the injured person; ... it may be that the Magistrates are content with dismissing the case, and getting it off their ..., and in the press of work forget the amends that are due to the falsely accused. For the ...ture, the Court will look for a wise exercise of this power, and is confident that it will go far to ...move the grounds of the complaint now made, with too great justice, against our Criminal Courts,—that they afford a ready means for the gratification of private enmity, and for the annoyance of the innocent.

27. "Here too an abuse may arise from arbitrary or ill-judged action; but this is less to ... feared, as the order cannot be passed till after the case has been determined by judicial inquiry. ... it may be worthy of consideration whether the Legislature, in extending the provision as ...tioned above should not also provide for an appeal, which is not at present allowed, from the ...der awarding amends, when passed by a Subordinate Magistrate. Any person convicted on trial ... a Subordinate Magistrate, and sentenced to pay a small fine, has the right of appeal to the Magistrate; and it seems inconsistent to deny this right where the fine is inflicted without ...mal conviction upon a charge framed.

28. "The Court is of opinion that, by acting as pointed out above, by a careful personal ...mination of complainants, by inflicting penalties for frivolous and vexatious complaints, by ... an efficient control over the practitioners in their Courts, the Magistrates have ample ... for suppressing malicious and unfounded litigation; and with these views the Court care... watches the per-centages of convictions, and calls for explanations where the statements show that summonses have been issued without proper deliberation, and innocent men have been ...lessly brought away from their homes and subjected to the expense and disgrace of appearing ... criminals."

KURRACHEE CHRISTMAS FAIR.

The following Prospectus of a fair to be held in Kurrachee during "Christmas Week" of this year is submitted for the approval of the Members of the Community interested in the promotion of objects having in view the development of trade, cordial intercourse between classes, and profitable recreation.

It is intended to obtain the use of the Frere and Masonic Halls, and of the Grounds adjacent, for the following purposes :—

1*st*.—The Frere Hall apartments will be devoted to the exhibition of products and manufactures of the Province, and objects of curiosity, and to the sale of cloths, light and fancy wares, and articles manufactured in the Schools and Military Workshops of this Station and Hydrabad, and by the Soldiers' Wives.

2*nd*.—The upper Hall may be reserved for "Penny Readings," popular lectures, public addresses, and performances by Amateurs and Negro Minstrels."

3*rd*.—One or two rooms may be allotted for refreshments, but no intoxicating drinks will be allowed.

4*th*.—The Masonic Hall may be useful for the exhibition of miscellaneous articles, and for other purposes.

5*th*.—The proximity of the General Museum will add to the attractions of the occasion.

6*th*.—About the grounds, tents may be pitched under due supervision for the sale of wares, and of articles fit for presentation as gifts of the season.

7*th*.—Merry-go-rounds, Aunt Sallies, and Soldiers' Games may occupy a share of the grounds, the plain beyond General Cunnynghame's Bungalow being also available.

8*th*.—The Commissioner in Sind and the Major General Commanding the Division will be requested to let the "Fair" be under their patronage, and the Commissioner to ask the District Officers to acquaint the inhabitants with the objects of the Fair and invite contributions to the Exhibition and encourage traders and others to attend.

9*th*.—Committees will be appointed to exercise general supervision over the management of the Fair, receive contributions for the awarding of prizes, and fix a scale of fees for occupancy, &c., &c., &c.

10*th*.—A Committee will be nominated also, whose duty it will be to fix and allot Prizes.

As Christmas time is a holiday season, and all Public and Private Offices are closed, it is believed that no better occasion for holding a Fair could be taken. It is possible that an excursion Steamer will come with visitors from Bombay It is thought also that the receipts from donor. and occupiers of booths, &c., will leave a balance,

which will form the nucleus of a "Kurrachee Christmas Fair Fund."

The Commissioner in Sind desires me to state that he will be happy to give the projected Fair his support, and that he wishes all success to the undertaking.

Assistant Commissioner.

A letter was next handed to the Hon. Secretary by the Chairman and read as follows:—

Proposition No. 13.

Mr. Chairman,

Sir,—I regret being unable to attend the first meeting of the Kurrachee Christmas Fair Committee. I hope my absence will not be considered indifference. On the contrary I feel great interest in any movement for supplying our Station with its "long felt want," FUN.

To be allowed for a few days at Christmas to throw off the trappings of officialism and expand into freedom, fun and frolick, must have a healthy tendency on our working capabilities.

I beg to suggest that a Loan Museum be got up in connection with, or separate from, the Exhibition of the products of Scinde. The room most suitable perhaps will be the long dining room in Frere Hall and the square one adjoining.

The European community and others should be invited to send for exhibition during the Fair any Paintings, Engravings, Scientific Apparatus, Models, Drawings, Natural and Artificial Curiosities, &c. &c. No catalogues but written descriptions for each article to be attached.

The lower room under the dining room is admirably adapted for Theatricals. A day-light Tragedy, *à la* Richardson, could be easily managed I think; a Tragedy, a Hornpipe, a screaming Farce, and a Concert, done in twenty minutes. It will do also for nigger singers, tableaux vivants, and conjuring, during the day. The great room up stairs for Evening Amusements.

There is a little difficulty to be overcome, which is how to get the money required for preliminary expenses. I have no doubt that the fair will pay the Committee in the end, but something will be required for preliminary expenses.

I am, yours truly,

A. H. Treppass.

Then it was proposed by D. McNeill, Esquire; seconded by A. W. Hughes, Esquire, and carried unanimously:—That the letter be brought forward at the adjourned meeting of the General Committee, with a view to its being duly considered.

Proposition No. 14.—Proposed by Jehangheerjee Jemsetjee, Esquire; seconded by Jemsetjee Ardaseer, Esquire, and carried with cordial acclamation:—That the thanks of this meeting be given to the Chairman for his able conduct in the chair.

W. A. Ingle,

Hon. Secretary,

Kurrachee Christmas Fair and Exhibition.

When the khilaats had been presented, the *jirgahs*, or deputations, from the undermentioned independent tribes :—

The Chaggarzaís,
The Akazaís,
The Deghís,
The Hasanzaís,
The tribes of Tikrí,
The tribes of Nundihar,

were introduced, and presented *nazars*, which were touched and remitted.

His Honor then addressed the Native Chiefs and gentry. After specially alluding to the honor conferred upon the Nawab of Amb, for his excellent service to the State, he assured those upon whom marks of distinction had been that day conferred that Government would not forget their services ; while he warned those who had at first wavered, that, although they had afterwards returned to their allegiance, the Government could not forget their doubtful conduct, and trusted that they would endeavour to efface the stigma which thus attached to them by active efforts to show their loyalty as good subjects.

To the *jirgahs* of independent clans he expressed the hope that they had learned from late events that the British Government, while it has no wish to assume an aggressive attitude, is well able and ready to punish aggression on the part of others, and that, for the future, amicable relations would be maintained; but he intimated that the Akazaís, who heretofore held independent possession of the village of Shahtút, within the Agrôr boundary, would hold it in future only as subjects of the British Government.

In conclusion, His Honor addressed a few words to General Dharm Singh, in command of the Cashmere Contingent, in acknowledgment of the willing service rendered by him and the force under his command, whenever that service was called for ; and conveyed an expression of thanks to His Highness the Maharaja of Cashmere for the ready co-operation afforded by him.

By order,
T. H. THORNTON,
Secy. to Govt., Punjab.

In returning the docket from the Military Department, No. 443, dated 17th July, on the subject of charges for crossing troops over rivers, I have the honor to state that paras. 9 and 10, Section XLVII of the Military Regulations, do not provide that the cost is to be borne by the Civil Department; the Collector arranges for the service, but the charge is against the Military Department, and such charges have been paid by the Commissariat Department.

2. Under a recent decision in the Financial Department, only charges exceeding 50 Rupees, incurred by one department for another, are to be charged to the department for which the service is performed.

3. In the case of a Collector providing boats under the existing rules, the cost can be charged off at once in the Civil Accounts to debit of Military Department; or in cases when the service is performed by a Contractor, the Collector, instead of paying the amount from the Civil funds, may send a bill to the nearest Commissariat Officer, who, if the bill is supported by the voucher prescribed in paras. 9 and 10, Section XLVII, Military Regulations, will pay the amount.

NOTIFICATION.

BOOK CIRCULAR,—No. XXIII.-4580.

FROM

T. W. SMYTH, ESQUIRE,

Officiating Registrar of the Chief Court of the Punjab,

TO

ALL JUDGES OF COURTS OF SMALL CAUSES IN THE PUNJAB.

Dated Lahore, the 3rd November, 1868.

Chief Court of the Punjab.

Present:— C. Boulnois, Esquire, D. Simson, Esquire, *Judges.*

The Chief Court is pleased to issue the following instructions for the destruction of the records of cases disposed of in Small Cause Courts:—

I. With the exception of the petition of plaint, the Judges' notes, and the index of papers in the file, which should be preserved, all the other papers forming the record should be destroyed once a year in cases in which the decrees have been completely executed, or in which three years have elapsed since the last attempt at execution, or when any further attempt at execution would be barred by limitation.

II. On the back of the petition of plaint should be recorded in vernacular a short abstract of the intermediate and final orders as they are made. The papers which are preserved under Rule I., together with the Office Registers, will thus contain a short history of the case in vernacular as well as in English, and will afford all the information that may afterwards be required.

III. After the decision of the case, parties desirous of withdrawing their exhibits may do so on filing copies of them. If they fail to do so, the exhibits will be destroyed along with the other useless papers.

IV. On the index of papers constituting the record, which should be signed by the Judge or Clerk of the Court, a mark or note should be made opposite each paper which has been actually destroyed.

V. As a preliminary step towards the carrying out of these rules, the Court directs that the current records be sorted monthly, and all cases in which the decree has been completely executed, or in which further execution is barred by lapse of time, be separated and set aside for destruction at the end of the year. This process should be carried out by one of the Court officials under the immediate superintendence of the Clerk of the Court, and, if performed regularly, there will be no necessity for entertaining any extra establishment for the purpose.

By order of the Chief Court.

A warrant issued by a Civil Court in the Punjab for the arrest ... senger on board a French steamer ... unexecuted, as the Commander ... of his passengers being arrested ... of the steamer, without a written ... the French Consul. As the question was one which was not ... again, and the Chief Court was aware of no authority for the ... by the Commander of the steamer, it was deemed expedient to refer the ... orders of the Government.

2. Annexed is a copy of a despatch from the Secretary to the ... of India, Foreign Department, which indicates the course which should ... henceforth in cases of the nature referred to. It will be observed from ... that, although no such Consular authority exists as was asserted by the ... of the steamer, and arrests of persons on board such vessels on ... production of legal warrants without the endorsement of the French ... Government of India thinks that in all practicable cases, where ... serious importance, warrants for the arrest of persons escaping from ... by the French steamers should be so endorsed.

By order of the Chief Court,

T. W. SMYTH,

Officiating ...

Copy of a letter from W. S. Seton-Karr Esquire, Secretary to the Government of India, Foreign Department, to T. H. Thornton, Esquire, Secretary to Government, Punjab.—No. 1236, dated 24th October, 1868.

"I have the honor to acknowledge the receipt of your letter, No. 1241, dated 9th ultimo, to the address of the Home Secretary, intimating the refusal of the Commander of the French steamer *Labourdonnais* to allow a passenger on board his vessel to be arrested without a written authority from the French Consul.

2. "As the circumstance which you have brought to the notice of the Viceroy and Governor General in Council presents difficulties somewhat similar to those lately experienced by the Lieutenant-Governor of Bengal, and referred to the Government of India for its opinion, I am directed to enclose, for the information of His Honor, a copy of a despatch this day forwarded to that Government, which shows the course which His Excellency in Council has suggested to the Bengal Government should be pursued henceforth in all cases of this nature."

Copy of a letter from the Foreign Secretary to Government of India, to Officiating Secretary to the Government of Bengal.—No. 1235, *dated* 24*th October,* 1868.

"I have the honor to acknowledge the receipt of your docket No. 5228, dated 1st instant, forwarding a copy of a letter in which the Acting Consul General for France gives his opinion of the character of the vessels belonging to the 'Messageries Imperiales of France.'

2. "In reply I am directed to state that, on a review of the whole correspondence, His Excellency in Council is of opinion that the French Consul has not advanced anything positive on which a legal claim for immunity could be pleaded for the steamers of the Messageries Imperiales.

3. "Still, unless His Honor the Lieutenant-Governor is aware of any serious objection, the Government thinks that it might be laid down for the future, that in all practicable cases, where delay is not of serious importance, warrants for the arrest of persons escaping from or leaving India by the French steamers should bear the endorsement of the French authorities.

4. "Where, however, delay is objectionable, and hot pursuit is imperative in the interests of justice, Police Officers should continue to arrest persons on such vessels on the production of legal warrants, and without any such endorsement.

5. "The Lieutenant-Governor, if he concurs in this view, might make the necessary communication to the French Consulate, which would, no doubt, issue such clear instructions to the Commandants of vessels of the Messageries Imperiales as would prevent any mis-understanding in future; and it might be intimated, at the same time, that the rule in contemplation had been laid down, not as a matter of right on the part of the French Government, but as a concession to the importance which its representatives attach to this form of procedure, and in consequence of the good understanding which mutually exists between the two Governments."

[illegible] of the Madras or Bombay Civil Service employed in the Presidency of Bengal, in modification of the rules published in Notification No. 414, dated 19th of August last:—

I.—Subject to the exigencies of the public service, Lieutenant Governors and the Chief Commissioners of Oudh and the Central Provinces are empowered to grant any leave or furlough authorized by the rules to officers serving under their respective orders.

II.—If an officer applying for leave or furlough be serving out of his own Presidency, the Local Government or Administration under which he is serving will, if the leave or furlough be granted, inform the Government of India, Madras, or Bombay, as the case may be.

III.—All applications for leave or furlough should be accompanied by a certificate from the local Accountant General, showing that the applicant is entitled to the leave asked for, and should be forwarded, through the usual channel, to the Local Government or Administration under which the officer is serving.

IV.—Except under orders of the Secretary of State, the term of leave or furlough cannot be altered without the permission of the Government or Administration by which it was granted.

V.—Every officer who obtains leave or furlough shall supply himself with a last pay certificate, and with a statement showing the pay which he is entitled to draw while absent. It shall be the duty of the local Accountant General to furnish these documents, and no leave allowances will be payable without their production.

VI.—A quarterly statement of the officers absent on furlough or special leave, with the dates of the grant and expiry of such furlough or leave, brought up to the 31st March, 30th June, 30th September, and 31st December of each year, shall be punctually furnished by Local Governments and Administrations to the Government of India in the Home Department.

VII.—From these quarterly returns, a register will be compiled and kept at the Office of the Secretary to the Government of India in the Home Department, of all grants of leave or furlough, of all extensions of leave or furlough, and of all returns to duty from leave. This register will be published quarterly in the *Gazette of India*.

VIII.—Every officer returning to duty shall report his return to the Government of India, and to the Local Government or Administration by which his leave or furlough may have been granted.

IX.—If any Local Government or Administration shall see fit to refuse a furlough on the ground of the exigencies of the public service, it shall report such refusal for the confirmation of the Government of India.

FINANCIAL DEPARTMENT.

NOTIFICATION.

Dated Simla, the 11th November, 1868.

No. 3585.

Under the provisions of Section 26 of the Indian Post Office Act, 1866, the Governor General in Council is pleased to declare that the registration of letters containing coin, or a Currency Note, or any portion thereof, shall be compulsory, and that a registration fee of 8 annas shall be levied on the delivery of any letter which may have been posted unregistered, but which ought, under this order, to have been registered.

This order does not apply to letters posted in India for places abroad, or received in India from places abroad.

This order will have effect from and after the 1st January, 1869.

MILITARY DEPARTMENT.

Dated Simla, the 10th November, 1868.

No. 1064 *of* 1868.—The Right Hon'ble the Secretary of State for India having, with certain modifications, approved generally of the rules relative to the absence on leave of Military Officers published in Government General Order No. 613, dated 19th June, 1868, the following revised rules are published in substitution of those contained in the order above referred to.

These rules will be applicable to all Officers who may elect to adopt them belonging to the several Indian Staff Corps or to the Indian Army; and in regard to the period of leave of absence during which appointments may be held, and in regard to the increased allowances, they will also be applicable to Officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent staff appointments not of a regimental nature.

The question of the application of these rules to the Officers generally of Her Majesty's British Forces serving in India is still under the consideration of Her Majesty's Government.

To obviate confusion or misconception as to the rules referred to, those previously in existence and those now sanctioned will be severally designated as the Furlough Rules of 1796, of 1854, or of 1868.

The term "Furlough Pay" having now a changed and two-fold signification, in all future orders and references "Furlough Pay" will be understood as the half Indian salary, within the prescribed limits, specified in paragraph 5 of these rules, converted at the exchange of 2 shillings for the rupee; whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the rules of 1796 and 1854.

I.—The distinction with respect to allowances hitherto drawn between furlough on private affairs and sick leave is abolished, both kinds of leave being included under the general term *furlough*, provision, however, being made for the obtainment of furlough under medical certificate, without all the restrictions applicable to furlough when taken without medical certificate.

II.—Leave taken under the rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

III.—The rules now prescribed do not affect the provisions of Act XXXIII. of George III., Chapter 52, Section 70; but an absentee cannot retain his appointment and draw absentee allowances except under the rules now prescribed.* Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

IV.—Leave of absence will in future be of three kinds, viz:—

I.—Furlough in or out of India.
II.—General leave on private affairs or sick certificate in India, or short leave to sea.
III.—Privilege leave.

Furlough.

V.—An Officer, drawing staff pay in addition to pay of rank, proceeding on furlough, will be allowed pay at the rate of 50 per cent. of the salary of his substantive office. Section 70.—"And be it further enacted that no person who shall have held any civil or military station whatever in *India*, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from *India* by leave of the Governor General in Council, shall not return to *India* within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in *India*, either in *European* or Native Corps of Troops, or in the civil line of the Company's service, unless in the case of any Civil Servant of the Company it shall be proved to the satisfaction of the Court of Directors that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to *India* by a vote or resolution passed by way of ballot by three parts in four of the proprietors assembled in General Court, specially convened for that purpose, whereof eight days' previous notice of the time and purpose of such meeting shall be given in *The London Gazette*, or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors and the Board of Commissioners for the Affairs of *India* that such absence was occasioned by sickness or infirmity, or some inevitable accident."

balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

XI.—Furlough on urgent private affairs for six months, with pay equivalent to the British regimental pay of his rank, to be extended to a year if necessary, may be granted when the Officer is not eligible for ordinary furlough. The said period may form part of the periods of either eight or six years referred to in Rules VIII. and IX.

XII.—Subject to State considerations, there will be no restriction as to the places to which an Officer may resort during furlough.

XIII.—Absence on medical certificate for a longer period than two years at one time, or departure on such furlough within three years of the date of return from a previous furlough, except furlough under Rule XI., will involve forfeiture of appointment. Such furlough may, however, be extended to a third year on English furlough pay.

In the event of an Officer not being able to return to his duty after an absence of three years, it will rest with the Right Hon'ble the Secretary of State for India in Council to order him to appear before a Medical Board, with a view to placing him on the retired list, if entitled to pension, or on the half-pay list.

Should the circumstances of the case warrant a further extension of leave, it can only be granted without pay.

XIV.—An Officer not entitled to furlough, whose health may necessitate his taking it within three years from the date of last return, may, under the usual medical certificate, obtain such amount as may be duly certified to be necessary for the restoration of his health, but will only receive English furlough pay, and must vacate any appointment he may be holding.

XV.—An Officer entitled to furlough, whose health may necessitate his absence from India, will be compelled to take leave as furlough under Rule IX, but without forfeiting any passage money to which he may be entitled under Military Fund Rules, or, if a Subaltern, by Regulation when proceeding on medical certificate.

Any extension of this furlough beyond the period to which he may be entitled under Rule IX. will be regarded, in all respects, as furlough on medical certificate. Such extension will not be allowed to take effect until the Officer shall have exhausted the entire amount of his available furlough on private affairs. If the aggregate of two years' leave is exceeded, the Officer will after that date come under the provisions of Rule XIV.

XVI.—The aggregate amount of furlough with pay and retention of appointment, whether on private affairs or on medical certificate, that may be granted to an Officer during his service, will be limited to eight years.

XVII.—If taken in India, furlough will be reckoned from the date of the absentee quitting his station to the date of his return thereto; if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his disembarkation in India.

XVIII.—Preparatory leave to embark for Europe or elsewhere on furlough will be granted for any period not ordinarily exceeding 30 days. Leave to the same limit, to enable him to rejoin on his return from furlough, will be granted from the date of his disembarkation in India.

XIX.—Furlough allowances shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX.—Advances of furlough pay will continue to be made in India to those Officers who desire it for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date.

XXI.—The last pay certificate issued to each Officer who may be granted furlough, whether on private affairs or on medical certificate, will specify the rate of the pay and staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

XXII.—An Officer acting in India for an absentee will be restricted for the entire period of such acting to the half staff salary of the appointment in which he may be acting, in addition to the full pay of his rank, and the half staff salary of his own appointment, if he possess one. The staff salary granted to an acting Officer will, however, in no such case be less than Rs. 100 per mensem.

XXIII.—The privilege heretofore granted to Military Officers of counting the proportion of leave noted in the margin as service for pension is retained. The periods of service qualifying for pension remain unaltered.

XXIV.—In computing the furlough on private affairs to which an Officer who has already enjoyed some portion of such furlough will be entitled under these rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service from the total periods to which under Rule IX. he can lay claim. The balance will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

He must serve four years before he can take an additional year's furlough, thus—

Chapter II.

General Leave on Private Affairs and Sick Certificate in India.

XXV.—An Officer will be eligible, as at present, to take leave on private affairs on sick certificate in India for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief, or of the Government under which he may be serving. During the entire period of his absence on this account, the Officer will be entitled, as at present, to his full pay and a moiety of his staff salary. Leave taken under this rule will form no part of the eight years' aggregate furlough. If this indulgence should be taken advantage of for a third year consecutively, the Officer will lose his staff appointment.

XXVI.—Leave on sick certificate for a period exceeding six months, capable of extension, under renewed medical certificate, to a limit of one year, may be granted to any Officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an Officer is entitled in his entire period of service, but will not be regarded as furlough, nor will it affect the intervals entitling to furlough laid down in Rule IX. During this leave the absentee will draw a moiety of his staff salary in addition to the pay of his rank.

XXVII.—Short leave not exceeding three months on private affairs or sick certificate may also be taken to sea on the above condition, but absence from India for any longer period will be treated as furlough.

XXVIII.—All general leave taken in India counts as part of the leave reckoning against service for pension.

Chapter III.

Privilege Leave.

XXIX.—Privilege leave may be granted, as at present, for sixty days in each year to all Officers in military employ, without deduction from the salaries and emoluments drawn by them. General leave, in extension of privilege leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the Officer proceeded on privilege leave. Privilege leave may, however, be converted into general leave with the sanction of the Commander-in-Chief or the Government.

Vol. XIII.] LAHORE, THURSDAY, 10TH DECEMBER, 1868. [No. 50.

REVENUE DEPARTMENT.

The 4th December, 1868.

No. 912.—Whereas it is necessary, with regard to the provisions of Act XXVIII of 1868 (the Punjab Tenancy Act), that the proceedings of Settlement Officers in the districts of Amritsar, Gurdaspore, and Syalkot, having reference to the record of the rights of tenants, shall be reviewed, the Hon'ble the Lieutenant-Governor is pleased to declare that, for the above purpose, the said districts shall be deemed to be under settlement; and to invest the Financial Commissioner with the powers of a Court of final appeal in cases relating to the status of tenants in the said districts.

GENERAL DEPARTMENT.

The 26th November, 1868.

CIRCULAR MEMO., No. 3211-59.

Referring to this Office Circular, No. 14, dated 15th April, 1868, the Hon'ble the Lieutenant-Governor directs the publication, for the information and guidance of all officers concerned, of the following extracts of correspondence relating to the style of building best adapted for dispensaries. The purport of the most essential portion of these papers was circulated to Commissioners in January, 1854; but from enquiries lately made, as well as from personal observation during his tours, it has been clearly established, the Lieutenant-Governor observes, that these instructions have hitherto been but very partially acted on as a general rule, and in some places altogether neglected. It is deemed expedient therefore to re-issue them, and to enjoin their observance in future upon all civil and medical officers having dispensaries under their charge.

2. The form of building indicated in the 3rd paragraph of the Chief Commissioner's letter of the 28th January, 1854, has in practice been found more convenient and economical than that suggested by Dr. Farquhar; but the point aimed at, His Honor remarks, is to secure privacy and quiet for patients who require or desire it, and, so long as this is attained, the precise form of building is not of essential importance.

Extract of a letter from Dr. T. Farquhar, to Major H. B. Edwardes, C. B., *Deputy Commissioner, Hazara.*

The plan of the hospitals now in use in the provinces, which is that of one long hall, is I think particularly objectionable.

In the first place, there is no privacy, which we know is particularly called for by the natives, more especially of Mahomedan districts. Many sick men would come up if they could have their female relatives to attend them, and some of the more respectable classes of women would apply for medical treatment, were they not both prevented by the system of huddling all classes together in one room.

In the second place, much suffering is caused in the winter months by the cold in these large wards, and the mortality is, I know, considerably increased. This evil would certainly be aggravated in this cold climate (Abbottabad), unless

fires were supplied, which would add very much to the expense of the institution.

I therefore propose that a number of small huts, 10 feet by 8 feet, be built, forming altogether the three sides of a square, and having a small verandah all round the inner side.

These houses would be of a uniform height of eight feet, and in appearance resemble very closely a square of servants' houses.

At my suggestion, a building of this description was adopted at Syalkot for the charity hospital there, and from experience at that station, I am able to speak of the advantages of this style of building.

Extract of a letter from Secretary to Chief Commissioner, Punjab, to Commissioner and Superintendent, Multan Division.—No. 146, *dated* 28*th January*, 1854.

I am directed by the Chief Commissioner to forward to you the annexed extract of a letter from Dr. Farquhar, containing suggestions as to the style of building best adapted for dispensaries. That officer recommends that, instead of one long hall, a number of small cottages should be built, so that the female relatives of the sick, and sick females themselves, may find shelter and at the same time privacy.

2. The superior advantages of this plan occurred to the Chief Commissioner during his late visit to the Dispensary at Futtehpore Googaira, where, though there exists a capital building, he observed there were hardly any in-door patients; and Major Marsden said, in reply to the Chief Commissioner's remark on the subject, that sick people preferred the shelter of large trees adjoining the hospital to going into it.

3. As an excellent row of out-offices for the Googaira Dispensary is nearly completed, which under the present system will not be of much use, the Chief Commissioner has proposed to Major Marsden to separate off portions of the common verandah in front of them, so as to make a number of private apartments.

4. The Sub-Assistant Surgeon should be instructed to lay himself out to encourage people afflicted with serious diseases to come and put up in the Dispensary. It is worthy of remark how much of the success of our Dispensaries depends on the demeanour and conduct of the medical officer. In some districts these institutions are generally resorted to, and highly popular; in others they are nearly neglected.

5. Where dispensaries have not yet been built, or where additions to them are found necessary, the Chief Commissioner would wish Dr. Farquhar's suggestions to be adopted.

JUDICIAL DEPARTMENT.

BOOK CIRCULAR,—No. XXVII.-4975 of 1868.

From

T. W. Smyth, Esquire,

Officiating Registrar of the Chief Court of the Punjab,

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, the 3rd December, 1868.

Chief Court of the Punjab.

Present:
C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

A reference having been made to the Chief Court as to the procedure to be adopted with regard to the Punjab Tenancy Act (XXVIII. of 1868), the Court is pleased to call the attention of all subordinate Courts to Section 42 of the Act, which defines the cases cognizable by the Civil Courts.

2. The jurisdiction of the Civil Courts only commences on the institution of a suit under Sections 5, 6, 11, 14, 19, 20, and 25, and the procedure to be followed in such cases is that prescribed by the Code of Civil Procedure and the Punjab Appeals' Act (VII. of 1868).

3. If, however, the District is under Settlement, and the Government, under the powers conferred by Sections 21 and 22 of Act XIX. of 1865, has invested the Revenue Courts therein named with authority to try these cases, the jurisdiction of the Civil Courts is barred, and suits must be heard on the Revenue, and not on the Civil, side of the Courts—the ultimate appeal lying to the Financial Commissioner instead of to the Chief Court. The power given under this Section, however, only continues so long as Settlement operations are in progress, and ceases on the termination thereof.

By order of the Chief Court,

BOOK CIRCULAR,—No. XXVIII.-5112 of 1868.

From

T. W. Smyth, Esquire,

Officiating Registrar of the Chief Court of the Punjab,

To

All Magistrates and Justices of the Peace in the Punjab.

Dated Lahore, the 7th December, 1868.

Chief Court of the Punjab.

Present:
C. Boulnois, Esquire, } *Judges.*
D. Simson, Esquire, }

The Chief Court finds it necessary to call the attention of all Magistrates who are Justices of the Peace to that part of the law relating to the commitment of European British subjects for trial in the original jurisdiction of the Chief Court which affects the proof of their status. The law on this point is stated generally in an opinion of the late Advocate General

of Bengal, Mr. Ritchie, dated March, 1859, quoted in Appendix B. of Prinsep's Second Edition of the Criminal Procedure Code, page 337.

2. When an offence has been committed over which a Magistrate would have cognizance were the offender not a European British subject, and such Magistrate is not a Justice of the Peace, it is the Magistrate's duty, if he knows that the accused is a European British subject, to abstain from further proceedings against him and to forward him to a Justice of the Peace, if the Magistrate considers there is a sufficient ground for proceeding (Section 41, Criminal Procedure Code).

3. If without any actual knowledge on the subject the Magistrate has reason to suppose that the accused is a European British subject, it is the Magistrate's duty to ascertain from him whether he alleges or denies that he is one; and if he alleges that he is, to give him every facility by allowing time and otherwise for proving that he is—the burden of proof being on him. A Magistrate will not be justified, if he has reason to suppose that the prisoner is a European British subject, in proceeding against him as if he were not one, without giving him a distinct opportunity of pleading that he is one. If he do not so plead, or be not able, upon time being allowed him for that purpose, the Magistrate will be quite warranted in proceeding against him.

4. When a European British subject is sent before a Justice of the Peace under the provisions of Section 41 of the Criminal Procedure Code; or is charged in the first instance, before a Justice of the Peace with an offence which is only cognizable by the Chief Court, or which in his opinion should be tried by the Chief Court, it will be his duty to proceed under Chapter XII. of the Criminal Procedure Code; and, if he considers the evidence sufficient for conviction, to commit the accused to the Chief Court for trial, taking care to record distinctly the statement made by the accused, that he is a British subject of lawful European descent, or the evidence produced by him to prove his status and nationality.

5. In the event of its being found necessary to commit a European British subject for trial before the Chief Court, it will be necessary for the conviction of such person that there be some proof of his amenability to that Court. For this purpose the Committing Officer should forward, as a witness, some person who knows the accused or his place of birth, or who has heard him declare of what country he is, unless the accused has made a statement before such Officer to the effect that he is a European British subject. The fullest proof is not required as if the question were in issue.

6. In cases in which a charge is entertained in the first instance by a Magistrate who has not jurisdiction, and who has therefore been compelled to stay further proceedings and proceed as stated in paragraph 2, the Justice of the Peace to whom the case is referred should take the evidence afresh. The proceedings held by the first Officer do not constitute the legal basis of any subsequent commitment, and they should not form part of the record transmitted to the Chief Court.

By order of the Chief Court,

T. W. SMYTH,

Officiating Registrar.

Read again—

Financial Resolution No. 3078, dated 24th October, 1868, directing the extension to all pensioned servants of Government the orders previously issued in regard to Military pensions, *viz.*, that such pensions, if obtained not on medical certificate, but after a prescribed period of service, might, on the pensioner's re-employment in any public capacity, be drawn in addition to the salary of the office to which he might be appointed.

RESOLUTION.—To remove certain misapprehensions which appear to exist in regard to the scope of the abovementioned Resolution, the Governor General in Council is pleased to declare that it was not intended by the orders of the 24th October, 1868, that pensions granted on abolition of office (before the full period qualifying for a good service pension had been completed) should be drawn in addition to the salary of an office to which the pensioner might be subsequently appointed. It is only good-service pensions, granted after completion of the prescribed period qualifying for such pensions, which can be drawn in addition to salary of a post held under Government.

ORDERED, that the foregoing Resolution be communicated to the several Departments of Government; the several Local Governments and Administrations; the Comptroller General of Accounts; the several Accountants General and Deputy Accountants General in independent charge.

Pensions and Gratuities.

TO THE CHIEF SECRETARY TO THE GOVT. OF FORT ST. GEORGE.

Fort William, the 30th November, 1868.

SIR,—I am directed to acknowledge the re-

ceipt of your letter No. 487, dated 22nd October, 1868, submitting certain remarks by the Government of Madras on the recent orders of the Government of India regarding the grant of pensions to persons serving in Local Fund Establishments.

2. The local Government, it is observed, remarks that the orders of the Government of India specified in the margin "have gained considerable publicity, and have been very generally received as binding Government to the grant of pensions to otherwise eligible servants of Municipalities," and it expresses an opinion that it is "somewhat premature, so soon after the creation of municipal institutions, to decide upon assigning pensions for municipal service, although it may hereafter be desirable, on the recommendation of the Municipal Commissioners, to sanction the grant of pensions to individuals for long and approved service."

No. 2197, dated 24th April, 1868.
No. 1496, dated 10th August, 1868.
No. 1841, dated 19th August, 1868.

3. In reply, I am desired to state that the orders referred to must not be construed as in any way binding the Government to allow pensions on retirement to persons employed on Local Fund Establishments or under Municipalities. Those orders simply permit local Governments to grant pensions to such persons, by removing the obstacles which heretofore existed against their admission to pension; but it will always remain with the local Governments to determine in what cases pensions will be refused.

I have, &c.,

READ—

A letter from the Officiating Deputy Accountant General, Bombay, No. 2167 A, dated 12th November, 1868, enquiring, with reference to the Financial Resolution of the 14th October, 1868, directing that, in calculating the furlough allowances of a Military Officer on the average salary of the previous three years, all acting allowances should be omitted, whether the order should have prospective effect from the date it was passed.

RESOLUTION.—The Governor General in Council observes that the ruling of the 14th October, 1868, was not intended as an alteration but as an interpretation of a portion of Section 3 of the Rules for the grant of leave of absence to Military Officers, published in the General Order of the Military Department of the 19th June, 1868, and it should therefore affect all cases whether they occurred before or after the ruling was issued.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*.

Letter from Deputy Accountant General, Mysore, No. 1633, dated 31st October, 1868.

Letter from Accountant General, British Burmah, No. 3752, dated 7th November, 1868.

RESOLUTION.—Some diversity of practice having arisen as to the conditions under which salary may be drawn in India by Officers on leave, the following rules are prescribed in supersession of all others on the subject :—

I.—If the Officer signs the salary bill himself, he shall, unless he presents the bill personally for payment, attach thereto a life certificate signed by a Covenanted Civil Servant, or an Officer exercising Magisterial powers.

II.—If the salary be drawn through an Agent, such Agent must be formally authorised in that behalf, and must execute a guarantee to refund over-payments.

III.—When the salary bill is drawn, as in the case of ministerial Officers, by the head of the Department or Office, the drawer of the bill will be held primarily responsible for any overcharge, and no other security will be necessary.

The following letter to the address of the Officiating Accountant General, Bombay, is published for general information :—

I am directed to acknowledge the receipt of your letter, No. A-2065 of the 3rd ultimo, enquiring whether the Resolution, No. 2703, passed in this Department on the 29th September, 1868, applies to Uncovenanted Servants on salaries of less than Rs. 100 per mensem, and in reply to refer you to the order of this Department No. 3420, dated the 2nd ultimo, which has been published in the *Gazette of India*, and to state that the spirit of the Resolution of the 29th September last, as of other leave rules for Uncovenanted Servants, is applicable to servants on salaries of less than Rs. 100 per mensem.

2. I am desired, however, to add that, whenever privilege leave is granted, arrangements should, if possible, be made for the performance of the absentee's work without extra charge to the State, because it was by no means intended, when the Resolution of the 29th September, 1868, was passed, that, on every occasion of an Uncovenanted Servant being allowed privilege leave, a substitute should be formally appointed to act for him.

The following Resolution is published for general information :—

Read Office Memorandum from the Home Department, No. 4248, dated the 23rd October, 1868, and its enclosure, regarding the allowances of Assistant Surgeon H. C. Cutcliffe, as the officer in medical charge of the camp of the Lieutenant Governor of the North-Western Provinces from March to October, 1867, and as Officiating Superintendent of the Government Press and Curator of Government Books in the North-Western Provinces from the 1st July, 1868.

RESOLUTION.—Dr. Cutcliffe is permitted to draw an allowance of Rs. 100 per mensem, in addition to the pay and allowances of his rank, for the period for which he was in charge of the camp of the Hon'ble the Lieutenant-Governor.

With regard to Dr. Cutcliffe's allowances as Superintendent of the Government Press and Curator of Government Books from the 1st July, 1868, it appears that, under the second of the rules contained in the Resolution No. 1490, passed in this Department on the 30th idem, regarding the allowances of Military Officers acting in Civil appointments, the Deputy Accountant Ge-

neral, North-Western Provinces, has passed to Dr. Cutcliffe a subsistence allowance of Rs. 250 per mensem in lieu of the military pay and allowances of his rank, in addition to an acting allowance of 50 per cent. on the salary of the Superintendency and Curatorship, but that the Government of the North-Western Provinces doubts the applicability to the case of the Resolution of the 30th July last, because Dr. Cutcliffe is a Medical Officer.

As the appointment in which Dr. Cutcliffe was officiating was one which may be held by a Medical or by any other Military Officer, the Resolution of the 30th July last is certainly applicable to the case; but the Deputy Accountant General has apparently misconstrued the second of the rules contained in the Resolution of the 30th July last. The intention of that rule was not to interfere with any Military Officer's claim to the pay and allowances of his rank, but to restrict the aggregate of his emoluments to the amount which would be drawn as subsistence allowance and acting allowance by a Covenanted Civil Servant of corresponding rank in his position. Under that rule, therefore, Dr. Cutcliffe is entitled to his Military pay and allowances and such an acting allowance as would raise his total emoluments to the aggregate of a subsistence allowance of Rs. 250 and an acting allowance of 50 per cent. on the salary of the offices in which he is officiating; but as the Resolution of the 30th July, 1868, was not intended to reduce the allowances which any Officer was drawing at the time of its promulgation, Dr. Cutcliffe is permitted, as Officiating Superintendent and Curator, to draw after the 30th June, 1868, the allowances he was drawing on that date.

POSTAL NOTICE.

Referring to the Postal Notice published* under date the 5th August, 1868, respecting the correspondence of Commissioned Officers of the Army conveyed to or from the United Kingdom by British packet, it is hereby notified for general information that paragraph 11 † of the Notice above referred to has been rescinded.

* Vide page 1304 of the Gazette of India of the 15th August, 1868.

† Paragraph 11.—" Officers' letters received in India from the United Kingdom, if addressed to the care of an Agent or any other person, are not entitled to the foregoing privileges, but are liable to the ordinary rate of postage.

2. The following ruling of Her Majesty's Post Master General, given under date the 7th October, 1868, is also published for general information, *viz.* :—

" The Treasury Warrant of the 27th September of last year, relating to the postage to be charged on the correspondence of Military Officers, does not, according to the construction placed upon it by this Department, confer any privilege on letters other than those specifically addressed to, or actually sent by, the Officer himself."

" It is accordingly considered that it is not open to an Officer, with the view of sending at the reduced rate a letter from his wife, to insert his name in the address as the sender, or for the Commanding Officer to affix his countersignature."

" On this ground it is held that no privilege applies in either of the following cases, viz., that of a letter addressed, for instance"—

> *Mrs. Jones,*
> *Care of Captain Jones,*
> *Her Majesty's 1st Regiment N. I.,*
> *Belgaum.*

" or in that of one addressed"—

> *Captain Jones,*
> *Her Majesty's 1st Regiment N. I.,*
> *Belgaum.*
> *For Mrs. Jones.*
